## **Information Technology Council (formerly Computing Adv.)**

### **Purpose:**

The Information Technology Council (ITC) has the advisory responsibility for the policy and planning aspects of information technology and resources on the Norman campus. These technologies and resources include, but are not limited to the following: Networking; research and creative activity computing; instructional computing and technology, administrative computing; voice, video, and data communications; library resources and services; and analog and digital data storage, retrieval, and transport. The Council considers these technologies and resources from the lowest level of transport through their delivery and use, the degree to which campus audiences are both aware of and able to use them efficiently and effectively, and the budget decisions involved in their purchase and upkeep.

The Council advises and makes recommendations to the President, the Senior Vice President and Provost, the Vice President for Research, and the Vice President for Administrative Affairs. It solicits, receives, and reviews pertinent recommendations of other councils and committees. It provides for input from all areas of the campus through the creation of standing committees that deal with topics of general concern. It constitutes task forces to deal with specific issues or,
