Course Offering Spring 2012

Metr 4803/5803 Global Climate Change

Meets NWC Rm. 5720  TR 1:00 – 2:15

This class will examine the state of the science behind global change. Armed with knowledge from this class you can use facts to refute the climate change denial machine.

Students will work in groups synthesizing science and presenting their findings.

Prerequisite: Senior (4803) or graduate (5803) standing. Best not to be glossofobic.

Key Components of the Climate Change Denial Machine
