I. **Scope, Authority and Objectives**

The applicable portion of these regulations shall form a part of the contract of every employee of the university, and the portions applicable to students shall be deemed a part of the established regulations of the university which govern every student.

For the accomplishment of the above purposes, the rules and regulations stated herein have been adopted by the Board of Regents of the University of Oklahoma effective beginning with the fall semester, 1978. The president of the university may revise, alter or amend these regulations when conditions warrant. III. General Information

The rules and regulations stated herein have been approved and adopted by the president of the University of Oklahoma. These rules form a part of the established regulations of the university.

The president of the university may revise, alter or amend these regulations when conditions warrant. The text of all substantive changes will be published in The Oklahoma Daily (the student newspaper) on at least four successive days at least one week prior to implementation. The university reserves the right to change the allocation of parking spaces when deemed necessary in view of overall university community needs, including, but not limited to, visitor parking for university special events – especially OU football home games. Temporary changes in allocation and/or in the enforcement posture relating to these regulations need not be published or otherwise publicly announced prior to implementation. The Parking Office will make a reasonable effort to notify beforehand any user group that is anticipated to be effected by temporary changes in allocation or availability. The exception to this notification before an event are various scenarios related to OU football home games.

Please Note: All emails from parking@ou.edu are considered an “official” form of communication by the University of Oklahoma. Therefore, all information and or directions must be heeded.

“Union Parking Center” is the Parking Center associated with Oklahoma Memorial Union and is not operated by OU Parking Services. It is not subject to university permitting requirements. Questions regarding the operation of this facility should be directed to the Union Business Office, 900 Asp Ave., Norman, Okla. 73019-4052. Phone (405) 325-2121. IV. Traffic Regulations

A. Oklahoma State Statutes and City of Norman municipal ordinances governing pedestrian rights and duties, vehicle registration, licensure, and/or operation of motor and other vehicles are applicable on campus (see Enforcement, Section IX).

B. The speed limit on university streets is 20 miles per hour unless posted otherwise.

C. The speed limit in university parking lots is 10 miles per hour unless posted otherwise.

D. Except for university vehicles, motor vehicles may be driven only on roadways, and must observe applicable statutes/ordinances. Motor vehicles other than university-owned may be driven on sidewalks only by express authorization from the university Department of Public Safety.

E. Moving, parking in front of, blocking, or driving around university parking/traffic control devices is strictly prohibited and may constitute a violation of state law as well as university regulations and may subject your vehicle to citations or impound.

F. Emergency vehicles are exempt from university traffic regulations.
V. General Parking Regulations

A. These regulations are applicable to all members of the university community faculty, staff, students, visitors, customers, office occupants, tenants, vendors and contractors.

B. All motor vehicles using university parking facilities are expected to register their vehicle with OU Parking Services. This includes license plate and vehicle description. If either the license plate and/or the vehicle description changes, the customer is expected to communicate these changes to OU Parking Services immediately. Failure to fully register or update your vehicle information is not grounds for a citation dismissal.

C. All motor vehicles using university parking facilities on campus from 7 a.m. to 9 p.m. must display a current university parking permit (see Parking Permits, Section VI).

D. Only parking permits issued or authorized by the Parking Office are valid and will be honored. Such substitutes as signs or decals made or issued by others, hand-written notes left on a vehicle, etc., are unacceptable and will not be honored by enforcement personnel.

E. All parking spaces are allocated to a specific user group and parking permits are available for each category of user.
   1. Parking is on a first-come, first-serve basis.
   2. The issuance of a parking permit merely constitutes authorization to park if space is available.
   3. The responsibility for finding a legal parking space rests with the vehicle operator.
   4. Lack of space in a particular lot is not a valid excuse for violating parking regulations and will not be considered as a valid basis for appeal.
   5. The operator must park only in those spaces or areas allocated and designated for the type of permit displayed on his or her vehicle.

F. When parked, the entire motor vehicle must be within the boundaries of the single parking space used. The fact that other motor vehicles may have parked improperly does not constitute an excuse for parking any part of the motor vehicle outside the space boundaries.

G. Vehicles may not be double-parked or parked in any position that prevents adjacent vehicles from entering or exiting their legal parking space. Vehicles may not park in or occupy hashed areas adjacent to disability spaces.

