

The UNIVERSITY of OKLAHOMA.
Office of the Senior Vice President and Provost

February 10, 2026

Dear OU Community,

We are thrilled to be introducing Stellic – a new tool that will help students manage their University of Oklahoma academic journey. This new platform will be available to undergraduate students beginning this semester.

Here are three beneficial features found in Stellic:

- **Visualize their road to graduation:** Students can get an overview of their academic path in one place.
- **Plan their OU journey:** Before meeting with their advisor, students can find and add classes to upcoming semester plans that match their interests and meet their requirements.
- **Track progress:** Stay up-to-date with real-time, transparent degree audits and see what’s completed, in-progress, and still ahead.

Stellic directly supports OU’s [“Lead On, University: The Next Phase” Strategic Plan](#) by enhancing academic success initiatives and strengthening our student-centered culture. To access the Stellic tool, visit stellic.ou.edu. For assistance with getting started, visit link.ou.edu/stellic.

At the University of Oklahoma, we are committed to supporting every student’s success. Stellic helps streamline academic advising, improve degree planning accuracy, and enhance graduation readiness, empowering our students to achieve their goals with confidence.

Sincerely,

André-Denis G. Wright
Senior Vice President and Provost, Norman Campus
