VII. New Business?

Consideration of any matter not known about, or which could not have been reasonably foreseen, prior to the time of posting the agenda.

VIII. Next Scheduled Meeting

The next meeting of the Board of Regents is currently scheduled for January 11-12, 2024.

ISSUE: EXECUTIVE SESSION – ALL

ACTION PROPOSED:

Proposed Executive Session: Possible discussion and vote to enter Executive Session pursuant to 25 O.S. § 307(B) for the following discussion purposes:

- a. Confidential communications between the Board and its attorney(s) concerning pending or potential research or financial investigation(s) and/or pending or potential investigations and/or claims regarding negligence, unjust enrichment, real estate operations, property claims, personnel, and other legal claims, where the Board's attorney has determined disclosure will seriously impair the ability of the Board to conduct the investigation(s) and/or claims in the public interest as authorized under 25 O.S. § 307(B)(4), including the following:
 - Review, discuss, and/or consider adoption, modification, and/or rejection of strategic plan, programmatic, financial, student, academiconline or in-person, departmental, and personnel matters and issues regarding Rogers State University, Cameron University, The University of Oklahoma, the University of Oklahoma Health Sciences Center, and/or The University of Oklahoma-Tulsa;
 - Review, discuss, and/or consider the application of recent federal, state, local, and administrative laws and regulations relating to pending and/or anticipated litigation matters, pending investigations, and potential and/or pending legal risks.
 - b. Routine, periodic review and/or consideration and adoption, modification, or other action related to employment, including terms and conditions, of University President(s) as authorized under 25 O.S. § 307(B)(1).
 - c. Routine, periodic review and/or consideration and adoption, modification, or other action related to employment, including terms and conditions, of University personnel as listed in Attachment A as authorized under 25 O.S. § 307(B)(1).
 - d. Routine, periodic review and/or consideration and adoption, modification, or other action related to employment, including terms and conditions, of University personnel as listed in the Academic Personnel Actions and the Administrative and Professional Personnel Actions agenda items of Rogers State University, Cameron University, and The University of Oklahoma public agendas as authorized under 25 O.S. § 307(B)(1).
 - e. Discussion of assessment of potential vulnerability of governmental facilities and facilities clearances as authorized under 25 O.S. § 307(B)(11)(b) and 51 O.S. § 24A.28(A)(2).

ALL UNIVERSITIES November 30, 2023

f. Discussion of confidential trade secret information as authorized under 25 O.S. § 307(B)(7), 12 O.S. § 2508, 78 OS § 86, 51 O.S. § 24A.19, and 63 O.S. § 3224(D), including the following:

- Review, discuss, and/or consider adoption, modification, and/or rejection of strategic plans, programmatic, financial, student, academic-online or in-person, departmental, and personnel matters for Rogers State University, and/or Cameron University, and/or The University of Oklahoma, and/or the University of Oklahoma Health Sciences Center, and/or The University of Oklahoma-Tulsa.
- g. Discussion of confidential information pertaining to donors, donor and The University of Oklahoma Foundation, Inc. investments, or prospective donors under 25 O.S. § 307(B)(7) and 51 O.S. § 24A.16a.
- h. Discussion of filed litigation against Cameron University, including the following cases and/or claims where the Board's attorney has determined disclosure will seriously impair the ability of the Board to conduct the investigation(s) in the public interest as authorized under 25 O.S. § 307(B)(4):

None.

i. Discussion of filed litigation against Rogers State University, including the following cases and/or claims where the Board's attorney has determined disclosure will seriously impair the ability of the Board to conduct the investigation(s) in the public interest as authorized under 25 O.S. § 307(B)(4):

None.

- j. Discussion of litigation filed against or threatening to the University of Oklahoma, including the following cases and/or claims, where the Board's attorney has determined disclosure will seriously impair the ability of the Board to process the claim or conduct the investigation(s) in the public interest as authorized under 25 O.S. § 307(B)(4):
 - 1. B.E.R.T., et al. v. University et al., Case No. CIV-21-1022 in the United States District Court for the Western District of Oklahoma;
 - 2. Burdine v. STATE OF OKLAHOMA EX REL., Board of Regents of The University of Oklahoma Case No. CJ-2020-1928 in the District Court for Oklahoma County, Oklahoma;
 - 3. Roberto Cates as Next-of-kin of Eva Cates Deceased v. STATE OF OKLAHOMA EX REL., Board of Regents of The University of Oklahoma, et al. Case No. CJ-2021-1840 in the District Court for Oklahoma County, Oklahoma;
 - 4. Daniels v. Board of Regents for the University of Oklahoma et al Case No. 5:22-cv-00625-R in the United States District Court for the Western District of Oklahoma;
 - 5. State of Oklahoma v. Davis, Gwenyth Olivia. Case No. CM-2021-1311 in the District Court for Cleveland County, Oklahoma;
 - 6. *Garg v. University*, Case No. CJ-2018-628 in the District Court for Cleveland County, Oklahoma;

7. In re: Genentech, Inc. Herceptin (Trastuzumab) Marketing and Sales Practices Litigation, 16-MD-2700 in the United States District Court for the Northern District of Oklahoma;

- 8. Knox/Shepherd v. Oklahoma State Regents for Higher Education and Board of Regents for the University of Oklahoma, Cameron University and Rogers State University, Case No. CJ-2020-2383 in the District Court for Oklahoma County, Oklahoma;
- 9. Lewis v. Regents of the University of Oklahoma, Case No. CJ-2022-1018, in the District Court of Cleveland County, Oklahoma;
- 10. *Melton v. University, et al.*, Case No. CJ-21-423 in the District Court for Cleveland County, Oklahoma;
- 11. Rollins v. OU Medicine, Inc., et al., Case No. CJ-2023-4289 in the District Court for Oklahoma County, Oklahoma;
- 12. The Sustainable Journalism Foundation. et al., v. Board of Regents Case No. CV-2021-1770 in the District Court for Cleveland County, Oklahoma;
- 13. *Tufaro v. University, et al.*, Case No. CIV-20-1138-J in the United States District Court for the Western District of Oklahoma;
- 14. *Tufaro v. University, et al.*, Case No. 23-6039, in the 10th Circuit Court of Appeals;
- 15. Tully v. State Of Oklahoma, operating as the Stephenson Cancer Center, Nicholas Shepherd Case No. CJ-2020-4061 in the District Court for Oklahoma County, Oklahoma;
- 16. Estate of Montae IMBT Johnson, Case No. PR-21-00851-1 in Probate Court, Dallas County Texas;
- 17. USA Today and The Oklahoman v. State of Oklahoma, ex rel Board of Regents of the University of Oklahoma, Case No CV-2022-4152, in the District Court of Cleveland County, Oklahoma;
- 18. Natural Gas Claim. Claim by the University for damages caused by Winter Storm Uri;
- 19. Robert Albino v. State of Oklahoma, ex rel The Board of Regents of the University of Oklahoma and the University Graduate College, Case No. CJ-2022-3611, In the District Court of Tulsa County (transferred to Cleveland County on February 13, 2023. Cleveland County case number CJ-2023-235);
- 20. Sarah Rogers v. University of Oklahoma, College of Medicine and OU Health Partners, Inc., CJ-2023-00106 (District Court for Tulsa County);

21. *In re: Diamond Sports Group, et al*, Case No. 23-90116 (CML); In the Bankruptcy Court for the Southern District of Texas, Houston Division (Ballys Bankruptcy); and

22. House v. Nat'l Collegiate Athletic Ass'n (In re: Coll. Athlete NIL Litig.), Case No. 4:20-cv-03919, in the United States District Court for the Northern District of California.

ATTACHMENT A

Individuals include:

- o Member(s) of the Board of Regents of the University of Oklahoma
- o President, The University of Oklahoma
- o President, Cameron University
- o President, Rogers State University
- o Vice President and General Counsel of the University and to the Board of Regents
- o Executive Secretary of the University of Oklahoma Board of Regents
- o Chief Audit Executive
- o Senior Vice President and Provost, Norman Campus
- o Senior Vice President and Provost, Health Sciences Center
- Senior Vice President and Chief Financial Officer
- o Interim President, OU at Tulsa
- OU Director of the Polytechnic Institute-Tulsa
- O Vice President for Intercollegiate Athletics Programs and Director of Athletics
- Vice President for Marketing and Communications
- Vice President for Human Resources
- Vice President for Campus Operations
- Vice President for Online Learning
- o Vice President for Research, HSC
- Vice President for Enrollment Management
- Vice President for Executive Affairs
- O Vice President for Research and Partnerships, Norman Campus
- o Vice President for Diversity, Equity and Inclusion
- Vice President for University Advancement
- Vice President for Student Affairs
- Vice President of Administration and Finance, HSC
- Vice Provost for HSC
- o Associate Vice President for Budget and Finance, Norman Campus
- o Institutional Equity Officer
- Chief Government Affairs Officer
- Chief Strategy Officer
- o Executive Deputy Athletics Director
- o President of The University of Oklahoma Foundation, Inc.

ISSUE: SUBSTANTIVE PROGRAM CHANGES – CU

ACTION PROPOSED:

<u>President McArthur recommends the Board of Regents approve the proposed changes to Cameron University academic programs.</u>

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education require that all substantive changes in degree programs be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration. The changes in the academic programs presented below have been approved by the President, upon recommendations of the appropriate faculty, academic unit and dean, the Curriculum Committee or Graduate Council, and the Vice President for Academic Affairs. The changes are being submitted to the Board of Regents for approval prior to submission to the State Regents.

1. PROGRAM: B.S. in Interdisciplinary Studies

PROPOSED CHANGE: Addition of Online Delivery Instruction Mode

COMMENTS: Student demand for online programs at Cameron University continues to increase. Offering this program in an online format in addition to the traditional, face-to-face format will afford the opportunity to advance this degree program and increase opportunities for degree completion to students across the region and state. The addition of the online program will allow students greater flexibility in taking courses as well as increase transferability among Interdisciplinary Studies programs in the state. One hundred percent online delivery will not adversely affect program rigor and quality given the faculty members' extensive knowledge and experience with distance education methods and their dedication to acquiring advanced skill sets in using online technologies. Faculty members will provide instruction and guidance as needed to students through Blackboard and tutoring through Tutor.com. By moving the program fully online, students will have a better opportunity to finish their degrees in their chosen format, improving their chances for economic and career goal success. Total hours required for the major and degree will not change. No additional funds are requested.

2. PROGRAM: B.S. in Organizational Leadership

PROPOSED CHANGE: Option Addition

COMMENTS: One option in Sports and Exercise Science will be added. The requested addition to the program will increase opportunities for students majoring in the discipline and will better serve students with career goals in sports or athletic administration. Total hours required for the major and degree will not change. No additional funds are requested.

3. PROGRAM: B.S. in Sociology

PROPOSED CHANGE: Program Requirement Change

COMMENTS: For the major core, the graduation requirements of earning a "C" or higher in SOCI 4903 Sociology Capstone and a minimum GPA of 2.0 in all major core courses will be removed. The requested will remove an unnecessary barrier to graduation for majors. Total hours required for the major and degree will not change. No additional funds are requested.

PROPOSED CHANGE: Addition of Online Delivery Instruction Mode

COMMENTS: Student demand for online programs at Cameron University continues to increase. Offering this program in an online format in addition to the traditional, face-to-face format will afford the opportunity to advance this degree program and increase opportunities for degree completion to students across the region and state. The addition of the online program will allow students greater flexibility in taking courses as well as increase transferability among Sociology programs in the state. One hundred percent online delivery will not adversely affect program rigor and quality given the faculty members' extensive knowledge and experience with distance education methods and their dedication to acquiring advanced skill sets in using online technologies. Faculty members will provide instruction and guidance as needed to students through Blackboard and tutoring through Tutor.com. By moving the program fully online, students will have a better opportunity to finish their degrees in their chosen format, improving their chances for economic and career goal success. Total hours required for the major and degree will not change. No additional funds are requested.

ISSUE: ACADEMIC AND ADMINISTRATIVE PERSONNEL ACTIONS -CU

ACTION PROPOSED:

President McArthur recommends the Board of Regents approve the personnel actions listed. An executive session pursuant to Section 307B.1. of the Open Meeting Act may be proposed.

CHANGE(S):

Kingsley, Marge, Associate Vice President for Academic Affairs, title changed to Interim Vice President for Academic Affairs, academic year salary changed from \$122,000 per academic year to \$150,000 for the term of appointment that begins Wednesday, January 3, 2024 and is guaranteed through June 30, 2024.

RESIGNATION(S):

Godwin, Felicia, Instructor, Department of Communication, English and Foreign Languages, September 30, 2023.

Su, Jingjie, Assistant Professor, Department of Business, December 31, 2023.

Vanderslice, Ronna, Vice President for Academic Affairs, December 31, 2023.

RETIREMENT(S):

Bausch, Robert, Professor, Department of Social Sciences, named Professor Emeritus, May 8, 2024.

Bryan, Clinton, Professor, Department of Chemistry, Physics and Engineering, named Professor Emeritus, May 8, 2024.

Heflin, James, Associate Professor, Department of Communication, English and Foreign Languages, named Associate Professor Emeritus, May 8, 2024.

