12-month Enrollment Overview

The 12-Month Enrollment component collects unduplicated student enrollment counts and instructional activity data for an entire 12-month period. Using the instructional activity data reported, a full-time equivalent (FTE) student enrollment at the undergraduate and graduate level is estimated. NCES uses the FTE enrollment to produce indicators such as expenses by function per FTE as reported in the IPEDS Data Feedback Report.

Data Reporting Reminders:

- Institutions are now required to use the new postbaccalaureate degree categories (eliminating the first-professional category and reclassifying those programs).

In part A, all postbaccalaureate students are to be reported as graduate students, including any Doctor's - professional practice students (formerly first-professional). In Part B, all postbaccalaureate instructional activity is to be reported as graduate level activity, including any Doctor's - professional practice activity (formerly first-professional). Instructional activity data reported in Part B will be used to calculate your institution's total FTE students.

- Report an alternate FTE, when appropriate. If you have correctly reported your credit and/or contact hour data and the system calculated FTE estimates are not reasonable for your institution, you have the opportunity to enter more accurate FTE data for your institution. This option should be used ONLY if the system calculated estimates are not reasonable and your alternate calculation method should be clearly detailed if an edit is received.

The FTE estimates above were calculated using an FTE Calculation Method.

If the FTE estimates calculated are accurate, click 'No' below and save the page.

If they are not accurate, and you have reported the correct instructional activity hours above, click 'Yes' below and save the page. The system will then give you the opportunity to report more accurate FTE numbers. This option should be used **ONLY** if you use a different calculation that leads to more accurate numbers.

Based on the information provided above, would you like to report a more accurate number for FTE enrollment?	<input type="radio"/> Yes	<input checked="" type="radio"/> No

12-Month Enrollment Component Summary

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution’s Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution’s CEO in November 2011.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Explanation Report					
Number	Source	Location	Description	Severity	Accepted
Global Edits					
1		Perform Edits	The total graduate student headcount reported is less than the prior year total, therefore the graduate student FTE is also expected to be less than the prior year FTE. Please correct your data or explain.	Explanation	Yes
Reason:	Changes in reporting responsibilities and data systems make it impossible for us to pinpoint exactly where this apparent inconsistency lies. The prior year figure is most likely understated.
