Dear Student:

Our office has received your financial aid application. In reviewing your records, we have discovered that you are in default on a Title IV student loan. Information regarding your defaulted loan was reported to us by the U.S. Department of Education National Student Loan Data System (NSLDS).

Federal regulation prohibits a student in default from receiving any further Title IV funds until the default has been cleared or the loan has been rehabilitated. Consequently, we cannot continue processing your application at this time.

If your defaulted loan is being collected by the U.S. Department of Education, you should obtain written documentation from the U.S. Department of Education indicating your default is resolved. Contact the U.S. Department of Education Default Resolution Group at 1-800-621-3115 for assistance.

If your defaulted loan is being collected by the school from which you received it, you should obtain written documentation from that school indicating your default has been resolved. If you are not sure which school reported the default, contact the Federal Student Aid Information Center at 1-800-4FEDAI (1-800-433-3243) or check your record in the National Student Loan Data System at www.nslds.ed.gov.

No action can be taken on your financial aid application until you have cleared this matter and submitted the required information to our office.

If you have any additional questions about the financial aid process, please contact our office.