ISSUE: ADOPTION OF THE CHICAGO STATEMENT – CU

ACTION PROPOSED:

<u>President McArthur recommends the Board of Regents adopt for CU the Chicago</u> <u>Statement of the Principles on Freedom of Speech – an overarching set of guiding principles that reinforce the importance of safeguarding freedom of expression on college campuses.</u>

BACKGROUND AND/OR RATIONALE:

The Chicago Statement (attached) is the 2014 report of a committee charged by University of Chicago President Robert Zimmer and Provost Eric Isaacs to summarize the University's "overarching commitment to free, robust, and uninhibited debate." The committee, chaired by the distinguished legal scholar Geoffrey Stone, and populated by distinguished professors from across the campus, produced what has come to be known as the "gold standard" articulation of the importance of freedom of speech and inquiry in higher education. More than a legal requirement for public universities, freedom of speech and expression is central to the project of higher education.

Since 2014, more than 100 universities have adopted the statement or crafted similar statements. This list includes well-known private institutions such as Princeton, Vanderbilt, Washington University, Columbia, and Johns Hopkins. The adoptions also include numerous public institutions in the exclusive Association of American Universities, including North Carolina, Kansas, Missouri, Maryland, Colorado, Virginia, Minnesota, Iowa, Arizona, and Texas. Also included are non-AAU state flagships, including Louisiana, Nebraska, South Dakota, Alabama, Maine, and Montana. The University of Tulsa recently adopted the Chicago Statement at its September 2023 meeting. The Board of Regents adopted the statement on behalf of the University of Oklahoma at its November 2022 meeting.

The Chicago Statement is fully consistent with CU's existing policies on free expression and academic freedom, and its adoption indicates the CU's continued commitment to upholding these constitutional rights while nurturing an inclusive campus community. Adopting the statement at CU will provide a touchstone for administration, faculty, staff, and students regarding inevitable controversies concerning freedom of speech and academic inquiry. Because the University of Oklahoma has already adopted the statement, adopting the statement at CU and RSU will ensure that every institution governed by the Board has expressed the same commitment to safeguarding the rights of its faculty, staff, students, and community members.

President McArthur recommends the Board of Regents approve the proposed adoption of the Chicago Statement of Principles on Freedom of Speech at Cameron University.

Report of the Committee on Freedom of Expression

The Committee on Freedom of Expression at the University of Chicago was appointed in July 2014 by President Robert J. Zimmer and Provost Eric D. Isaacs "in light of recent events nationwide that have tested institutional commitments to free and open discourse." The Committee's charge was to draft a statement "articulating the University's overarching commitment to free, robust, and uninhibited debate and deliberation among all members of the University's community."

The Committee has carefully reviewed the University's history, examined events at other institutions, and consulted a broad range of individuals both inside and outside the University. This statement reflects the long-standing and distinctive values of the University of Chicago and affirms the importance of maintaining and, indeed, celebrating those values for the future.

From its very founding, the University of Chicago has dedicated itself to the preservation and celebration of the freedom of expression as an essential element of the University's culture. In 1902, in his address marking the University's decennial, President William Rainey Harper declared that "the principle of complete freedom of speech on all subjects has from the beginning been regarded as fundamental in the University of Chicago" and that "this principle can neither now nor at any future time be called in question."

Thirty years later, a student organization invited William Z. Foster, the Communist Party's candidate for President, to lecture on campus. This triggered a storm of protest from critics both on and off campus. To those who condemned the University for allowing the event, President Robert M. Hutchins responded that "our students . . . should have freedom to discuss any problem that presents itself." He insisted that the "cure" for ideas we oppose "lies through open discussion rather than through inhibition." On a later occasion, Hutchins added that "free inquiry is indispensable to the good life, that universities exist for the sake of such inquiry, [and] that without it they cease to be universities."

In 1968, at another time of great turmoil in universities, President Edward H. Levi, in his inaugural address, celebrated "those virtues which from the beginning and until now have characterized our institution." Central to the values of the University of Chicago, Levi explained, is a profound commitment to "freedom of inquiry." This freedom, he proclaimed, "is our inheritance."

More recently, President Hanna Holborn Gray observed that "education should not be intended to make people comfortable, it is meant to make them think. Universities should be expected to provide the conditions within which hard thought, and therefore strong disagreement, independent judgment, and the questioning of stubborn assumptions, can flourish in an environment of the greatest freedom."

The words of Harper, Hutchins, Levi, and Gray capture both the spirit and the promise of the University of Chicago. Because the University is committed to free and open inquiry in all matters, it guarantees all members of the University community the broadest possible latitude to speak, write, listen, challenge, and learn. Except insofar as limitations on that freedom are necessary to the functioning of the University, the University of Chicago fully respects and supports the freedom of all members of the University community "to discuss any problem that presents itself."

Of course, the ideas of different members of the University community will often and quite naturally conflict. But it is not the proper role of the University to attempt to shield individuals from ideas and opinions they find unwelcome, disagreeable, or even deeply offensive. Although the University greatly values civility, and although all members of the University community share in the responsibility for maintaining a climate of mutual respect, concerns about civility and mutual respect can never be used as a justification for closing off discussion of ideas, however offensive or disagreeable those ideas may be to some members of our community.

The freedom to debate and discuss the merits of competing ideas does not, of course, mean that individuals may say whatever they wish, wherever they wish. The University may restrict expression that violates the law, that falsely defames a specific individual, that constitutes a genuine threat or harassment, that unjustifiably invades substantial privacy or confidentiality interests, or that is otherwise directly incompatible with the functioning of the University. In addition, the University may reasonably regulate the time, place, and manner of expression to ensure that it does not disrupt the ordinary activities of the University. But these are narrow exceptions to the general principle of freedom of expression, and it is vitally important that these exceptions never be used in a manner that is inconsistent with the University's commitment to a completely free and open discussion of ideas.

In a word, the University's fundamental commitment is to the principle that debate or deliberation may not be suppressed because the ideas put forth are thought by some or even by most members of the University community to be offensive, unwise, immoral, or wrong-headed. It is for the individual members of the University community, not for the University as an institution, to make those judgments for themselves, and to act on those judgments not by seeking to suppress speech, but by openly and vigorously contesting the ideas that they oppose. Indeed, fostering the ability of members of the University community to engage in such debate and deliberation in an effective and responsible manner is an essential part of the University's educational mission.

As a corollary to the University's commitment to protect and promote free expression, members of the University community must also act in conformity with the principle of free expression. Although members of the University community are free to criticize and contest the views expressed on campus, and to criticize and contest

speakers who are invited to express their views on campus, they may not obstruct or otherwise interfere with the freedom of others to express views they reject or even loathe. To this end, the University has a solemn responsibility not only to promote a lively and fearless freedom of debate and deliberation, but also to protect that freedom when others attempt to restrict it.

As Robert M. Hutchins observed, without a vibrant commitment to free and open inquiry, a university ceases to be a university. The University of Chicago's long-standing commitment to this principle lies at the very core of our University's greatness. That is our inheritance, and it is our promise to the future.

Amanda Woodward, William S. Gray Professor, Department of Psychology and the College

ISSUE: ACADEMIC SERVICES FEES REQUEST 2024-2025 – CU

ACTION PROPOSED:

President McArthur recommends the Board of Regents approve the changes in the listed academic services fees for the 2024-2025 academic year and authorize its submission to the Oklahoma State Regents for Higher Education.

BACKGROUND AND/OR RATIONALE:

The following recommendations for changes in fees and new fees have been reviewed and approved by the appropriate department heads, deans, and vice presidents.

Academic Services Fees are fees assessed students as a condition of enrollment and as a condition of academic recognition for completion of prescribed courses. Such fees are required of all students receiving certain courses of instruction or certain academic services as designated by the institution and shall not exceed the actual cost of the course of instruction or services provided.

<u>Special Instruction Fees:</u> Fees assessed students as a condition of enrollment and as a condition of academic recognition for completion of describe courses.

Online Course Fee – Cameron University is requesting to reduce the Online Course Fee from \$10 per credit hour to \$0 per credit hour. The request is contingent upon approval of a corresponding tuition increase for the 2024-2025 academic year to assure a revenue neutral modification. Many of the computer software, computer hardware, and online services funded by this fee are currently available to all students. This request will more appropriately distribute course expenses among those consuming services.

ISSUE: UTILITY EASEMENT FOR DOBSON FIBER - CU

ACTION PROPOSED:

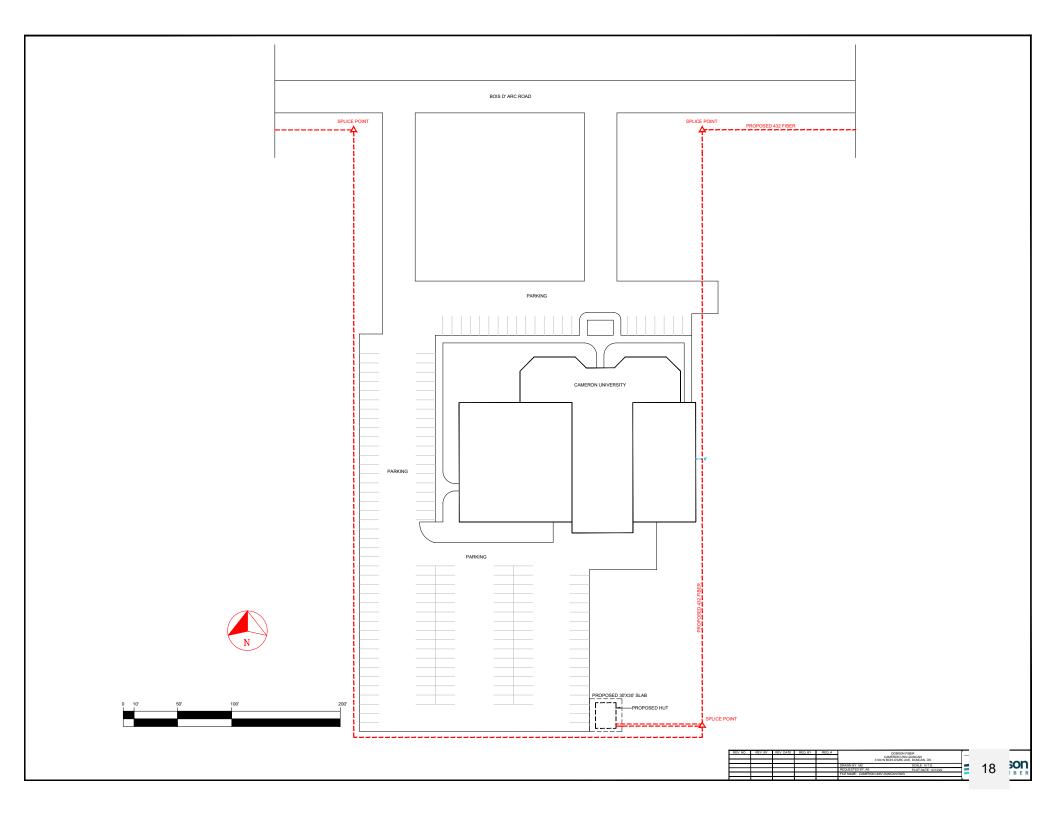

President McArthur recommends the Board of Regents:

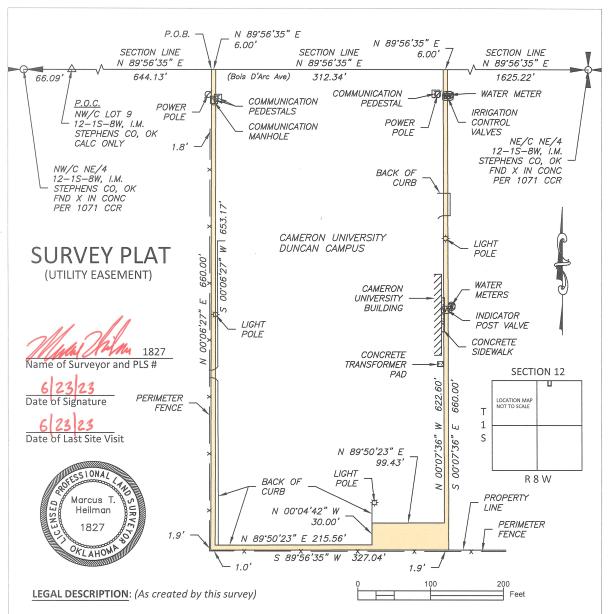

- I. Approve the granting of an easement to Dobson Fiber for constructing, operating, and maintaining a utility easement and communication shelter at the Duncan Campus as described here; and
- II. Authorize the President or his designee to execute the easement document.

BACKGROUND AND/OR RATIONALE:

Dobson Fiber has requested a 30-year utility easement to construct, operate, and maintain a communication shelter and fiber optic cable line. The fiber optic cable line will run around the perimeter of the Duncan Campus with the shelter being constructed on the south end of the campus property. The easement will not substantially interrupt or disrupt University activities or affect University structures. The complete cost of construction, upkeep and maintenance of the fiber line and shelter is the responsibility of Dobson Fiber. Additionally, costs associated with repairing and restoring damage to surrounding property is borne by Dobson Fiber. In exchange for the easement, Dobson has agreed to provide consideration in the form of a one-time payment, recurring payment or in-kind payment through services.

The Board is requested to approve the above-mentioned easement. A drawing of the easement area and survey descriptions are attached hereto.