H. Vehicles parking on a street must be parked facing the same direction as the flow of traffic in the adjacent lane.

I. Bicycles/Scooters
   1. When ridden on streets or in areas intended for use by motor vehicles, bicycles/scooters shall observe all "rules of the road" applicable to those vehicles.
   2. Bicycles and scooters may be ridden on campus sidewalks, except where such riding is specifically prohibited by signs, but at all times must be kept under the control of the rider, operated at a safe speed and yield the right of way to pedestrians.
   3. In the event of a collision on campus sidewalks involving a bicycle or scooter, including without limitation any contact with a pedestrian, the involved parties must stop and
exchange names, local addresses, telephone numbers and, if students, student ID numbers.

4. Bicycles and scooters may not be ridden inside any university building or parking garage or on ramps associated with structures.

5. Bicycles shall be parked only in designated racks or lockers placed on campus by the university for that purpose. Bicycles parked other than in bicycle racks/lockers may be issued a parking citation and are subject to impoundment. Bicycles secured to campus fixtures other than designated racks shall be subject to removal and impoundment without prior notice. The responsibility for the security of parked bicycles rests with the owner. The university shall not be responsible or liable in any way for lost, stolen, or damaged bicycles. Bicycles shall also be kept in good working order and shall not be allowed to deteriorate.

6. Bicycles may not be parked indoors. Bicycles parked indoors shall be subject to removal and impoundment without prior notice.

7. The university may remove any bicycle that is abandoned. By definition under this policy, a bicycle is considered abandoned when it is observed to be apparently parked in the same location longer than two weeks or that is apparently broken, inoperable, or derelict. If a removed bicycle is registered under this policy, the university will try to contact the registered owner to arrange for removal. All contact with university affiliates will be made by using their university assigned e-mail address. If an abandoned bicycle is not registered, the university may remove it immediately. The university is not responsible for the cost of locks, chains, other security devices, or any other item that may be damaged or destroyed as a result of removing any bicycle.

8. The university may dispose of any bicycle that has been in storage longer than three months. The university may destroy or otherwise dispose of any removed bicycle. Impounded bicycles are stored by the OU Facilities Management. To effect release of their bike, owners must contact the Facilities Management at 325-6953 to set an appointment and meet Facilities Management personnel at the storage location. Any owner wishing to reclaim an impounded bicycle removed from the University campus shall produce evidence of ownership to the satisfaction of the Facilities Management before the bicycle will be released. Owners will not be compensated for locks or security devices necessarily damaged in order to accomplish impoundment. The university may charge fines in accordance with Title 13.5 Table One of the Campus Citation System for reclaiming removed bicycles. Payment of fines shall be the responsibility of the bicycle’s owner and can be appealed as set forth in Title 13.5 of the Student Code.

J. Bicycle Registration

Any bicycle operated on the university campus shall be registered with the University Department of Public Safety (“DPS” or “campus police”) through the university and city of Norman joint bicycle registration program. This requirement applies regardless of whether the owner is a student, faculty or staff member. Registration is at no cost. Bicycle operators may contact campus police or the Safe Walk Office for information about how to register. Walk-in registration locations:

   1. Skateboards, roller skates and in-line roller skates may be used on campus sidewalks but
      at all times must be kept under control of the user, operated in a safe manner compatible
      with the flow of pedestrian traffic, and yield the right-of-way to pedestrians.
   2. “Stunting” of any kind by users of skateboards, roller skates or in-line roller skates is
      strictly prohibited.
   3. Skateboards, roller skates or in-line roller skates may not be ridden inside any university
      building or parking garage or on ramps associated with structures.

L. Motorcycles and motorbikes must use those spaces within or adjacent to regular motor vehicle
   parking lots/spaces/areas designated specifically for motorcycles and may NOT use spaces
   intended for full-sized vehicles. Motorcycles and motorbikes must also be within the boundaries
   of the parking space used.
   1. Motorcycles and motorbikes may NOT park in bicycle racks or areas designed or
      designated for bicycles.
   2. Motorcycles and motorbikes may NOT be parked inside any university structure not
      specifically designed and equipped for that purpose, block any portion of sidewalks,
      ramps, stairs/landings, building entrances, breezeways, or porches, or prevent or impede
      safe ingress and egress at any facility. Motorcycles and motorbikes parked in any of these
      areas are subject to impoundment.
   3. A clear lockbox is an option to secure and display a car permit and park in the designated
      area for that permit.

M. The owner-of-record or the individual registering a vehicle with the university is responsible
   for all university parking citations written against that vehicle regardless of who the driver is
   at the time of the violation.

N. If a university employee, student or other individual affiliated with the institution is
   identified with a vehicle cited for repeated parking violations, the university will assume
   that it is that individual and NOT a visitor who is operating/parking the vehicle on campus.
   In such an event, the university employee, student or affiliate will be held accountable for
   the citations.

