CURRICULUM VITAE

Kenneth L. Taylor

Professor Emeritus of the History of Science
C. B. Hudson / Torchmark Presidential Professor Emeritus
(Retired June 2006)

Department of the History of Science, University of Oklahoma
601 Elm Street, Room 625, Norman, OK 73019-0315 USA
Tel.: (405) 325-2213 (dept. office)
Email: ktaylor@ou.edu

EDUCATION:

A.B. (*Magna cum laude*), Harvard College, 1962 (History and Science)
A.M., Harvard University, 1965 (History of Science)
Ph.D., Harvard University, 1968 (History of Science)

PROFESSIONAL EXPERIENCE:

University of Oklahoma, Department of the History of Science
Assistant Professor, 1967–72; Associate Professor, 1972–86; Professor, 1986–2006
Department Chair, 1979–92; Acting / Interim Chair, fall 1978, spring 1999
Rockefeller Foundation Postdoctoral Fellowship Program in the Humanities, 1987–
1993, co-director with Professors Mary Jo Nye, Steven J. Livesey
OU Humanities Center Fellow, fall 1995
C. B. Hudson / Torchmark Presidential Professor, 2002–2006
Centre Alexandre Koyré, Paris: Postdoctoral Fellow (C.N.R.S./N.S.F.), 1973–74
École des Hautes Études en Sciences Sociales, Paris: Directeur d'Études Associé, 2001
New Dictionary of Scientific Biography: Consulting Editor, 2005–2007
Harvard University (as graduate student)
Teaching Fellow and Research Assistant, History of Science, 1963–65, 1966–67
Tutor in History of Science, Kirkland House, 1963–67 (Resident Tutor 1964–65,
66–67)

ACADEMIC AND PROFESSIONAL HONORS, AWARDS AND OFFICES (selected):

University of Oklahoma:
Glenn C. Couch Scholars' Award for Excellence in Undergraduate Teaching, 1969
Regents' Award, Superior Accomplishment in Professional and University Service,
1994
U.S. National Committee on the History of Geology (under National Research Council):
Secretary, 1985–90; Chair, 1990–93
History of Science Society: Council 1979–81; Dibner Visiting Historian of Science, 1990–91
History of the Earth Sciences Society: Treasurer, 1985–91; President, 1997–98
Geological Society of America: Penrose Conference Co-convenor, 1994; Fellow (1997);

History of Geology Division, Chair, 1998–99; Mary C. Rabbitt History of Geology Award, 2007

Geological Society of London: Sue Tyler Friedman Medal, 1998

Société Géologique de France: Prix Eugène Wegmann, 2018

International Commission on the History of Geological Sciences (INHIGEO): Vice President for North America, 2004–2008; President, 2012–2016; Board member as Past-President, 2016–2020; Honorary Senior Member, 2021

International Union of Geological Sciences, through its historical commission (INHIGEO): V. V. Tikhomirov Award, 2024

Harvard University: Frederick Sheldon Graduate Fellowship (for doctoral dissertation research in France, 1965–66)

TEACHING:

Faculty Member, University of Oklahoma, 1967–2006:

Primary appointment in History of Science, College of Arts and Sciences

Appointments also in the Graduate College, the College of Liberal Studies, and International and Area Studies

Undergraduate courses: History of Science from Antiquity to the 17th century; History of Science since the 17th century; Origins and Development of Modern Science; Ancient Science; Renaissance and Early Modern Science; Science in the eighteenth century; Science in Social Context; Lives in Science: History of Science through Biography; Interdisciplinary Honors Colloquia (co-instruction with faculty in other departments—Botany, Geology, English)

Graduate courses: Renaissance and Early Modern Science; Eighteenth-Century Science; seminars on various topics in early modern and modern science, earth sciences and natural history; historiography; research methods

Doctoral dissertations supervised / co-supervised: 11 completed

Marilyn B. Ogilvie, 1973: *Robert Chambers and the Successive Revisions of the Vestiges of the Natural History of Creation*

John G. Taylor, Jr., 1975: *Eighteenth-Century Earthquake Theories: A Case-History Investigation into the Character of the Study of the Earth in the Enlightenment*

John H. Eddy, Jr., 1977: *Buffon, Organic Change, and the Races of Man*

Martha Ellen Webb, 1980: *A Reexamination of the Inception, Development, and 'Newtonianism' of David Hartley's Observations on Man*

Ramez B. Maluf, 1985: *Jean Antoine Nollet and Experimental Natural Philosophy in Eighteenth Century France*

Kuang-tai Hsu (co-chair with S. J. Livesey), 1992: *Nicolaus Steno and His*

Sources: The Legacy of the Medical and Chemical Traditions in His Early Geological Writings