A Utility Easement located in the NE/4 of Section 12, Township 1 South, Range 8 West, I.M., Stephens County, Oklahoma, more particularly described as commencing at the NW/C of Lot 9 of said Section 12; thence N89°56'35"E, along the North Line of said NE/4, a distance of 644.13 feet to the NW/C of a Tract described in Book 3128 at Page 111 and the Point of Beginning; thence N89°56'35"E, continuing along said North Line, a distance of 6.00 feet; thence S00°06'27"W, parallel with the West Line of said Tract, a distance of 653.17 feet; thence N89°50'23"E a distance of 215.56 feet; thence N00°04'42"W a distance of 30.00 feet; thence N89°50'23"E a distance of 99.43 feet; thence N00°07'36"W a distance of 622.60 feet to a point on said North Line; thence N89°56'35"E, along said North Line, a distance of 6.00 feet; thence S00°07'36"E a distance of 660.00 feet to a point on the South Line of said Tract; thence S89°56'35"W, along said South Line and parallel with said North Line, a distance of 327.04 feet to the SW/C of said Tract; thence N00°06'27"E, along the West Line of said Tract, a distance of 660.00 feet back to the Point of Beginning.

Bearings for this description are grid (NAD83 OK South). This description was prepared on June 23, 2023 by Marcus T. Heilman, PLS #1827. Certificate of Authorization #7984 expires June 30, 2025.

CERTIFICATE OF SURVEY:

This plat of survey meets the Oklahoma Minimum Standards for the practice of land surveying as adopted by the Oklahoma State Board of Licensure for Professional Engineers and Land Surveyors.

SURVEY NOTES:

- 1) Bearings are grid (NAD83 OK South).
- 2) Utilities shown as observed.
- 3) No monuments were set.

SECTION 37 SURVEYING & MAPPING

P.O. Box 1876, DUNCAN, OK 73534 (580) 786-4363 surveyor@section-37.com Certificate of Authorization #7984

Survey For: Dobson Fiber

Field Survey Conducted: 6/23/2023

ISSUE: FISCAL YEAR 2022-2023 EXTERNAL AUDITS – CU

ACTION PROPOSED:

President McArthur recommends the Board of Regents accept the fiscal year 2022-2023 external auditor's reports and audited financial statements for Cameron University.

BACKGROUND AND/OR RATIONALE:

For the fiscal year ended June 30, 2023, FORVIS, LLP presented to the Board of Regents' Finance, Audit and Risk Committee the "Independent Auditors' Report," the "Annual Financial Statements," and the "Independent Auditors' Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*".

These audits were conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

ISSUE: CURRICULUM CHANGES – CU

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education confer upon each institution the authority to add, modify and delete courses, but require that the changes be communicated to them for information. The modifications listed below have been approved by the President, upon recommendations of the Vice President for Academic Affairs, respective deans and department chairs, and the Curriculum Committee or Graduate Council.

ISSUE: NONSUBSTANTIVE PROGRAM CHANGES - CU

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education confer upon each institution the authority to approve modifications that are nonsubstantive, but require the changes to be communicated to them for information. The modifications listed below have been approved by the President, upon recommendations of the Vice President for Academic Affairs, respective deans and department chairs, and the Curriculum Committee or Graduate Council.

1. PROGRAM: B.A. in Social Studies Education

PROPOSED CHANGE: Other Degree Program Modification

COMMENTS: The number and title of one existing course in the history category in major core, HIST 2133 An Introduction to Historical Research and Writing, will be changed to HIST 3583 Historical Research and Writing. The requested change reflects updated content and rigor for the course. Total hours required for the major and degree will not change. Additional funds are not requested.

2. PROGRAM: B.S. in Sociology

PROPOSED CHANGE: Other Degree Program Modification

COMMENTS: One existing course, SOCI 4403 Family Violence, will be added to the list of possible electives for the Human Services Option. The requested change will allow students greater flexibility in fulfilling requirements based on their interests and career goals. Total hours required for the option, major, and degree will not change. Additional funds are not requested.

3. PROGRAM: Minor in Computer Information Systems

PROPOSED CHANGE: Deletion

COMMENTS: Most of the CIS (Computer Information Systems) prefix courses have been moved to other prefixes in the course catalog, making this minor obsolete. No students remain in the minor. Additional funds are not requested.

4. PROGRAM: Minor in Management Information Systems

PROPOSED CHANGE: Modification

COMMENTS: Most CIS (Computer Information Systems) prefix courses have been moved to other prefixes in the course catalog. The requested change will remove reference to CIS-prefix courses as well as to MIS 4533. Students who have previously taken CIS-prefix courses will be allowed to use them to fulfill minor requirements, as appropriate. Total hours required for the minor will not change. Additional funds are not requested.

ISSUE: EMERGENCY OPERATIONS PLAN ANNUAL REPORT – CU

ACTION PROPOSED:

This report is presented for information and discussion. No action is required.

BACKGROUND AND/OR RATIONALE:

Emergency planning and response is an evolutionary process adapting to the nature of the specific emergency. The Cameron University Emergency Operations Plan defines basic procedures and guidelines to minimize the impact of emergencies and maximize the effectiveness of response personnel. Response to and recovery from major emergencies and catastrophic occurrences will be conducted within the framework of the plan assuring continuity of campus operations. The plan provides effective coordination of university and community resources to protect life, preserve property, and provide stability, and lays the foundation for responses to extreme weather conditions, fires, hazardous materials incidents, large scale events, and protest actions. Contact information sheets have been reviewed and updated, statistical data in section 1.2 have been updated, section 11.0, Emergency Roles and Assignments, has been updated with current personnel information and Annex-F has been updated to reflect the current Response Equipment Inventory. A current copy is on file in the Board office. Additionally, Cameron University's Emergency Operations Plan has been filed with the Comanche County Emergency Management Director.

Cameron University's safety needs take into consideration the demographic profile of Cameron's students as well as the physical environment of Cameron's campus. The Cameron campus is located adjacent to economically challenged neighborhoods and the Jim Taliaferro Community Mental Health Center. Accordingly, Cameron's Office of Public Safety:

- Maintains a close relationship with local emergency management agencies;
- Assists Student Services and Human Resources in updating annual orientation materials for new students and faculty members;
- Conducts joint training exercises involving active shooter situations, bomb threats, etc., with local emergency management agencies;
- Ensures that each Public Safety officer receives annual continuing education in excess of the state mandated twenty-five hours; and
- Notifies all students, faculty and staff of Cameron's severe weather procedures and designated shelter areas.

In addition, throughout the year, the Directors of Physical Facilities and Public Safety conduct visual inspections, including nightly inspections of buildings, parking lots, campus lighting and grounds to ensure compliance with safety standards.

ISSUE: ON-CALL ARCHITECTS AND ENGINEERS QUARTERLY REPORT – CU

ACTION PROPOSED:

This report is for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

In March 2023, the Board of Regents authorized a group of architectural and engineering firms to provide professional on-call services. Work completed during the first quarter of fiscal year 2024 by on-call architectural and engineering firms is summarized below.

Firm Name	Date Initiated	Work Performed	<u>Fee</u>
LWPB, Inc.	June 29, 2022	Architectural & Engineering Services—Library Restroom Project	\$7,351.87

CUMULATIVE TOTAL PROFESSIONAL ARCHITECTURAL AND ENGINEERING FEES FOR WORK COMPLETED BY ON-CALLS THROUGH THE FIRST QUARTER OF FISCAL YEAR 2023-2024

Firm Name	<u>Total Fees</u>
LWPB, Inc.	\$7,351.87

ISSUE: QUARTERLY REPORT OF PURCHASE OBLIGATIONS – CU

ACTION PROPOSED:

This report is for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The Board of Regents' policy governing the buying and selling of goods and services states that:

- I. Purchases and/or acquisition of goods and services over \$250,000 must be submitted to the Board for prior approval; and
- II. Purchase obligations between \$50,000 and \$250,000 must be reported quarterly to the Board as an information item. Sole source procurements in this category must also be reported and identified as such.

The required reports for the quarter ended September 30, 2023 are as follows:

PURCHASE OBLIGATIONS FROM \$50,000 TO \$250,000

Item	Description	Campus-	Vendor	Award	Explanation/
		Department		Amount	Justification
1.	Maintenance	Campus wide	Transact Campus Inc.	\$72,940.21	Software & hardware maintenance for campus
2.	Programming fees	KCCU Radio	National Public Radio Inc.	\$65,181.82	Programming fees
3.	Maintenance	Campus wide	TouchNet Information Systems	\$107,150.00	Software maintenance
4.	Services	Campus wide	Southwestern Surgical Affiliates LLC	\$65,000.00	Healthcare services for campus
5.	Services	Agriculture/ Biology	OUHSC	\$139,541.76	Professional services
6.	Equipment	Chemistry/ Physics/ Engineering	Horiba Instruments Incorporated	\$80,7000.00	Purchase of educational equipment

SOLE SOURCE PROCUREMENTS IN EXCESS OF \$50,000

There were no Sole Source Procurements for the period of July 1, 2023 through September 30, 2023.

ISSUE: QUARTERLY FINANCIAL ANALYSIS – CU

ACTION PROPOSED:

This item is presented for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

By request of the Board of Regents, the Cameron University Statements of Net Position as of September 30, 2023 and 2022, and Statements of Revenues, Expenses and Changes in Net Position for the three months then ended are presented. The statements are unaudited and are presented for management use only.

ISSUE: SUBSTANTIVE PROGRAM CHANGES – RSU

ACTION PROPOSED:

<u>President Rice recommends the Board of Regents approve the proposed changes in Rogers State University academic programs.</u>

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education require that all substantive changes in degree programs be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration.

Program Requirement Changes include:

- Add a new graduate degree program, Master of Science in Nursing (419)
- Offer options in (1) Nursing Education; and (2) Nursing Management and Leadership
- Total degree hours proposed 32 credit hours with 15 credit hours for each option and a common 17 credit hour core.

The MSN program will build upon a bachelor's degree foundation to prepare registered nurses for academic, leadership and administrative roles. Features of the program will include 100% online delivery and 8-week courses.

New Program Request Form

For questions regarding the completion of this form, please contact Heather Peck (hpeck@osrhe.edu).

PROGRAM INFORMATION

Program Purpose

In one to two sentences describe the purpose of the proposed program.

The MSN program will build upon a baccalaureate foundation to prepare registered nurses for academic, leadership, and administrative roles.

Program Rationale and Background

Describe in further detail the purpose and need for the proposed program.

Roger State University started its Baccalaureate (pre-licensure) Nursing program in 2019 with the first graduates in 2021. These students will serve as a pipeline to this program. To determine student interest in an MSN program at RSU, an "Interest in Master's in Nursing Programs" survey (Google forms) was sent to approximately 200 currently enrolled Traditional BSN and RN2SBN students and to approximately 250 recent BSN graduates from both the Traditional and RN2BSN program (n=approx. 450). Within 5 days, 124 responses were received. The results support interest in an RSU MSN program with:

- 95% of respondents indicated "yes" (71%) or "maybe" (24%) they are interested in pursuing a master's degree within 5 years of graduating with their BSN
- 42% of respondents indicated interest in Nursing Education
- 44% of respondents indicated interest in Nursing Administration/Leadership
- 76% of respondents indicated "yes" (48%) or "maybe" (28%) they would be interested in attending an MSN in Nursing Education program offered by RSU within five years of graduating with their BSN
- 71% of respondents indicated "yes" (48%) or "maybe" (28%) they would be interested in attending an MSN in Administration and Leadership program offered by RSU within five years of graduating with their BSN

Total Number of Credit Hours Required for the Program

199		
1.37		
\ <u>\</u>		

Productivity Criteria and Final Review

Productivity data must come from the same academic year. Example: enroll a minimum of $\underline{10}$ students in $\underline{fall\ 2025}$ and graduate a minimum of $\underline{5}$ students in $\underline{2025-2026}$.

This program w	ill enrol	l a minimum c	of 15	students in fall	2024	(year), and graduate
a minimum of	5	students in	2024-25	(academic year).		

Final Approval Date

e.g. Fall 2028

⊏ରା	1 2	025

Employment Demand for Proposed Program

Nursing instructors and teachers, post-secondary is listed on the Fastest Growing Occupations in Oklahoma list with an expected growth rate of 20.6% between 2018-2028. Ref: Occupational Employment Statistics program and the Oklahoma Employment Security Commission. Two out of three of Tulsa's large, metropolitan health systems with multiple sites across northeast Oklahoma, have developed strategic plans to offer nursing education opportunities at their site by providing salaries for their employees to be dually credentialed as educator and clinician to provide clinical oversite to cohorts of students from area nursing programs. Further, one system is seeking to partner with a regional university to offer nursing coursework at their main hospital site in order to fulfil the need for educators and nurses. They have a grant to fund classroom, lab and simulation space as well as to fund dual faculty appointments. This health system struggles to fill managerial roles with qualified nurse applicants with strong skills in administration, management, budgeting, and leadership.

