- Have students take out individual KWL charts.
 - *Throughout the last 9 units you have all used a KWL chart to kept track of your learning. Today we are going to take some time to review what you listed in each section of your charts. I want to make sure you all got answers to the questions you listed on your chart during our units.*

PROCEDURE

Activity: Have students use the table of contents from Unit 1 to facilitate the organization of student binders. Each student should make sure they have all items in their binders and in the correct labeled section.

- After students have organized their ME! Books have them each select 2 -3 items they think will be helpful in the future. Have each student share the items they selected with the class and explain how they plan to use the items in the future.

- Have students work in pairs or small groups to identify 2 – 3 additional items they would like to add to their ME! Book or 2 -3 ways they think they could improve their ME! Book. Have each group share their ideas with the class and explain why they think the additions or improvements would be beneficial.