O. The parking of motor vehicles on campus is prohibited in areas other than those established for
   parking and marked by signs or other devices controlling their use.
   1. Any vehicle parking in a yellow zone, driveway, travel lane, or any area not specifically
      marked as a legal parking space will be subject to citation and may be impounded. Vehicles
      may not park on grass unless specifically directed by parking or safety personnel.
2. “Service” and “Loading” zones are enforced from 7 a.m. to 9 p.m. Monday through Friday in all main campus areas north of Lindsey Street unless otherwise marked. After 5 p.m., service vehicle spaces become multipurpose north of Lindsey street. The service and loading zones south of Lindsey are enforced 24/7. Vehicles other than those identified as University of Oklahoma or commercial vehicles that do not display a loading permit may be impounded. Cars displaying valid, state-issued disability placards and a valid university permit may park in service vehicle spaces.

3. Spaces identified by a sign and/or pavement marking bearing the international pictographic symbol for a wheelchair are reserved for use only by vehicles displaying a state-issued physical disability permit in conjunction with any valid purchased university permit.

4. Spaces identified by signage for use by visitors are reserved for their use between 7 a.m. and 5 p.m. Monday through Friday.

5. Persons affiliated with the university as employees, students, office occupants or tenants shall not park any vehicle, registered with the university or not, in a visitor parking area during the hours of enforcement. Spaces identified by signage for use by customers are reserved for this purpose and may be used by both visitors and persons affiliated with the university.

6. Signs or other markings indicating a time limit for any space or area shall be strictly observed. Exceeding the stated limit may be cause for citation and/or impoundment even though the vehicle is otherwise authorized to be parked in the subject space.

7. Parking in pay station areas is subject to the time limitation imposed by the pay station.
   a. Pay stations must be paid during the hours of enforcement. Pay stations that do not accept coins because the meter is either full or jammed, meters that show “out of service,” and pay stations that are broken should be reported immediately to the parking office. Vehicles are NOT authorized to park in pay station spaces where the meter is malfunctioning. Vehicles parked in spaces where the pay station is not in working order may be cited.
   b. Goddard Health Center lot is for patients only. All users must pay the pay station. Those not using the GHC facility will be cited 7 a.m. to 5 p.m. Monday through Friday. OU permit-holders may park in the lot from 5 p.m. to 2 a.m. without paying the meter when displaying their permit.

   Patients that are cited for “Expired Meter / Pay Station” while actively in Goddard Health Center or the Counseling Center may take the citation to the check-in desk in Goddard. The staff will confirm that the patient was actively in an appointment when the citation was issued and mail it into the Parking Services office to be voided.

8. Special reserved parking areas for institutional use have been identified on Parrington (North) Oval with distinctive painted legends reading, “special permit parking” and striping. These zones are reserved year-round from 7 A.M.-5 P.M. and will be assigned at the discretion of the executive offices of the university.

P. Some permits are issued for a specified, limited duration of validity as a courtesy to facilitate an activity in support of the business of the university. Exceeding the stated time limit of a permit may be cause for citation or impoundment even though the permit is valid for the location in which the vehicle is parked.
Q. All parking permit restrictions are applicable during exam weeks, enrollment periods, scheduled student breaks (i.e. spring break) and unscheduled class cancellations.

1. Parking permit restrictions are enforced year-round except on holidays for which the university is officially closed (i.e., Thanksgiving, Christmas, etc.).

R. Inoperable or raised gates do not negate the permit restrictions in designated faculty/staff areas during the hours of enforcement.

S. It is the customer’s responsibility to always display a valid permit. All citations for this violation may be appealed or paid at the Parking Office.

T. Enforcement of any or all university parking regulations throughout the Norman campus or in selected areas may be suspended by the Parking Office or by the university Department of Public Safety to accommodate needs associated with special events, emergencies or other unusual situations.

U. A standard color-code is used on curbing, edge-striping and other parking space identification on the Norman campuses to indicate certain restrictions as follows:

1. **Yellow** – Prohibition of parking by all users (no parking any time). Vehicles parked on yellow curbs are subject to citation and impoundment.
2. **Green** – Visitor parking in some locations around campus, such as Parrington (North) Oval unless otherwise stated.
3. **White** – Parking reserved for service or loading use. (see General Parking Regulations, section K-2) a. 4. **Blue** – Parking reserved for use by physically disabled permit-holders.
5. **Red** – Indicates a fire lane and vehicles parked in these areas are subject to being cited and impounded.