With the nation-wide nursing shortage (bedside nurses), one of the primary limiting factors to expansion of nursing education programs is the ability to hire and retain qualified nursing instructors. The American Association of Colleges of Nursing (2022) reports that 21% of schools who are unable to fill vacant faculty positions cite "qualified applicants for faculty positions are unavailable in our geographic area" and 51% report difficulty filling faculty positions due to a "limited pool of academically prepared faculty"

- According to the Bureau of Labor Statistics, in Oklahoma, the lack of nursing professionals is more pronounced than in most states. There are 7.5 nurses per 1,000 Oklahoma residents, ranking the state 46th in the nation for nurses per capita.
 A simple google search of nurse educator jobs in Oklahoma yielded 45 hits—either in academic nursing education or clinical nursing education.
 Postings for 16 nursing education jobs looking at 4 universities and 2 community colleges with nursing programs.
 Nursing administration jobs abound at hospitals and care facilities across. Oklahoma—nurse managers, division line managers, chief nursing officers, etc.
 Postings for 26 nursing education jobs looking at 7 universities and 3 community colleges with ursing programs

Duplication and Unmet Need

Explain any program duplications within the state and how the proposed program will address any unmet needs.

In the northeast region of the state of Oklahoma, the only state university offering an MSN is Northeastern State University and it does not offer a prelicensure BSN program to serve as a pipeline of students into their program, like that of RSU. Oklahoma Wesleyan University is a private university in NE Oklahoma which awards just a handful of MSN degrees annually.

Accreditation Information

Please list any special accreditations or reviews the proposed program will go through separate for the State Regent's review process. (e.g., NASM, CAEP, AACSB, etc.)

RSU will submit a Substantive Change form to ACEN, which will trigger a site visit. Site visit to be completed 4 months before the MSN is to be implemented per ACEN guidelines.

MODALITY INFORMATION

No

Method of Delivery	
Traditional Only	
Online Only	
Both Traditional and Online	
Method of Delivery Details If the program will be offered online, please describe the delivery method that will be utilized to deliver program content (e.g., Blackboard, Desire2Learn, etc.) including the major features that will facilitate learning.	
The course NURS 5522 Nursing Practicum requires students to complete 80 hours of guided practical time in either nursing education activities or nursing administration/leadership activities, depending upon which path they are pursuing. All of the other courses are fully online and will be delivered as 8-week courses via BlackBoard LMS.	
IPEDS INFORMATION IPEDS has expanded the required reporting information regarding distance education in regards to degree programs and now requires information on three aspects of degree programs based on CIP code and degree level groupings. For more information regarding IPEDS reporting, go to the following website: https://nces.ed.gov/ipeds/use-the-data/distance-education-in-ipeds .	
Distance Education Availability For the program, including general education courses, please select the appropriate response to each of the following statements. For the purposes of these questions, a mandatory onsite component refers to a course requirement or activity in which a student MUST be physically on campus, such as orientation, laboratory requirements, meeting with faculty and is a part of the student's overall class performance and grade. Onsite refers to the physical campus and NOT off-campus locations for internships, practica, clinicals, etc.	
ALL of the courses in the program can be completed entirely online. SOME of the courses in the program can be completed entirely online. NONE of the courses in the program can be completed entirely online.	
This program has a mandatory onsite component Yes	

This 1	This program has a non-mandatory onsite component					
	Yes					
	No					

Cost/Funding Explanation

Complete the following table for the first five years of the proposed program and provide an explanation of how the institution will sustain funding needs for the life of the proposed program in the absence of additional funds from the State Regents. *The total funding and expenses in the table should be the same, or explain sources(s) of additional funding for the proposed program. (NOTE: Each funding and/or expense amount provided must include an explanation regarding the source of the funds or how the funds will be utilized.)

ISSUE: MARKHAM HALL WINDOW REPLACEMENT – RSU

ACTION PROPOSED:

President Rice recommends the Board of Regents:

- I. Authorize the President or his designee to issue a purchase order to Jarco Construction Solutions in the amount of \$318,490 in response to RFB 2324-03; and
- II. Authorize the President or his designee to amend the purchase order in accordance with purchasing policy as additional services are required and report back to the Board of Regents actions taken under the authority granted by this Board action.

BACKGROUND AND/OR RATIONALE:

Markham Hall is one of the older buildings on campus. It currently houses Recruiting, Admissions, the Testing Center, Financial Aid, the Registrar, the Bursar, Advising, as well as the TV and Radio stations. The windows are original to the building and contribute significantly to difficulties in cooling and heating the building appropriately. The University desires to issue a purchase order to Jarco Construction Solutions to replace all windows in Markham Hall with Fixed, Offset Energy Efficient windows. The bid tab sheet is attached.

ISSUE: ACADEMIC PERSONNEL ACTION(S) – RSU

ACTION PROPOSED:

<u>President Rice recommends approval of the faculty personnel actions listed. An executive session pursuant to Section 307B.1 of the Open Meeting Act may be proposed.</u>

SABBATICAL LEAVE(S) OF ABSENCE

Kruse, Holly, Ph.D., Professor of Communications, sabbatical leave of absence with full pay, August 2024 through December 2024.

ISSUE: ADOPTION OF THE CHICAGO STATEMENT – RSU

ACTION PROPOSED:

<u>President Rice recommends the Board of Regents adopt for RSU the Chicago</u> <u>Statement of the Principles on Freedom of Speech – an overarching set of guiding principles that reinforce the importance of safeguarding freedom of expression on college campuses.</u>

BACKGROUND AND/OR RATIONALE:

The Chicago Statement (attached hereto) is the 2014 report of a committee charged by University of Chicago President Robert Zimmer and Provost Eric Isaacs to summarize the University's "overarching commitment to free, robust, and uninhibited debate." The committee, chaired by the distinguished legal scholar Geoffrey Stone, and populated by distinguished professors from across the campus, produced what has come to be known as the "gold standard" articulation of the importance of freedom of speech and inquiry in higher education. More than a legal requirement for public universities, freedom of speech and expression is central to the project of higher education.

Since 2014, more than 100 universities have adopted the statement or crafted similar statements. This list includes well-known private institutions such as Princeton, Vanderbilt, Washington University, Columbia, and Johns Hopkins. The adoptions also include numerous public institutions in the exclusive Association of American Universities, including North Carolina, Kansas, Missouri, Maryland, Colorado, Virginia, Minnesota, Iowa, Arizona, and Texas. Also included are non-AAU state flagships, including Louisiana, Nebraska, South Dakota, Alabama, Maine, and Montana. The University of Tulsa recently adopted the Chicago Statement at its September 2023 meeting. The Board of Regents adopted the statement on behalf of the University of Oklahoma at its November 2022 meeting.

The Chicago Statement is fully consistent with RSU's existing policies on free expression and academic freedom, and its adoption indicates the RSU's continued commitment to upholding these constitutional rights while nurturing an inclusive campus community. Adopting the statement at RSU will provide a touchstone for administration, faculty, staff, and students regarding inevitable controversies concerning freedom of speech and academic inquiry. Because the University of Oklahoma has already adopted the statement, adopting the statement at RSU and CU will ensure that every institution governed by the Board has expressed the same commitment to safeguarding the rights of its faculty, staff, students, and community members.

President Rice recommends the Board of Regents approve the proposed adoption of the Chicago Statement of Principles on Freedom of Speech at Rogers State University.

Report of the Committee on Freedom of Expression

The Committee on Freedom of Expression at the University of Chicago was appointed in July 2014 by President Robert J. Zimmer and Provost Eric D. Isaacs "in light of recent events nationwide that have tested institutional commitments to free and open discourse." The Committee's charge was to draft a statement "articulating the University's overarching commitment to free, robust, and uninhibited debate and deliberation among all members of the University's community."

The Committee has carefully reviewed the University's history, examined events at other institutions, and consulted a broad range of individuals both inside and outside the University. This statement reflects the long-standing and distinctive values of the University of Chicago and affirms the importance of maintaining and, indeed, celebrating those values for the future.

From its very founding, the University of Chicago has dedicated itself to the preservation and celebration of the freedom of expression as an essential element of the University's culture. In 1902, in his address marking the University's decennial, President William Rainey Harper declared that "the principle of complete freedom of speech on all subjects has from the beginning been regarded as fundamental in the University of Chicago" and that "this principle can neither now nor at any future time be called in question."

Thirty years later, a student organization invited William Z. Foster, the Communist Party's candidate for President, to lecture on campus. This triggered a storm of protest from critics both on and off campus. To those who condemned the University for allowing the event, President Robert M. Hutchins responded that "our students . . . should have freedom to discuss any problem that presents itself." He insisted that the "cure" for ideas we oppose "lies through open discussion rather than through inhibition." On a later occasion, Hutchins added that "free inquiry is indispensable to the good life, that universities exist for the sake of such inquiry, [and] that without it they cease to be universities."

In 1968, at another time of great turmoil in universities, President Edward H. Levi, in his inaugural address, celebrated "those virtues which from the beginning and until now have characterized our institution." Central to the values of the University of Chicago, Levi explained, is a profound commitment to "freedom of inquiry." This freedom, he proclaimed, "is our inheritance."

More recently, President Hanna Holborn Gray observed that "education should not be intended to make people comfortable, it is meant to make them think. Universities should be expected to provide the conditions within which hard thought, and therefore strong disagreement, independent judgment, and the questioning of stubborn assumptions, can flourish in an environment of the greatest freedom."

The words of Harper, Hutchins, Levi, and Gray capture both the spirit and the promise of the University of Chicago. Because the University is committed to free and open inquiry in all matters, it guarantees all members of the University community the broadest possible latitude to speak, write, listen, challenge, and learn. Except insofar as limitations on that freedom are necessary to the functioning of the University, the University of Chicago fully respects and supports the freedom of all members of the University community "to discuss any problem that presents itself."

Of course, the ideas of different members of the University community will often and quite naturally conflict. But it is not the proper role of the University to attempt to shield individuals from ideas and opinions they find unwelcome, disagreeable, or even deeply offensive. Although the University greatly values civility, and although all members of the University community share in the responsibility for maintaining a climate of mutual respect, concerns about civility and mutual respect can never be used as a justification for closing off discussion of ideas, however offensive or disagreeable those ideas may be to some members of our community.

The freedom to debate and discuss the merits of competing ideas does not, of course, mean that individuals may say whatever they wish, wherever they wish. The University may restrict expression that violates the law, that falsely defames a specific individual, that constitutes a genuine threat or harassment, that unjustifiably invades substantial privacy or confidentiality interests, or that is otherwise directly incompatible with the functioning of the University. In addition, the University may reasonably regulate the time, place, and manner of expression to ensure that it does not disrupt the ordinary activities of the University. But these are narrow exceptions to the general principle of freedom of expression, and it is vitally important that these exceptions never be used in a manner that is inconsistent with the University's commitment to a completely free and open discussion of ideas.

In a word, the University's fundamental commitment is to the principle that debate or deliberation may not be suppressed because the ideas put forth are thought by some or even by most members of the University community to be offensive, unwise, immoral, or wrong-headed. It is for the individual members of the University community, not for the University as an institution, to make those judgments for themselves, and to act on those judgments not by seeking to suppress speech, but by openly and vigorously contesting the ideas that they oppose. Indeed, fostering the ability of members of the University community to engage in such debate and deliberation in an effective and responsible manner is an essential part of the University's educational mission.

As a corollary to the University's commitment to protect and promote free expression, members of the University community must also act in conformity with the principle of free expression. Although members of the University community are free to criticize and contest the views expressed on campus, and to criticize and contest

speakers who are invited to express their views on campus, they may not obstruct or otherwise interfere with the freedom of others to express views they reject or even loathe. To this end, the University has a solemn responsibility not only to promote a lively and fearless freedom of debate and deliberation, but also to protect that freedom when others attempt to restrict it.

As Robert M. Hutchins observed, without a vibrant commitment to free and open inquiry, a university ceases to be a university. The University of Chicago's long-standing commitment to this principle lies at the very core of our University's greatness. That is our inheritance, and it is our promise to the future.

Geoffrey R. Stone, Edward H. Levi Distinguished Service Professor of Law, *Chair*

Marianne Bertrand, Chris P. Dialynas Distinguished Service Professor of Economics, Booth School of Business

Angela Olinto, Homer J. Livingston Professor, Department of Astronomy and Astrophysics, Enrico Fermi Institute, and the College

Mark Siegler, Lindy Bergman Distinguished Service Professor of Medicine and Surgery

David A. Strauss, Gerald Ratner Distinguished Service Professor of Law

Kenneth W. Warren, Fairfax M. Cone Distinguished Service Professor, Department of English and the College

Amanda Woodward, William S. Gray Professor, Department of Psychology and the College

ISSUE: ACADEMIC SERVICE FEES REQUEST 2024-2025

ACTION PROPOSED:

President Rice recommends the Board of Regents approve the changes in the listed academic service fees for the 2024-2025 academic year and authorize its submission to the Oklahoma State Regents for Higher Education.

BACKGROUND AND/OR RATIONALE:

In accordance with policy established by the Oklahoma State Regents for Higher Education, requests for changes in academic service fees will be considered by the State Regents once each year. Requests must be received in their office by February 1, preceding the beginning of the fiscal year, July 1, in which the changes are to be effective.

The following recommendations for changes in fees and new fees have been reviewed and approved by the appropriate department heads, deans, and vice presidents.

Academic Services Fees are fees assessed to students as a condition of enrollment and as a condition of academic recognition for completion of prescribed courses. Such fees are required of all students receiving certain courses of instruction or certain academic services as designated by the institution and shall not exceed the actual cost of the course of instruction or services provided.

Special charges for instruction and academic services are fees, other than tuition and mandatory fees, charged as a condition of enrollment and as a condition of academic recognition for completion of prescribed courses. These fees are for students receiving courses of instruction or academic services as designated by the institution. These fees are charged for enrollment in a particular course or program of study or by credit hour for all enrollments in each semester.

