**Coming Soon**

**My Info Channel** – will give students quick at-a-glance access to their essential pieces of information. Additionally it will facilitate the aggregation of the pieces of information that need to be periodically updated by students so that they are easy for students to see and understand. The first phase of the channel will have the student ID and emergency notification and contact information. Future additions to the channel might include One Card Balance, Bursar Balance, Mailing Address, OU NET Account, etc.

**Departmental ability to adjust class size and instructors in class schedule**

**Institutional transcript equivalency** - ability to view course equivalency information by institution

**Class Schedule integration with student’s Exchange calendar**

See oZONE Phase II Executive Priorities in the oZONE info site for a complete list of projects.

**IN THIS ISSUE**

**Cognos and IE9**

---

**Cognos Compatibility with Internet Explorer 9**

Cognos is the reporting tool available in oZONE. For those of you who use Cognos, please be aware it has known compatibility issues with the recently released Internet Explorer 9. Cognos is working on IE 9 compatibility, but for now if you have recently upgraded your web browser you may need to downgrade in order to properly access Cognos. Follow these steps from Microsoft’s site to simply remove the IE9 update from your computer.

1. Close all programs.
2. Click **Start**, and then click **Control Panel**.
3. Click **Uninstall a Program** under the **Programs** category.
4. In the Tasks pane, click **View installed updates**.
5. In the list of installed updates, double-click **Windows Internet Explorer 9**.
6. In the **Uninstall an update** dialog box, click **Yes**.

**Note:** If you are prompted for an administrator password or for confirmation, type the password, or click **Continue**.

7. Follow the instructions to uninstall Internet Explorer 9.
8. When the uninstall program is finished, restart your computer.
9. After you restart your computer, open Internet Explorer.
10. Click **About Internet Explorer** on the **Help** menu. If Internet Explorer 7 or 8 appears in the **About Internet Explorer** dialog box, then you have successfully completed the uninstall.

**Cognos Reports Instructions**

Step-by-step instructions for Running Cognos Reports are available on the oZONE info site at [http://www.ou.edu/content/portal/home/ozonefs/training.html](http://www.ou.edu/content/portal/home/ozonefs/training.html). A 101 report dictionary is available at [http://www.ou.edu/provost/pronew/content/101report.pdf](http://www.ou.edu/provost/pronew/content/101report.pdf).