V. Emergency vehicles are exempt from university parking regulations.

Parking Services cannot prevent the removal of citations from vehicles by third parties. Because all infractions are officially documented, **citations issued to vehicles are still valid even if the citation was removed from the vehicle prior to the owner’s arrival.** Parking Services sends courtesy emails to the registrants of all known vehicles as a secondary notification.
VI. Parking Permits

A. No motor vehicle may be parked on campus from 7 a.m. to 9 p.m. without a current parking permit or other authorization from the Parking Office.

X. Enforcement

The Parking Office is responsible for enforcement of the parking regulations articulated in this document. The OU Police Department enforces applicable federal, state and local laws on university property or otherwise within their jurisdiction, including those governing the registration, licensure and operation of motor vehicles and the traffic regulations articulated in this document and may also enforce parking regulations. The Police Department is exclusively responsible for enforcement of regulations pertaining to skateboards, roller skates and in-line roller skates.

A. Law enforcement, including traffic laws and collision investigation, is accomplished by commissioned university police officers.

1. Moving violation citations issued by university police officers are heard in the Municipal Court of the city of Norman or the Cleveland County District (state) Court.

2. Reports on traffic collisions are submitted to the Oklahoma Department of Public Safety as required by state law.
B. Enforcement of parking regulations is accomplished primarily by Parking Control personnel of the Parking Office.

1. University parking citations are adjudicated wholly within the university as an administrative process (see Adjudication of Parking Citations, Section XI).

2. While the vast majority of parking citations are given Monday through Friday by OU Parking Services, OUPD will ticket in some instances on weekends. These instances typically pertain to more serious parking violations. Some examples include, but are not limited to: parking in a fire lane, parking in a disability space without a valid disability placard, parking in a reserved space or parking in an area that is blocking traffic.

C. Failure to comply with the lawful directions of university police, community service officers or parking control personnel acting in the performance of their duties is a violation of the University of Oklahoma Student Code of Conduct, and may subject the violator to disciplinary action in addition to any parking, traffic or criminal enforcement action taken.

XI. Adjudication of Parking

Citations

A. Permit-holders are allowed one citation waived per semester for failure to display their permit. Use the Courtesy Card found at parking.ou.edu. After Courtesy Cards run out, appeal citations at parking.ou.edu within 14 calendar days of issuance or the right of appeal is waived. A $5 appeal charge will be added to all appeals that are sustained or reduced.

B. A $5 late charge will be added to all citations not paid within 30 days of the date of issuance.

1. Unpaid charges for citations will be referred to the Bursar’s Office for collection.

C. All parking citations may be paid in person, by mail at the Parking Office located at 1332 Jenkins Ave., Norman, OK 73019, in the Jenkins Avenue Parking Facility, or online at parking.ou.edu or by calling (405) 325-3311

1. DO NOT send cash in the U.S. or campus mail; the university will not be responsible for cash lost in the mail.

D. Individuals may appeal parking citations within 14 calendar days of issuance by submitting an appeal using the form on the parking website located at parking.OU.edu and electing either personal appearance or board hearing only.

1. Student appeals will be heard by the Student Appeals Court, which is operated under the authority of and in accordance with procedures established by the Student Code of Conduct and the University of Oklahoma Student Association.

2. Faculty/staff appeals will be directed to and heard by the Parking Violation Appeals Committee, which is appointed by the president of the university from nominees submitted by the Faculty Senate and the Staff Senate.

3. If an appeal is sustained, a $5 fee will be applied. This accounts for the costs of convening the appeals board.

4. The decisions of the Student Appeals Court and Parking Violations Appeals Committee are final and binding.

5. Once a citation has been appealed and the court or committee has made its decision, that citation cannot be waived.
6. Any university affiliate or non-affiliate do not have the entitlement to have their citation(s) waived unless the citation should not have been issued.

7. All users who appeal citations assume responsibility for that citation/vehicle. Do not appeal tickets for 3rd parties – they should contact OU Parking Services directly.
XII. Special Event and Unusual Parking Needs

A. Individuals or departments planning to conduct short courses, workshops, conferences or special events to which persons from off campus will be invited should inform the Parking Office as soon as possible, preferably at least one week in advance of the event, of the anticipated attendance, duration of the event and special parking or traffic management requirements.

1. Only the Parking Office is authorized to approve the use or closure of university parking facilities except in the case of inclement weather, where garages are closed at the discretion of OU Facilities Management. Departments or individuals may not reserve any spaces in any lot with any parking or traffic control devices without expressed preapproval from Parking Services. Cones placed without approval are subject to confiscation by parking.