<u>Special Instruction Fees:</u> Fees assessed students as a condition of enrollment and as a condition of academic recognition for completion of described courses. Rogers State University requests two new fees, changes to one fee, and elimination of two existing fees.

Business Technology Enrichment fee – Rogers State University is requesting a new Other Special Fee of \$7.00 per credit hour for CS 1113, all TECH 1000 and 2000 courses and all CJ. The Department of Technology and Justice Studies has had 12 micro credentials approved through OSHRE with most of these courses at lower level. Additionally, a new degree has been approved in UAS Technologies. These courses are predominately lower-level TECH courses, which utilize many consumable materials such as, solder, solder paste. solder tips, 3D filament, etc. These fees would aid in replacing these consumable materials. Currently consumables are being purchased with departmental and personal funds. This request is a leveling of current Business and Technology Enrichment Fees based on newly approved courses, degrees, and micro credentials.

Nursing Simulation Fee – Rogers State University is requesting a new Faculty/Equipment Utilization Fee of \$5 per credit hour for NURS 3125, 3216, 3234, 4315, 4336, 4414, 4424, 4324. Fee is based upon the vendor cost of simulator warranties and software renewal/warranties. Calculated based upon 210 student enrollments in upper division nursing classes. Only classes with a clinical component (007 section designation) are included in this fee. Also, the proposed cost of an interdisciplinary simulation cost is based on past costs (Fall 2023) of the simulation experience. We have increased our nursing program enrollment by about 33% and will be in danger of not being able to meet our clinical experience requirements without the use of simulated experiences. Simulation is an integral part of the nursing curriculum and helps us meet our end-of-program Student Learning Outcomes. Per the Oklahoma Board of Nursing, high-quality simulation experiences can be counted 2:1 toward clinical practice hours. With the shortage of clinical sites (hospitals, clinics), the program can accomplish required clinical time at double the rate through simulation. This requires that we have adequate simulation equipment and appropriate experience in place. Simulation mannikins were purchased with grant money in 2022 and the warranty fees will be assessed annually starting November 2024.

ISSUE: PROPOSED AGREEMENT FOR CONSTRUCTION OF INDOOR PRACTICE FACILITY – RSU

ACTION PROPOSED:

President Rice recommends the Board authorize the University Administration, upon consultation with the General Counsel, to negotiate and execute any necessary agreements with the RSU Foundation, including a Development Agreement and a ground lease, to construct an indoor practice facility on the RSU Claremore campus.

BACKGROUND AND/OR RATIONALE:

The RSU Foundation has committed \$500,000 of private funds to construct an Indoor Practice Facility on the RSU Claremore campus. The tract that is contemplated for use is approximately 8000 square feet in size. It will be constructed on land east of the Diamond Sports Complex adjacent to the Diamond Sports Complex parking lot.

The Indoor Practice Facility will be 160' x 50' and will be available for all outdoor RSU Athletics teams for practice. The RSU Foundation will work with the University Administration to select construction managers or general contractors and other necessary personnel in accordance with relevant Regents' policy. After the lease term and any renewal term agreed by the parties, the facility would become the property of the Board of Regents.

With the Board of Regents' approval of this item, the University Administration will work with the RSU Foundation to negotiate and execute any operational agreement(s) and/or ground lease necessary to effectuate the transaction.

ISSUE: RUFFALO-NOEL LEVITZ CONTRACT – RSU

ACTION PROPOSED:

President Rice recommends the Board of Regents confirm and approve the consulting contract with Ruffalo-Noel Levitz for Student Search and Application Generation services.

BACKGROUND AND/OR RATIFICATION:

As the challenges to maintain and grow enrollment increase, Rogers State University must become more strategic in attracting and retaining students. The University has worked with Ruffalo-Noel Levitz for the last 20 months to develop a strategic enrollment plan. Student search and application generation campaigns were two critical strategies identified. The contract with Ruffalo-Noel Levitz is for three years as follows:

Year 1 (Nov. 2023 – Oct. 2024)	\$ 172,286
Year 2 (Nov. 2024 – Oct. 2025)	\$ 169,214
Year 3 (Nov. 2025 – Oct. 2026)	\$ 174,291

ISSUE: FISCAL YEAR 2022-2023 EXTERNAL AUDITS – RSU

ACTION PROPOSED:

President Rice recommends the Board of Regents accept the fiscal year 2022-2023 external auditor's reports and audited financial statements for Rogers State University.

BACKGROUND AND/OR RATIONALE:

For the fiscal year ended June 30, 2023, Forvis, LLP presented to the Board of Regents' Finance, Audit and Risk Committee the "Independent Auditors' Report" and the "Annual Financial Statements," and the "Independent Auditors' Reports on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*."

For the fiscal year 2022-2023, these audits were conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

ISSUE: QUARTERLY REPORT OF PURCHASES – RSU

ACTION PROPOSED:

This report is for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

Section 4.10.8 of the Regents' Policy Manual requires the reporting of purchase obligations at least quarterly.

The Board of Regents policy governing the buying and selling of goods and services states that:

- I. Purchases and/or acquisition of goods and services over \$250,000 must be submitted to the Board prior to approval; and
- II. Purchase obligations between \$50,000 and \$250,000 must be reported quarterly to the Board as an information item. Sole source procurements in this category must also be reported and identified as such.

QUARTERLY REPORT PURCHASES – ALL July 1, 2023, through September 30, 2023

PURCHASE OBLIGATIONS FROM \$50,000 TO \$250,000

ISSUE: QUARTERLY FINANCIAL ANALYSIS - RSU

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

By request of the Board of Regents, the Rogers State University Statement of Net Position as of September 30, 2023, Statement of Revenues, Expenses, and Changes in Net Position for the Quarter then ended and related Executive Summary are presented below.

QUARTERLY FINANCIAL ANALYSIS For the quarter ended September 30, 2023

EXECUTIVE SUMMARY

Highlights from the Statements of Net Position as of September 30, 2023, and Statement of Revenues, Expenses and Changes in Net Position for the quarter then ended are presented below for information only.

STATEMENT OF NET POSITION:

- Total assets increased by \$5.4 million in the first quarter of FY24. Cash and cash equivalents increased by \$4.2 million over the quarter. Accounts receivable increased \$3.0 million due to the timing of receipt of federal financial aid. Net capital assets declined \$1.5 million due primarily to depreciation.
- Total liabilities increased \$14.7 million primarily due to fluctuations in the net pension liability (NPL). The NPL is generated by our participation in Oklahoma Teacher Retirement and is generally beyond our control. The increase is \$7.8 million. The liability assigned to RSU is heavily influenced by stock and bond market fluctuations and trails those fluctuations by one year. Unearned revenue also increased \$7.0 million.
- The majority of our deferred outflows and inflows are related to our participation in Oklahoma Teacher Retirement as well and are largely dependent on stock and bond market influences beyond our control. RSU makes these entries annually.

STATEMENT OF REVENUES, EXPENSES AND CHANGES TO NET POSITION:

- First quarter revenues are up \$0.9 million. This is primarily due to increases in the state appropriation.
- Operating expenses are up \$2.3 million due primarily to elimination of furloughs and salary increases.

This report is unaudited and presented for informational purposes only. No action was required

ISSUE: AWARDS, CONTRACTS, AND GRANTS – ALL

ACTION PROPOSED:

<u>President Harroz recommends that the Board of Regents ratify the awards and/or</u> modifications for June – September 2023 submitted with this agenda item.

SUMMARY OF RESEARCH ACTIVITIES AT OU FOR JULY 2023-SEPTEMBER 2023

New awards: The total sponsored awards from July 2023 to September 2023 increased by \$53.9M (+58.9%) from the same FY2023 period. On the Norman campus, awards increased by \$18.1M (24.5%) from FY2023. This increase is primarily due to the U.S. Department of Commerce (\$14.9M) and the Department of Defense (\$6.5M). Awards on the Health Sciences Center campus increased by \$35.8M (200.8%) from the previous fiscal year.

Expenditures: The total expenditures from July 2023 to September 2023 decreased by \$3.5M (-4.8%) from the same in FY2023. On the Norman campus, expenditures increased by \$1.5M (+3.5%) primarily due to Health and Human Services (\$509K) and The National Aeronautics and Space Administration (\$484K) projects. On the Health Sciences Center campus, expenditures decreased by \$4.9M (-16.6%).

The following are significant grants and activities during the time from July 2023 - current, organized into thematic areas of research:

Cancer

- In August 2023, Takemi Tanaka, PhD, Professor in the Department of Pathology, College of Medicine received a new \$687,733 Breast Cancer Research Program Expansion Award from the U.S. Department of Defense for her project, "Clinical relevance of needle biopsy-induced pro-metastatic phenotypic changes in breast cancer." Delayed breast cancer surgery has become increasingly common over the past decades in the U.S. This raises concerns about the increased risk of disease progression and mortality for early-stage breast cancer patients who wait for surgery over 60 days after diagnosis. What causes such rapid disease progression that can negatively impact survival among generally good prognostic early-stage breast cancer is also unknown. In this new three-year project, Dr. Tanaka seeks to eliminate mortality associated with metastatic breast cancer, identify what drives breast cancer growth, and determine how to stop it.
- Lacey McNally, PhD, Professor of Surgery, Department of Medicine, Co-Leader of the Cancer Therapeutics Program at the Stephenson Cancer Center, and Vice Chair of Research Advancement, College of Medicine was the recipient of a new \$2,928,781 R01 grant from the National Cancer Institute, National Institutes of Health, U.S. Department of Health and Human Services in September 2023. This five-year project entitled "Development of contrast agents to facilitate image-guided surgery" seeks to develop and determine the efficacy and safety of VD-ZW800C, a contrast agent to facilitate image-guided surgery of pancreatic adenocarcinoma (PDAC). Currently, surgical resection offers the only chance of cure for patients with pancreatic adenocarcinoma. However, the existing monoclonal antibodies used for MSOT clinical or NIR-fluorescent imaging are limited in their ability to identify tumor tissue. The development of VD-SW800C, an optoacoustically detectable pancreatic cancer-specific probe, has the potential to fill this gap and yield better outcomes for patients with PDAC.

November 2023

A drug tested at the Stephenson Cancer Center (SCC) was recently approved by the FDA, providing new and improved treatment options for patients with platinum resistant ovarian cancer for the first time in nearly a decade. Mirvetuximab soravtansine (Elahere) received accelerated FDA approval in November 2022, for patients with ovarian cancer whose tumors are resistant to certain chemotherapies. Most ovarian cancer tumors develop resistance to chemotherapy, making them difficult to treat. The FDA has not approved any new therapies to treat this disease since 2014. The SCC, through the TSET Phase 1 Drug Development Unit, led development of mirvetuximab soravtansine globally and treated the first human to ever receive the medication. Katheen Moore, MD, MS, Associate Director of Clinical Research, Stephenson Cancer Center; Director, Oklahoma TSET Phase 1 Program; and Professor, Section of Gynecologic Oncology, College of Medicine was the principal investigator of the Phase 1 trial and recently presented the results of the Phase 3 trial at the 2023 American Society of Clinical Oncology annual meeting.

Cell Biology

Kanie Tomoharu, PhD, Assistant Professor in the Department of Cell Biology, College of Medicine was the recipient of a new, five-year R35 grant in the amount of \$1,812,500 in August 2023. Funded by the National Institute of General Medical Sciences, National Institutes of Health, U.S. Department of Health and Human Services, his project "Understanding the molecular mechanisms of cilia formation" seeks to answer key unsolved questions, including the composition and origin of the ciliary vesicle. The primary cilium is an organelle found in most human cells, with only one per cell. This structure senses extracellular signaling via receptors that specifically accumulate on the ciliary portion of the cellular membrane. Dysfunction in its structure or function results in disorders called ciliopathies, which include obesity and retinal degeneration. A lack of markers has impaired our ability to study the ciliary vesicle. Dr. Tomoharu previously characterized a small GTPase, RAB34, a more specific marker for the ciliary vesicle, and determined that Neuronal Calcium Sensor-1 (NCS1) captures the ciliary vesicle using its myristoylation motif at the ciliary base. Using these proteins as powerful biochemical tools, this R35 project will focus on answering those key unsolved questions.

Children's Health

* The Environmental Protection Agency awarded a new, four-year grant totaling \$1,898,738 to Changjie Cai, PhD, Assistant Professor in the Department of Occupational and Environmental Health, Hudson College of Public Health, in August 2023. Dr. Cai's project, "Children's Environmental Health Center in U.S. Southern Great Plains," seeks to assess children's health impacts of early life stage stressor exposure and to introduce affordable interventional methods to reduce health effects relating to environmental chemical and non-chemical stressors. This project will also establish a data-driven Children's Health and Social Vulnerability Index to guide future decision making and assess the health disparities and environmental justice of rural schools. Their goal is to

November 2023

develop a center to characterize the environmental stressors that affect children's school absenteeism and evaluate new intervention methods.

