Guide to greater Omaha: http://www.visitomaha.com/

Offutt Air Force Base, Nebraska, is home to the United States Air Force’s premiere reconnaissance and command-and-control operations. Among the base’s numerous and diverse units and missions, all branches of the U.S. armed forces are represented in a workforce that exceeds 10,000 military and civilian personnel.

The base’s fleets of RC-135, OC-135 and WC-135 aircraft are in constant demand around the world to provide global situational awareness to military leaders and government officials. Additionally, its E-4B aircraft provide transport and command and control for the President, the Secretary of Defense, and Secretary of State.

Located in the heart of the nation, Offutt’s 4,000 acres reside in the beautiful rolling hills of southeastern Nebraska, next to the city of Bellevue and just south of Omaha. Offutt’s host unit is the 55th Wing, the largest wing within the Air Force’s Air Combat Command. Additionally, the base is home to many significant associate units, including U.S. Strategic Command Headquarters, the Air Force Weather Agency, the Omaha operating location of the Defense Finance and Accounting Service, and many others.
