

FALL 2019 OU PRESIDENTIAL DREAM COURSE PUBLIC LECTURE

Evolutionary Medicine

Robert L. Perlman
University of Chicago

4:30pm, August 27th
Dale Hall 128

Dr. Perlman's work has been aimed to educate physicians, biomedical scientists, and students in the applications of evolutionary theory to medical research, education, and practice. He is the author of *Evolution and Medicine* (2013)

"Evolution & Society" lectures will challenge undergraduate students and others to critically consider the value of evolutionary thinking to everyday life.