In August 2023, Karina Shreffler, PhD, Professor and Associate Dean for Research in the Fran and Earl Ziegler College of Nursing received a new, seven-year, \$10,448,621 grant from the National Institute of Child Health and Development, National Institutes of Health, U.S. Department of Health and Human Services. This project, "Center for Indigenous Resilience, Culture, and Maternal Health Equity," seeks to bring together researchers and community partners in Oklahoma/Southern Plains region to discover the sources of Indigenous MMM disparities and translate scientific results into solutions that eliminate maternal health inequities. Indigenous mothers experience the highest rates of maternal mortality and morbidity (MMM) in the U.S. Over 90 percent of these deaths are preventable. Structural, social, and biobehavioral factors driving these inequities such as food insecurity induced by food apartheid, chronic stress perpetuated through intergenerational trauma, and loss of traditional birthing practices and roles require innovative solutions. To accomplish this, the Center for Indigenous Resilience, Culture, and Maternal Health Equity (CIRCLE) has been formed to better understand and address these factors through individual, family, community, and health systems interventions. The long-term goal is to eliminate disparities in Indigenous MMM through effective translational science spanning best practices in preconception, prenatal, and maternal postpartum care through the first two years of life.

Education and Training

James Barrett, MD, CAQ-Sports, Edith Kinney Gaylord Presidential Professor in the Department of Family and Preventive Medicine and Family Medicine Chair in the College of Medicine was awarded \$19,999,996 for the "Value-Based Medical Student Education Training Program." Funded by the Bureau of Health Workforce, Health Resources and Services Administration in September 2023, this new four-year project will focus on the Tribal, Rural, and Medically Underserved Communities in Oklahoma (TRU-OK). Dr. Barrett and his team seek to increase the number of primary care physicians practicing in TRU-OK, and will accomplish this in partnership with existing and new clinical and educational partners. This project will develop and implement a postbaccalaureate premedical program; plan and implement targeted outreach and recruitment to TRU-OK students; provide scholarships for medical students from TRU-OK and/or with intention to practice in primary care in TRU-OK; develop and implement a defined set of expanded medical school curricula focused on TRU-OK and vulnerable populations; provide development to faculty and community preceptors; develop and implement clinical training site partnerships for preclinical observations/clinical rotations in TRU-OK primary care; and collect metrics for progress/performance evaluation, including postgraduation residency choice data.

Environment

Engineering, is the lead principal investigator of the project "A Regional-Scale Showcase of Hybrid Methane Sensing Networks in the Anadarko Basin." The project is funded by an expected \$8.49 million over five years. Project partners include Flogistix, Devon Energy, Coterra Energy, EnLink Midstream, Cimarron Electrics, AT&T, and SenseAir, as well as collaborators at Pennsylvania State University and the University of Science and Arts of Oklahoma. In addition to the external industrial and academic partners, Weng's research team is collaborating with multiple OU centers and institutes to develop a scalable, integrated surface sensor network system that measures and monitors methane concentration and leak plumes in the Anadarko Basin. The pilot study will focus on a large oil and gas production area over a tract of land approximately 10 miles by 10 miles west of Oklahoma City, which contains more than 100 active upstream drilling wells and some midstream processing facilities. The results of this study aim to help companies detect any accidental methane emissions and comply with carbon mitigation regulations.

Health

For the first time in one year, three faculty at the University of Oklahoma have received Maximizing Investigators' Research Awards from the National Institutes of Health. The highly competitive five-year, \$1,866,485 grants will support their ambitious research programs without the need to recompete for funding throughout the duration of their awards. Vivek Bajpai, Ph.D., an assistant professor in the School of Sustainable Chemical, Biological and Materials Engineering, will lead the project, "Epigenetic and Transcriptional Mechanisms Driving Human Pigmentation Diversity." John Clegg, Ph.D., an assistant professor of biomedical engineering, will lead the project, "Enabled by drug delivery: Studying the role of brain-resident and infiltrating myeloid cell phenotype in brain damage associated with inflammatory disease." Stefan Wilhelm, Ph.D., an associate professor of biomedical engineering, leads the project, "A novel framework for nanomedicine development."

Immunology/Infectious Disease

The National Institute of Allergy and Infectious Disease, National Institutes of Health, U.S. Department of Health and Human Services awarded a new U19 grant in the amount of \$6,575,840 to Mark Lang, PhD, PHF Presbyterian Presidential Professor in the Department of Microbiology and Immunology, College of Medicine in August 2023. The research team seeks to provide basic knowledge that explains why vaccine-induced immunity provides suboptimal protection against C. difficile, to understand the human memory B cell response to the pathogen, and to advance the development and testing of second generation vaccine candidates in this project, "Advancing a second generation C. Difficile vaccine." By the end of the five-year period, the team will advance the goal of understanding why vaccine responses to C. difficile are suboptimal, advance a second generation vaccine, and establish the means for a sustained research program on C.

November 2023

difficile. The overall goal of the Oklahoma C. difficile U19 program is to transform a strong research base on enteric bacterial pathogens into a nationally-recognized center of excellence for research on C. difficile.

Infectious Disease

Rodney Tweten, PhD, a George Lynn Cross Professor of Research in the Department of Microbiology and Immunology, College of Medicine has developed a vaccine that fights streptococcus pneumoniae, which causes pneumonia. Pneumonia can be deadly, especially among the elderly, immunocompromised, and young children. Current vaccines only protect against 23 variants of strep pneumonia. However, Dr. Tweten's vaccine detects and fights off almost three times that amount. This vaccine is currently in a Phase I Clinical Trial.

Infrastructure

In August 2023, Judith James, MD, PhD, GLC Research Professor of Medicine in the Department of Internal Medicine, College of Medicine; Associate Vice Provost for Clinical & Translational Science; and Director, Oklahoma Clinical & Translational Science Institute received a new, five-year U54 grant in the amount of \$20,299,995 from the National Institute of General Medical Sciences, National Institutes of Health, U.S. Department of Health and Human Services. This award funds the Oklahoma Shared Clinical and Translational Resources (OSCTR; EHR). To support rural and tribal health equity, the OSCTR will assist tribal health systems in building CTR infrastructure, foster interactions via the Tribal Engagement Unit, and expand research with community organizations to address social determinants of health and increase opportunities for clinical trial participation. They continue to support the development of junior investigators from many disciplines by providing training, mentoring, pilot grants, access to patient samples and clinical data, biostatistics/epidemiology expertise, study recruitment and regulatory assistance, and comprehensive online resources. The project will engage health professionals, communities, and patients in high-priority CTR through an online portal and existing networks of community-oriented health improvement organizations. The team will continue work with Oklahoma IDeA programs and the national IDeA-CTR network to develop and share effective infrastructure and increase opportunities for Oklahomans to participate in cutting-edge research. Together, these activities will grow and sustain a critical mass of investigators and vital infrastructure.

Materials/Defense

The University of Oklahoma's Advanced Radar Research Center, the largest academic radar program in the nation, has received an \$8.16 million grant from the Office of Naval Research to explore strategies to increase the transmitted long-distance power density of phased arrays to overcome radar range limitations and counter the growing threat of unmanned aerial systems.

November 2023

• University of Oklahoma faculty have received a combined nearly \$3.4 million in grants to acquire three technologies that will advance OU researchers' ability to conduct state-of-the-art materials research. Two OU research teams have received Major Research Instrumentation awards from the National Science Foundation. These awards are designed to increase access to research instrumentation that supports training and collaboration across disciplines. A third team received a Defense University Research Instrumentation Program, or DURIP, award from the Air Force Office of Scientific Research.

Patents

■ The University of Oklahoma is the only university in the state to have ranked among the Top 100 U.S. Universities Granted Utility Patents in 2022, a list published by the National Academy of Inventors. This new list was created to highlight and celebrate American innovation and to showcase the role universities play in advancing the innovation ecosystem within the U.S. and beyond.

Pulmonary Disease

Genentech sponsors the Phase 2 clinical trial, "A Two-Cohort, Phase II, Multicenter, Randomized, Double-blind, Parallel-Group, Placebo-Controlled Study Evaluating the Efficacy and Safety of Vixarelimab Compared with Placebo in Patients with Idiopathic Pulmonary Fibrosis and in Patients with Systemic Sclerosis-Associated Interstitial Lung Disease." This two-cohort \$1,274,204 trial is led at OUHSC by Jad Kebbe, MD, Associate Professor in the Department of Medicine, Pulmonary, Critical Care & Sleep Medicine Section and Director of Interstitial Lung Disease Program, College of Medicine. Cohort 1 is designed to be pivotal and will assess the efficacy and safety of the drug vixarelimab in patients with idiopathic pulmonary fibrosis (IPF). Pirfenidone and nintedanib are currently the only pharmacologic therapies approved for the treatment of IPF. However, neither treatment halts disease progression or improves any objective measurements of disease status. Cohort 2 will assess the efficacy and safety of vixarelimab in patients with systemic sclerosis-associated interstitial lung disease (SSc-ILD). Nintedanib and tocilizumab are currently the only two therapeutics approved by the U.S. Food and Drug Administration for slowing the rate of decline in pulmonary function in SSc-ILD, and only nintedanib is approved by the European Medicines Agency. However, as in IPF, disease progression and respiratory decline remain inevitable, highlighting the need for novel therapeutic approaches. The trial will evaluate the efficacy, safety, and pharmacokinetics of vixarelimab compared with placebo in patients with IPF (Cohort 1) and in patients with SSc-ILD (Cohort 2).

Surgery Critical Care

 Alisa Cross, MD, FACS, Associate Professor in the Department of Surgery, Medical Director of Emergency General Surgery, and Associate Medical Director, Surgery Critical Care in the College of Medicine leads the clinical trial "A Prospective,

November 2023

Multicenter, Randomized, Double-Blind, Placebo-Controlled Large Simple Trial Evaluating the Use of BE1116 (4-Factor Prothrombin Complex Concentrate [Kcentra® / Beriplex®]) to Improve Survival in Patients with Traumatic Injury and Confirmed or Suspected Acute Major Bleeding Predicted to Receive a Large Volume Blood Product Transfusion" at OUHSC. Sponsored by CSL Behring, this \$1,010,190 Phase 3 trial will investigate the efficacy and safety of a single intravenous (IV) infusion of the drug BE1116 in patients with traumatic injury and confirmed or suspected acute major bleeding predicted to receive a large volume blood product transfusion. The primary objective is to assess the efficacy of a single IV infusion of BE1116 on all-cause mortality at 6 hours after the start of the infusion in patients with traumatic injury and confirmed or suspected acute major bleeding predicted to receive a large volume blood product transfusion. Secondary objectives are to assess all-cause in-hospital mortality at hospital discharge or up to 24 hours after the start of the infusion; to assess all-cause inhospital mortality at hospital discharge or up to 30 days after the start of the infusion; to assess the requirement for surgical or interventional radiological procedures to stop hemorrhage; and to assess the safety of BE1116.

• OUHSC is now a clinical trial site for "A Phase 1 First-In-Human Study Evaluating Safety, Pharmacokinetics And Efficacy Of ABBV-706 As Monotherapy And In Combination With Budigalimab (ABBV-181), Carboplatin, Or Cisplatin In Adult Subjects With Advanced Solid Tumors," sponsored by AbbVie. This \$1,431,901 trial is led by James Battiste, MD, PhD, Associate Professor in the Department of Neurosurgery, College of Medicine. There is a large unmet medical need for more effective therapy targeting SEZ6-expressing tumors, such as small cell lung cancer, high-grade central nervous system tumors, and diverse high-grade, poorly differentiated neuroendocrine carcinomas. The study seeks to evaluate the antitumor activity of ABBV-706 in subjects with R/R small cell lung cancer, high-grade central nervous system tumors (GBM, IDH-wildtype Grade 4; oligodendroglioma, IDH-mutant, and 1p/19qcodeleted Grade 3; astrocytoma, IDH-mutant Grade 3 or Grade 4) and neuroendocrine carcinomas. ABBV-706 is an antibody-drug conjugate (ADC) with an anti-seizure-related 6 homolog (SEZ6) antibody and topoisomerase 1 (Top1) inhibitor payload. Preclinical data indicate a favorable risk-benefit profile in tumors which express SEZ6.

ISSUE: SUBSTANTIVE PROGRAM CHANGES – NC

ACTION PROPOSED:

<u>President Harroz recommends the Board of Regents approve the proposed changes in the Norman Campus academic programs.</u>

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education require that all substantive changes in degree programs be presented to the institution's governing board for approval before being forwarded to the Office of the Oklahoma State Regents. The proposed academic programs listed below have been approved by the appropriate faculty, academic units, and deans; reviewed by the Academic Programs Council and/or Graduate Council; and approved by the Senior Vice President and Provost. They are being submitted to the Board of Regents for approval prior to submission to the Oklahoma State Regents.

Substantive Program Changes
Reviewed by the Academic Programs Council or Graduate Council
November 2023

New Program

PRICE COLLEGE OF BUSINESS

Entrepreneurship and Innovation, Master of Science (RPC TBA, MC MTBA)

Request creation of a Master of Science with the Level III program name Entrepreneurship and Innovation. The program consists of 30 credit hours, with 8 hours in the program core and 22 hours of electives.

Reason for request:

In today's global economy, entrepreneurship and innovation have become essential drivers of economic growth, national competitiveness, and societal progress. They create new opportunities, industries and jobs in fields ranging from energy to health care, and manufacturing to sustainability. As the world grapples with unprecedented challenges, the need for novel ideas and business models has become even more pressing. The MS in Entrepreneurship & Innovation addresses these issues in a hybrid delivery mode that combines an in-residence week of project-focused learning and networking with online delivery of content and interaction.