2. The approval of the university Department of Public Safety is required for any special event that will necessitate the disruption or re-routing of vehicular traffic flow, the closure of campus streets, or that involves parades including motor vehicles or motorcades (with or without police escort).

B. Students, faculty members or staff may apply in advance for visitor parking permits for individuals or groups whom they invite to the campus. Notice should be given to the Parking Office sufficiently in advance to make appropriate parking arrangements and deliver required permits, preferably one week in advance of the visit, minimum.

XIII. Impoundment Procedures

A. Parking Control personnel of the Parking Office and/or members of the Police Division of the University Department of Public Safety are authorized to impound vehicles on university property in Norman as follows:

1. Any vehicle to which three or more parking citations have been issued where 30 days have passed since issuance, and no action has been taken toward the disposition of the citations.

3. Any vehicle displaying a forged, altered or unauthorized University of Oklahoma parking permit.

5. Vehicles parked in a driveway or travel lane or otherwise so as to impede vehicular traffic flow or constitute a traffic hazard; blocking the operation of or access by emergency equipment, including but not limited to law enforcement vehicles, fire department vehicles and emergency medical vehicles; or preventing the making of essential repairs to university facilities.

6. Vehicles parked in the area between a sidewalk and the curb of a street in areas contiguous to university property.

7. Unauthorized vehicles parked in a loading or service vehicle space or zone without the proper permit.

8. Vehicles parked in a posted “no parking” area.
9. Vehicles parked on a yellow curb.

10. Vehicles displaying no registration plate or an expired registration plate in accordance with applicable state statute(s).

11. Vehicles that are inoperable or determined to be abandoned.

12. Any vehicle or customer who owes more than $400 dollars in citations or has unpaid citations in excess of 10, whichever comes first.

13. Vehicles that have been cited in a specific area 5 or more times and are classified as abusers of said area.

14. Motor vehicles parked inside a structure not designed and equipped for that purpose or preventing or impeding safe ingress or egress at any facility.

15. Vehicles whose operators are verified to not be patients at GHC lot and/or are found to be repeatedly abusing the area.

B. Vehicles being impounded also are subject to citation for the violation that necessitated their removal, as applicable.

C. Release of all vehicles impounded by members of the University Police Department must be approved through their headquarters.

1. Release of vehicles impounded for parking-related reasons may be accomplished at the Parking Office during their regular business hours; the Parking Office will coordinate release approval with the university police.
   a. At all other times, release must be accomplished in person by the vehicle owner or their legal agent at university police headquarters.

2. Vehicles impounded by the university police are normally held in the custody of the commercial provider with which the university contracts for wrecker services. Owners of such vehicles will pay all charges and fees due directly to that commercial provider. Storage charges at these facilities begin to accrue immediately. Claimants must present satisfactory proof of ownership and positive identification documentation, including a valid driver’s license. OUPD or Parking Services does not determine the wrecker’s fee and cannot waive it.

3. The university police may, at their discretion, elect to hold certain impounded vehicles at their headquarters. In such cases, the owner will pay an impoundment fee at university police headquarters to obtain release of his or her vehicle. This impoundment fee must be paid prior to release and will not be waived under any circumstances.

4. Parking Services requires all outstanding/30-day late citations to be paid before release.

D. If a vehicle is determined to have been impounded in error, all university charges associated with the impoundment will be waived.

1. If already collected, such fees will be refunded upon application to the Parking Office. The owner may also make application for refund of charges and fees paid to the commercial wrecker service provider.
XIV. Disclaimer

University parking permit licenses the permit holder(s) to park one motor vehicle in the area(s) designated for use by that category of permit at the permit holders’ risk. The university, as licensor, hereby declares itself not responsible for fire, theft, damage to or loss from any motor vehicle or any article left therein. Only a license is granted by the permit and no bailment, expressed or implied, is created. The university assumes no liability whatsoever in connection with the operation of motor vehicles on its property.

XV. Severability

If any section, subsection, sentence, clause, phrase, or portion of these regulations is, for any reason, held invalid or unconstitutional by any court or body of competent jurisdiction, such portion shall be deemed a separate, distinct and independent provision and such holding shall not affect the validity of the remaining portions of these regulations.

XVI. Public Comments

Suggestions on methods of improving parking on campus are welcomed by Parking and Transportation Services, the auxiliary unit administratively responsible for the parking function. Suggestions should be addressed in writing to the Manager of Operations, Parking Services, 1332 Jenkins Ave., Norman, OK 73091 or by email at parking.ou.edu.
