Sewers and Social Justice:

Racial Equity and Climate Change Implications of Wastewater Planning in the United States

with

Dr. Miriam Solis

Assistant Professor of Community and Regional Planning, University of Texas at Austin

MONDAY, OCTOBER 25, 1:30-3 PM

via Zoom and Facebook live @oucis

Please register for this webinar at <https://bit.ly/3AkeFMj>

Miriam Solis, PhD, MCP, is Assistant Professor of Community and Regional Planning at the University of Texas at Austin. Her research focuses on how infrastructure can reinforce racialized inequality. She partners with nonprofit organizations and local government to develop the organizational, procedural, and policy strategies that advance social justice. Raised in California's Central Valley, Dr. Solis is a first generation college graduate and the proud daughter of working-class Mexican immigrants.