Program Deletion

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Applied Linguistic Anthropology, Master of Arts (RPC 360, MC M026)

Request deletion of the Applied Linguistic Anthropology Master of Arts. The program has no students enrolled.

Reason for request:

A few years ago we created the MA in Anthropology with a concentration in Linguistics. All of our linguistics students are in that concentration. This MA is no longer needed.

New Options

COLLEGE OF PROFESSIONAL AND CONTINUING STUDIES

Interdisciplinary Studies: Construction Management, Bachelor of Arts (RPC TBA, MC BTBA)

Requesting addition of an option under the Level III program title of Interdisciplinary Studies. Option name will be Interdisciplinary Studies: Construction Management. The degree requires 120 hours, with 30 hours in the major.

Reason for request:

PACS seeks to expand the major offerings available within the Interdisciplinary Studies (B.A.) program in order to provide the specific population of students eligible for Adult Degree Completion with more varied learning opportunities. This major addition within the degree will also allow the College of Architecture to offer their expertise to these students. This new major addition, Construction Management, will connect to the construction industry where there is a strong demand specifically to Oklahoma's top 100 critical occupations. This major within the degree will share 50% of the core requirements, providing courses relevant to the workforce indemand knowledge and skills including communication, data literacy and analysis, problem solving methods, and practical application of knowledge learned in the program. The other 50% of the major requirements are topic-specific, providing depth of knowledge in the field of construction management. Admission and retention policies designed for adults completing their degrees, along with fully online delivery, distinguish this degree from others and allows for targeted student support, providing the best opportunities for adult students to reach their graduation goals. Admission requirements include at least 60 letter-graded credits, a 2.0 GPA, and the student must be age 21 or older with work/professional experience/activities indicating maturity and appropriate motivation.

<u>Interdisciplinary Studies: Learning and Education Studies, Bachelor of Arts (RPC TBA, MC BTBA)</u>

Requesting addition of an option under the Level III program title of Interdisciplinary Studies. Option name will be Interdisciplinary Studies: Learning and Education Studies. The degree requires 120 hours, with 30 hours in the major.

Reason for Request:

PACS seeks to expand the major offerings available within the Interdisciplinary Studies (B.A.) program in order to provide the specific population of students eligible for Adult Degree Completion with more varied learning opportunities. This major addition within the degree will also allow the College of Education to offer their expertise to these students. This new major addition, Learning and Education Studies, will connect to the education career field where there is a strong demand specifically for Oklahoma's top 100 critical occupations. This major within the degree will share 50% of the core requirements, providing courses relevant to the workforce in-demand knowledge and skills including communication, data literacy and analysis, problem solving methods, and practical application of knowledge learned in the program. The other 50% of the major requirements are topic-specific, providing depth of knowledge in the field of study. Admission and retention policies designed for adults completing their degrees, along with fully online delivery, distinguish this degree from others and allows for targeted student support,

providing the best opportunities for adult students to reach their graduation goals. Admission requirements include: at least 60 letter-graded credits, a 2.0 GPA, and the student must be age 21 or older with work/professional experience/activities indicating maturity and appropriate motivation.

Option Deletion

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Integrative Studies, Master of Arts (RPC 232, MC M578)

Request deletion of the online Museum Studies option from the Master of Arts in Integrative Studies. There are 113 students enrolled. Students have the option to finish the current curriculum M578 or opt-in to the new curriculum Master of Arts in Museum Studies (M700). The new program (M700) offers courses needed for the student to complete their degree. The program will continue to offer comprehensive exams to students in the program. The remaining thesis students have identified advisors and will be allowed to defend.

Reason for request:

The program was updated to the Master of Arts in Museum Studies M700 as part of the move to the Dodge Family College of Arts and Sciences.

Program Changes

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Spanish, Master of Arts (RPC 216, MC M850)

The Master of Arts in Spanish has two tracks as options. Currently, both the thesis and non-thesis tracks require the comprehensive exam. We want to eliminate the comprehensive exam for the thesis track.

Two deleted courses, SPAN 5233 and SPAN 5333, were removed from the elective lists.

Reason for request:

The requirements of the comprehensive exams and the thesis discourage students from choosing the Thesis track. By eliminating the comprehensive exam for the Thesis track, more students will choose this important option.

Concentration Deletions

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Anthropology: Standard, Doctor of Philosophy (RPC 010, MC D025 R041)

Request deletion of the 'Standard' concentration from the Ph.D. in Anthropology program. No students are enrolled.

Reason for Request:

The last student in the PhD Anthropology Standard concentration graduated in 2017. For many years now, we have only enrolled students to our other PhD Concentrations (Archaeology D025 R044, Human Health and Biology D025 R306, Socio-Cultural/Linguistic Anthropology D025 R618). This Standard concentration needs to be deleted because it is no longer being used and the degree requirements are long out of date.

Biology: Bioinformatics, Master of Science (RPC 229, MC M105 Q061)

Delete the Bioinformatics concentration from the Master of Science in Biology program.

Reason for Request:

There are no students in this concentration and the courses required are not being taught and have not been taught for many years.

Biology: Bioinformatics, Doctor of Philosophy (RPC 230, MC D105 R061)

Delete the Bioinformatics concentration from the Ph.D. in Biology program.

Reason for Request:

There are no students in this concentration and the courses required are not being taught and have not been taught for many years.

Substantive Program Changes

October 2023

New Certificates

PRICE COLLEGE OF BUSINESS

Renewable Energy Management, Undergraduate Certificate (RPC TBD, MC TBD)

New Certificate in Renewable Energy Management. The certificate requires a total of 15 credit hours with 12 hours of required coursework and 3 hours of electives chosen from a list of approved courses maintained by the department.

Reason for request:

The proposed Renewable Energy Management Certificate is open to any student at the University of Oklahoma who has an interest in business-related aspects of the renewable energy industry. Students who pursue the Certificate will be able to demonstrate an in-depth knowledge of business-related aspects of renewable energy from a variety of viewpoints and perspectives. This Certificate will be beneficial to students whose chosen career paths require an understanding of business-related renewable energy, including but not limited to all commercial positions, business development, and law. Classes are available to students across the OU campus. Courses will be delivered traditionally, on-line or in hybrid form. This certificate is intended to provide formal certifications to both Price College majors and non-majors.

These certificates should be employer-driven collaborations with industry experts, employers, governmental and local stakeholders. Those segments clearly show evidence of sufficient employer demand, especially in the energy ecosystems developed by the US and the

world. The desire to significantly reduce the country's dependence on hydrocarbons is clear. The great energy transition has begun and many forms of renewable energy will be developed and created to meet developing carbon reductions. Currently all of the possible technologies are being explored by industry and governmental agencies and monetary incentives. Wind and solar are more mature renewable energy sources with many new focus areas including carbon capture, green hydrogen, renewable natural gas, hydroelectric, geothermal, fusion and fission. The use of hydrocarbon sources will remain significant through 2050 and that plays to EMGT's historical strength. The certificate will open up and attract more students to Price college.

Aerospace & Defense Analytics, Graduate Certificate (RPC TBD, MC TBD)

Requesting the addition of a new Graduate Certificate with a title of Aerospace & Defense Analytics. This program is 12 total credit hours with 4 hours of required courses and 8 hours of electives.

Reason for request:

Students pursuing this proposed certificate will develop skills that will readily be transferred to the workforce. Specific skills include: application of quantitative methods, analysis, modeling data and the interpretation of data results, identifying problems and processes to address them, designing aerospace and defense network infrastructure to guard against cyber threats, managing projects in the aerospace and defense industry, developing tools and techniques to plan and control projects, implementation of Lean Six Sigma principles for workplace efficiency, understand relevant security concerns and topics in data management.

Aerospace and Defense is the second largest economic sector in Oklahoma. It is also the fastest growing economic sector in the state. Businesses have not been able to fulfill their workforce needs and despite having many quality prospective employees in Oklahoma, there has not been enough fully qualified employees and companies recruit outside the state. Inside the state of Oklahoma there are demand signals from students who want to take advantage of the growing industry. This program allows graduates to hone their skills and make them even more marketable for a sector that is stable and rewarding. Graduates from this program will be better prepared for the following positions; quality control analyst, project manager, engineering team lead, data security manager, and systems engineer.

Program Modifications

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Ethics & Religion, Bachelor of Arts (RPC 078, MC B820).

Requesting changes to the Religious Studies Option. Changing 24 hours of major electives to specify that at least 15 credit hours must be RELS courses from the Department of Religious Studies and that the remaining 9 credit hours may be chosen from the department-maintained elective course list. Total hours for the degree will not change.

Reason for request:

Religious Studies would like to correct an error in last year's program modification. Changing the wording of the major elective requirement will maintain the rigor of the degree by requiring that the majority of courses in the major are taken within Religious Studies.

POLYTECHNIC INSTITUTE

Cybersecurity, Bachelor of Science (RPC 496, MC B264).

Requesting to 1) Add CYBS 3223 Applied Statistics for Computing to the Major Requirements. 2) Reduce the CYBS major elective from 18 hours (6 courses) to 12 hours (4 courses) electives which reduces the major requirements from 60 hours to 57 hours. 3) Remove ISE 3293 Applied Engineering Statistics from the Major Support Requirements. 4) Add footnote: Students may take MATH 1743 and MATH 2123 or MATH 1914 and MATH 2924 in place of MATH 1823 and 2423. 5) Add 6 hours of open electives so the total hours will remain the same. Total hours for the degree will not change.

Reason for request:

These changes were necessary to facilitate a smooth transfer pathway The previously required upper-division engineering statistics course is not approved for credit from a 2-year institution. Therefore, a new course is being proposed for the accreditation-required statistics course. This course is now specific to computing statistics.

All upper division courses were CYBS though the minimum number of accredited courses was exceeded already. Therefore, student choice options have been added in the form of electives.

Substantive Program Changes Reviewed by the Academic Programs Council or Graduate Council September 2023

New Program

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Clinical Mental Health Counseling, Master of Science (RPC TBD, MC MTBD)

Request the addition of a Master of Science with the Level III program name of Clinical Mental Health Counseling on the Norman and Tulsa campus. The program requires a total of 60 credit hours with 45 hours in the program core and 15 hours of electives.

Reason for request:

We are requesting a new degree in order to separate our on-campus program delivered on the Norman and Tulsa Campuses from our 100% online program. This new program will be geared to our graduate students who are pursuing a Licensed Professional Counseling (LPC) certification in the State of Oklahoma. This 60-hour program allows our graduates to apply for licensure as Licensed Professional Counselors after obtaining their degrees from the Oklahoma State Board of Behavioral Health Licensing.

Program Deletion

MEWBOURNE COLLEGE OF EARTH AND ENERGY

Geological Engineering, Bachelor of Science (RPC 091, MC B470)

Request deletion of the Bachelor of Science in Geological Engineering program to be effective immediately. There are no students enrolled in the program.

Reason for request:

Bachelor of Science Geological Engineering performing below the OSRHE productivity policy threshold. Bachelor-level programs are flagged when the 5-year average for enrollment and graduation fall below 12 students.

ISSUE: ACADEMIC PROGRAM REVIEW FINAL REPORT (ORTHODONTICS) – HSC

ACTION PROPOSED:

President Harroz recommends the Board of Regents approve the 2023 Graduate College Program Review Final Report for the Master of Science in Orthodontics.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education require the review of educational programs and functions at the campus level through an academic program review process. At the Health Sciences Center campus, the Graduate College undertakes these reviews on a seven-year cycle. These reviews include the Graduate College's academic degree programs. The following academic program review was completed in 2022-2023:

• Master of Science in Orthodontics

Oklahoma State Regents' policy 3.7.7 calls for all academic program review reports to be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration. This report is submitted here for approval.

ISSUE: ACADEMIC PROGRAM REVIEW FINAL REPORTS – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents approve the 2022-23 Academic Program Review Final Reports.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education require the review of educational programs and functions at the campus level through an academic program review process. At the University of Oklahoma – Norman campus, academic units undertake these reviews on a seven-year cycle. These reviews include the unit's academic degree programs. The following academic units and programs were reviewed in 2022-23:

- Division of Architecture
- Haskell and Irene Lemon Division of Construction Science
- Division of Interior Design
- Division of Planning, Landscape Architecture, and Environmental Design
- Department of Health and Exercise Science
- Department of Human Relations
- Department of Psychology
- Anne and Henry Zarrow School of Social Work

State Regents' policy calls for all academic program review reports to be presented to the institution's governing board for approval before being forwarded to the State Regents for consideration. They are submitted here for approval.

ISSUE: POST SEASON CONTEST – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents:

- I. Authorize the President, the Athletic Director, or their designee to award purchase orders and sign contracts associated with The University of Oklahoma's participation in a post-season bowl game; and
- II. Authorize the President, the Athletic Director, or their designee to negotiate an agreement with The University of Oklahoma Foundation to advance bowl related expenses as required.

BACKGROUND AND/OR RATIONALE:

Arrangements necessary for the University's participation in a bowl game must be made prior to the next Regents' meeting; therefore, it is necessary to seek authorization for the President, the Athletic Director, or their designee to award purchase orders and sign contracts associated with the University's participation in a bowl game. Provisions outlined in Regents' policies regarding post-season athletic contests will be followed. Additionally, an agreement with the University of Oklahoma Foundation to advance bowl related expenses is required to facilitate the contracts, purchase orders and arrangements necessary for the University's participation in a post season bowl game.

