3. Assignment and Exam

There will be around six assignments, two mid-term exams and one final exam.

Late Submission Policy

After the deadline of an assignment, students can still submit the work for grading within a week with 25% penalty on the earned score. Submissions one week after the deadline will not be graded.

Group Work and Use of AI tools

Students can collaborate on the assignments but need to clarify the collaborator in submission and be ready to independently defend their submitted answers upon request. Currently we do not have any restriction on the use of generative AI tools such as ChatGPT in completing assignments, but this may change during the semester to comply with any new university policy.

All exams are closed-book and need to be completed independently.

4. Grading Policy

Requirement	Weight
Assignments	50%
Exam 1	15%
Exam 2	15%
Final Exam	20%

A student gets A for earning 90+ final score, B for 80+, C for 70+, D for 60+ and F for 60-.

5. University Policies

Mental Health Support Services

Support is available for any student experiencing mental health issues that are impacting their academic success. Students can either be seen at the University Counseling Center (UCC) located on the second floor of Goddard Health Center or receive 24/7/365 crisis support from a licensed mental health provider through [TELUS Health](#). To schedule an appointment or receive more information about mental health resources at OU please call the UCC at 405-325-2911 or visit [University Counseling Center](#). Emergency Protocol

During an emergency, there are official university [procedures](#) that will maximize your safety.

Severe Weather

If you receive an OU Alert to seek refuge or hear a tornado siren that signals severe weather.

- Look for severe weather refuge location maps located inside most OU buildings near the entrances.
- Seek refuge inside a building. Do not leave one building to seek shelter in another building that you deem safer. If outside, get into the nearest building.
- Go to the building's severe weather refuge location. If you do not know where that is, go to the lowest level possible and seek refuge in an innermost room. Avoid outside doors and windows.
- Get in, Get Down, Cover Up
- Wait for official notice to resume normal activities.

Additional [Weather Safety Information](#) is available through the Department of Campus Safety.

The University of Oklahoma Active Threat Guidance

The University of Oklahoma embraces a Run, Hide, Fight strategy for active threats on campus. This strategy is well known, widely accepted, and proven to save lives. To receive emergency campus alerts, be sure to update your contact information and preferences in the account settings section at one.ou.edu.

- RUN: Running away from the threat is usually the best option. If it is safe to run, run as far away from the threat as possible. Call 911 when you are in a safe location and let them know from which OU campus you're calling from and location of active threat.

- HIDE: If running is not practical, the next best option is to hide. Lock and barricade all doors; turn off all lights; turn down your phone's volume; search for improvised weapons; hide behind solid objects and walls; and hide yourself completely and stay quiet. Remain in place until law enforcement arrives. Be patient and remain hidden.

- FIGHT: If you are unable to run or hide, the last best option is to fight. Have one or more improvised weapons with you and be prepared to attack. Attack them when they are least expecting it and hit them where it hurts most: the face (specifically eyes, nose, and ears), the throat, the diaphragm (solar plexus), and the groin.

Please save OUPD's contact information in your phone.

NORMAN campus: For non-emergencies call (405) 325-1717. For emergencies call (405) 325-1911 or dial 911.

TULSA campus: For non-emergencies call (918) 660-3900. For emergencies call (918) 660-3333 or dial 911.

Fire Alarm/General Emergency

If you receive an OU Alert that there is danger inside or near the building, or the fire alarm inside the building activates:

- LEAVE the building. Do not use the elevators.
- KNOW at least two building exits
- ASSIST those that may need help
- PROCEED to the emergency assembly area
- ONCE safely outside, NOTIFY first responders of anyone that may still be inside the building due to mobility issues.
- WAIT for official notice before attempting to re-enter the building.
