Crime Prevention Tips / Safety Considerations:
• Consent is a clear and coherent yes, not an absence of no.
• Communities are safest when members look out for each other: bystanders should try to be aware of their surroundings, and if there are signs of a person in distress, bystanders should make themselves known and offer assistance if it is safe to do so, and/or seek immediate help from police or security personnel.
• Be active in supporting a safe and respectful community. If you see others engaging in disrespectful or inappropriate actions, speak up and get involved, or contact someone else to assist.
• If you are a member of the OU community and have experienced relationship violence or abuse, sexual assault, or stalking on campus, an OU Advocate is available to provide free confidential support and advocacy for you. Call or text 405-615-0013.
