Dear Fine Arts Students,

In less than two weeks we will wish another group of graduates well as they head out into the world with their newly minted degrees in hand, well on their way to creating and accomplishing a new set of goals and dreams. We hope their experience in the Weitzenhoffer Family College of Fine Arts has been a rewarding one - sometimes exhausting, sometimes exhilarating, but always enlivened with the knowledge that you are pursuing a path like no other - one which evolved from the expression of the human spirit through art, dance, drama, music and musical theatre. Always know our very best wishes go with each of you!

For our students returning for the summer or fall semester, we already look forward to welcoming you back, celebrating your progress and assisting in any way possible as you continue your education and exploration in the College of Fine Arts. All of you, graduating and returning students, have given us a truly amazing year of experiences and I feel so fortunate to have seen and heard your work in our galleries, recital and concert halls, and theatres, as well as in Student Advisory Council and Diversity and Task Force meetings and discussions. I have been impressed by your talent, passion, courage, determination and intellect. You are an exceptional bunch and I have been honored that some of you come to my office with questions and problems and sometimes just to say hello and share your thoughts.

As my in-box overflows and I make still another stack of papers on my desk, I think of you at work in the library or studio or I look across the sidewalk at the practice rooms and feel overjoyed by the work we are doing together - you are IT for all of us - the reason we, as faculty and staff, are here and I can only hope your year has been half as full and exciting as the one you have given us!

Wishing you a wonderful summer,

Mary Margaret Holtz
Dean, Weitzenhoffer Family College of Fine Arts
Nichols’ Chair, Regents’ Professor
Director, School of Dance

If you took Gateway to College Learning, you probably remember viewing the videos of “9 Things Every College Student Should Know About Money”.

It’s also a 2 credit hour class (UCOL 1022) offered by University College during fall and spring, with online versions during summer and intersession.

BUT, DID YOU KNOW… this information is also available through the OU Libraries website! It’s definitely worth your time to check out the 10 videos on the website, along with the other valuable resources that are provided.