Kiyoon Kim, 1995: *Jean Senebier and the Genevan Naturalists*

Patrick S. Cross, 1996: *The Organization of Science in Dublin from 1785 to 1835: The Men and Their Institutions*

JoAnn Palmeri (co-chair with Gregg Mitman), 2000: *An Astronomer Beyond the Observatory: Harlow Shapley as Prophet of Science*

Kerry V. Magruder, 2000: *Theories of the Earth from Descartes to Cuvier: Natural Order and Historical Contingency in a Contested Textual Tradition*

Mark A. Eddy (co-chair with Marilyn B. Ogilvie), 2004: *Architects of the Self: Social Scientists and the Construction of the Individual in Postwar America*

Member of other doctoral dissertation committees (completed):

14 in History of Science; 6 in other fields (History, Geology, English, Chemistry)

Masters theses supervised: 5 completed

College of Liberal Studies: Interdisciplinary seminars, co-director in collaboration with various faculty members in Anthropology, Art, Art History, Botany, Chemistry, Classics, English, Geography, Geology & Geophysics, History, Microbiology, Physics and Astronomy, Political Science, Sociology

Oklahoma Scholar-Leadership Enrichment Program: faculty resource person (on-campus co-director), for short-course seminars by visiting scholars: sociobiology, geodynamics

Oklahoma Summer Scholars Program (high school students), historical ‘bridging curriculum,’ 1989–99

PUBLICATIONS:

Book

The Earth Sciences in the Enlightenment: Studies on the Early Development of Geology. Variorum Collected Studies Series. Ashgate Publishing, Aldershot, UK, and Burlington, VT, USA, 2008.

Edited book

Studies on Eighteenth-Century Geology. By Rhoda Rappaport. Edited with an introduction by Kenneth L. Taylor and Martin J. S. Rudwick. Variorum Collected Studies Series. CS 986, Ashgate Publishing, 2011.

President, Univ. of Oklahoma Chapter, 1972–73; Secretary, Oklahoma State
Conference, 1976–78; Committee T Chair [College and University Government],
1977–79, 1980–81; President Elect, Oklahoma State Conference, 1978–79;
President, Oklahoma State Conference, 1979–80; Executive Committee,
Oklahoma State Conference, 1976–81
Co-director, University of Oklahoma Centennial Conference on the History of Science:
"Representing and Understanding the Natural World—Science in Western
Culture," Norman, 1990 (with M.J. Nye)
Symposium co-organizer, "Development and Cultural Influence of Geological Sciences
in an Age of Technological and Industrial Expansion" (specific themes: mining
history, and non-written sources in study of history of geology), 20th International
Congress of History of Science, Liège, Belgium, 1997 (with S.F. de M. Figueirôa
and H. Torrents). Edited several symposium papers for publication in *Annals of
Science* (1999 & 2000)
Symposium organizer and chair, "Geology and Travel: Historical Perspectives," Annual
Meeting of Geological Society of America, South-Central Section, Norman,
March 1998
Symposium co-organizer and co-chair, "Crossing Disciplinary Boundaries in the
Geosciences: Historical Perspectives," Annual Meeting of the Geological Society
of America, Denver, October 1999 (with Michele Aldrich)
Conference co-organizer and co-chair, "La Géologie des Lumières," international
colloquium held under the auspices of the École des Hautes Études en Sciences
Sociales and the Maison des Sciences de l'Homme, Paris, 29–30 May 2001 (with
Claudine Cohen)
National Endowment for the Humanities panelist, Collaborative Research, European
Studies, 1996
National Science Foundation panelist, Graduate Research Fellowships, 2002–2004
Panel member, NSF Graduate Research Fellowships Program, 2002, 2003, 2004

Lecturer, History of Science Workshop, National Tsing Hua University, Taiwan, 2004
Publication submission referee for various journals (e.g., *Isis*, *Historical Studies in the Physical and Biological Sciences*, *Earth Sciences History*, *Archives Internationales d'Histoire des Sciences*, *Centaurus*, *History and Philosophy of the Life Sciences*, *Earth-Science Reviews*, *Bulletin de la Société Géologique de France*, *Chinese Annals of History of Science and Technology*, *Volcanica*), and university or other academic presses (e.g., Cornell University Press, Oxford University Press, Rutgers University Press, University of Chicago Press, Kluwer Academic Publishers, American Geophysical Union, Geological Society of London, Geological Society of America, American Association of Petroleum Geologists, Edition Open Sources)
Proposal referee for various agencies, foundations and organizations (e.g., National Science Foundation, National Endowment for the Humanities, Rockefeller Foundation, Dibner Institute, MacArthur Foundation, Wellcome Trust)