ISSUE: DAKTRONICS SCOREBOARD PURCHASE – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents authorize the President, the Athletic Director, or their designee to award purchase to Daktronics, Inc, Brookings, South Dakota for the scoreboard and installation for the Love's Field softball facility project.

BACKGROUND AND/OR RATIONALE:

Board of Regents' policies and procedures require that purchases over \$1,000,000 must be submitted for prior approval and sole source purchases in this category must be identified as such.

The new scoreboard is funded from athletics capital and other department funds and approved through the master lease program. Current estimates have the scoreboard project totaling \$1,419,389.00. It is a sole source purchase. Daktronics is the sole source provider due to the integration within the current LED system and the accompanying eligibility for a service level agreement (SLA). Each LED system across all athletic venues is manufactured and serviced by Daktronics, allowing for compatibility across systems. Further, the SLA offered by Daktronics allows for the University to consolidate service for the LED systems to one SLA contract. This is critical to the execution of contractual agreements with the Multi-Media Rightsholder (MMR) for LED sponsorships.

The sole source provider identified is Daktronics, Inc. of Brookings, South Dakota. Funding has been identified, is available and budgeted within the Athletics Department operating, capital, and other available accounts set aside for Athletics Department use.

ISSUE: SOFTBALL PLAYING FIELD – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents authorize the President, the Athletic Director, or their designee to award purchase to United Turf and Track, of Oklahoma City, Oklahoma, for the softball playing field for the Love's Field softball facility project.

BACKGROUND AND/OR RATIONALE:

Board of Regents' policies and procedures requires that purchases over \$1,000,000 must be submitted for prior approval.

A new playing field is funded from athletics capital and other department funds included in the overall softball facility project. Current estimates have the softball playing field acquisition and installation totaling \$1,053,945. The estimate is based on a competitive solicitation (I-23224-23), which United Turf and Track was awarded. Funding has been identified, is available and budgeted within the Athletics Department operating, capital, and other available accounts set aside for Athletics Department use.

ISSUE: ACADEMIC PERSONNEL ACTIONS – ALL

ACTION PROPOSED:

President Harroz recommends the Board of Regents approve the academic personnel actions shown. An executive session pursuant to Section 307B.1 of the Open Meeting Act may be proposed.

Health Sciences Center:

LEAVE(S) OF ABSENCE:

Corbett, Audrey, Associate Professor of Internal Medicine, Associate Dean of Clinical Affairs, and Chief Medical Officer, OU Health Physicians – Tulsa, return from medical leave of absence with pay, October 09, 2023.

NEW APPOINTMENT(S):

Borengasser, Sarah PhD, Associate Professor of Pediatrics and Vice Chair for Research and Training for the Harold Hamm Diabetes Center, annualized rate of \$160,000 for 12 months, September 1, 2023 through June 30, 2024. Includes an administrative supplement of \$10,000 while serving as Vice Chair.

Busik, Julia PhD, Professor and Chair of Biochemistry and Physiology, annualized rate of \$325,000 for 12 months, September 1, 2023 through June 30, 2024. Includes an administrative supplement of \$122,000 while serving as Chair of Biochemistry and Physiology.

Machado, Ricardo, DDS, MSc, PhD, Clinical Associate Professor in Restorative Sciences (Endodontics), annualized rate of \$150,000 for 12 months, October 31, 2023 through June 30, 2024.

Rambob, Isabel, DDS, Clinical Associate Professor in Restorative Sciences (Comprehensive Care) and Assistant Dean for Student Affairs, annualized rate of \$190,000 for 12 months, October 31, 2023 through June 30, 2024. Includes an administrative supplement of \$40,000 while serving as Assistant Dean for Student Affairs.

Rhudy, Jamie, PhD, Professor of Health Promotions Sciences and Site Director of the TEST Health Promotion Research Center – Tulsa Campus, annualized rate of \$200,000 for 12 months, January 2, 2024 through June 30, 2024. Includes an administrative supplement of \$10,000 while serving as Site Director.

CHANGE(S):

Cooper, Jeffery, Clinical Assistant Professor in Nursing and Assistant Dean of Admin and Finance, title Assistant Dean of Admin and Finance deleted; given additional title of Associate Dean of Admin and Finance salary changed from annualized rate of \$140,118.15 for 12 months, to annualized rate of \$165,118.15 for 12 months, October 22, 2023 through June 30, 2024. Promotion; additional administrative supplement of \$25,000 while serving as Associate Dean.

Dunn, Ian, Professor and Chairman of Neurosurgery, Senior Associate Dean for Clinical Affairs and Harry Wilkins, MD Chair in Neurosurgery, titles Chairman of Neurosurgery and Senior Associate Dean for Clinical Affairs deleted; given additional titles of Executive Dean, College of Medicine and Lawrence N. Upjohn Chair in Medicine; salary changed from annualized rate of \$251,480 for 12 months, to annualized rate of \$875,000 for 12 months, January 15, 2023 through June 30, 2024. Increase of \$623,520. Increase for FTE and new administrative role supplement of \$800,000 while serving as Executive Dean, College of Medicine.

Fuller, Kevin, Assistant Professor of Ophthalmology, given additional title Stanley Muenzler, MD, Professorship in Ophthalmology, January 1, 2024. Three-year term endowed professorship appointment. No compensation change.

Jain, Ajay, Professor and Section Chief of Surgery and Surgery Student Research Director, given additional title G. Rainey Williams Research Professorship, September 6, 2023. Three-year term endowed professorship appointment. No compensation change.

Jones, Emily, Professor of Nursing, Department Chair of Child and Family Health Sciences, PhD Program Director, and Cyndy Ellis-Purgason Chair in Child Health, salary changed from annualized rate of \$161,456 for 12 months, to annualized rate of \$191,384 for 12 months, July 2, 2023 through June 30, 2024. Promotion increase of \$29,927.59.

Kulesus, Kaitlyn, Assistant Professor of Anesthesiology, given additional title John H. Saxon, III, M.D. Professorship of Anesthesiology, October 17, 2023. Two-year term endowed professorship appointment. No compensation change.

Li, Tiangang, Professor of Physiology, salary changed from annualized rate of \$174,924 for 12 months, to annualized rate of \$183,000 for 12 months, July 2, 2023 through June 30, 2024. Promotion increase of \$8,078.

Masood, Farah, Professor of Diagnostic and Preventative Sciences and Division Head of Oral Diagnosis and Radiology, given additional title of Department Chair of Diagnostic and Preventative Sciences, salary changed from annualized rate of \$147,040.74 for 12 months, to annualized rate of \$190,000 for 12 months, July 30, 2023 to June 30, 2024. Increase of \$20,556.09. Includes administrative supplements of \$12,000 while serving as Division Head and \$26,000 for Department Chair.

Naifeh, Monique, Professor of Pediatrics and CMRI Presbyterian Health Foundation Endowed Chair, salary changed from annualized rate of \$126,000 for 12 months, .60 time, to annualized rate of \$178,2940 for 12 months, .70 time, June 18, 2023 through June 30, 2024. Promotion and FTE increase of \$52,940.

Rhoades, Dorothy, Clinical Professor of Medicine, appointment change to Professor of Medicine; given additional title of Director of the Native American Center for Cancer Health Equity (NACCHE), salary changed from annualized rate of \$138,111 for 12 months, .51 time, to annualized rate of \$203,105 for 12 months, .75 time, October 8, 2023 through June 30, 2024. Increase for FTE and administrative supplement of \$64,994 while serving as Director of NACCHE.

Smith, Zachary, Professor of Neurosurgery and Co-Director of Graduate Program in Neuroscience in the Graduate College, given additional title Esther and Ted Greenberg Chair in Neurosurgery, September 5, 2023. Three-year term endowed chair appointment. No Compensation Change.

Tsiokas, Leonidas, George Lynn Cross Research Professor and Chair of Cell Biology and Adjunct Professor of Medicine, salary changed from annualized rate of \$295,750 for 12 months to annualized rate of \$325,000 for 12 months, September 10, 2023 through June 30, 2024. Includes an administrative supplement of \$131,250 while serving as Chair of Cell Biology. Market adjustment of \$29,250 to address equity issue.

Ulahannan, Susanna, Associate Professor of Medicine, salary changed from annualized rate of \$309,714 for 12 months, .70 time, to annualized rate of \$222,330 for 12 months, .70 time, August 27, 2023 through June 30, 2024. OUHPI Compensation Plan Adjustment. Decrease of \$87,384.

Whitley, Tracey, Clinical Assistant Professor in Diagnostic and Preventative Sciences and Periodontics Division Head, College of Dentistry, appointment change to Assistant Professor of Diagnostic and Preventative Sciences; given additional title of Program Director of Graduate Periodontics, salary changed from annualized rate of \$170,000 for 12 months, to annualized rate of \$185,000 for 12 months, October 8, 2023 to June 30, 2024. Administrative supplement increase of \$15,000. Includes administrative supplements of \$11,792 while serving as division head and \$15,000 for program director.

Wilson, Jane, Dean and Stuart C. Miller Professor of Allied Health, salary changed from annualized rate of \$236,995.58 for 12 months, to annualized rate of \$286,995.58 for 12 months, August 13, 2023 through June 30, 2024. Market adjustment increase of \$50,384 to fulfill offer letter commitment. Includes administrative supplement of \$117,713 while serving as Dean.

NEPOTISM WAIVER(S):

Busik, Julia, Professor and Chair of Biochemistry and Physiology, and Proshilyakov, Denis, Professor of Biochemistry and Physiology. Dr. Busik will report directly to the Executive Dean, College of Medicine. Within the department, all performance evaluations and recommendations for compensation, promotion, tenure, awards and decisions regarding grant finances, travel, and scheduling for Dr. Proshlyakov will be made by Dr. Leonidas Tsiokas, chair of Cell Biology or by qualified objective person unrelated to the employee. Any expenditures for Dr. Proshlyakov will be reviewed and approved by Leonidas Tsiokas, PhD, Chair, Cell Biology, or by qualified, objective persons unrelated to the employee.

RESIGNATION(S) AND/OR TERMINATION(S):

Aravindan, Natarajan, Professor of Radiation Oncology, October 31, 2023.

Cerqueira, Oliver, Assistant Professor of Internal Medicine – Tulsa and the George Kaiser Family Foundation Professor of Community Medicine #20a, October 31, 2023.

Chrusciel, Deepti, Associate Professor of Neurology and Presbyterian Health Foundation Chair in Child Neurology, August 7, 2023.

Lim, Robert, Professor of Surgery – Tulsa, Surgery Vice Chair of Education, Surgery Residency Program Director and George Kaiser Family Foundation Chair in Surgery, October 14, 2023.

Madison, Stefani, Assistant Professor of Palliative Care and E.L. and Thelma Gaylord Foundation Chair in Cancer Survivorship & Palliative Care, August 18, 2023.

Outob, Mohd, Assistant Professor of Surgery – Tulsa, September 29, 2023.

RETIREMENT(S):

Perkins, Patricia, Clinical Assistant Professor in Neurology, August 1, 2023.

Talbert, Michael, Professor and Chair of Pathology and the Lloyd E. Rader Chair in Pathology, September 9, 2023.

Norman Campus:

LEAVE(S) OF ABSENCE:

Bessire, Lucas, Professor of Anthropology, leave of absence with pay, September 1, 2023 through May 1, 2024. Fellow at the Center for Advanced Studies in the Behavioral Sciences at Stanford University.

Cobb-Greetham, Amanda, Professor of Native American Studies and Coca-Cola Professor of Native American Studies, leave of absence with pay, August 16, 2023 through December 31, 2023. Fellow of the John Simon Guggenheim Memorial Foundation in New York, New York.

DeAngelo, Darcie, Assistant Professor of Anthropology, leave of absence with pay, August 16, 2023 through May 15, 2024. Annie Clark Tanner Fellow in Environmental Humanities at the Tanner Humanities Center and Environmental Humanities Program at the University of Utah.

Furtado, Jason C., Associate Professor of Meteorology and Carlisle and Lurline Mabrey Presidential Professor of Meteorology, sabbatical leave of absence with half pay, January 1, 2024 through May 15, 2024 and August 16, 2024 through December 31, 2024.

Harjo, Laura, Associate Professor of Native American Studies, leave of absence with pay, August 16, 2023 through May 15, 2024. Distinguished Visiting Fellow in Native American and Indigenous Studies at Emory University.

Holland, Jennifer L., Associate Professor of History and L.R. Brammer Jr. Presidential Professor, leave of absence with pay, September 1, 2023 through May 15, 2024. Clements Senior Research Fellow at the Center for Southwestern Studies at Southern Methodist University.

Malka, Adam C., Associate Professor of History, leave of absence with pay, January 1, 2024 through May 15, 2024. American Antiquarian Society-National Endowment for the Humanities Fellow in Worcester, Massachusetts.

Skeets, Matthew J., Assistant Professor of English, leave of absence with pay, August 16, 2023 through May 15, 2024. John and Renée Grisham Writer in Residence at the University of Mississippi.

CHANGE(S):

Abbas, June M., Professor of Library and Information Studies and Edith Kinney Gaylord Presidential Professor, title changed from Interim Director to Director of the School of Library and Information Studies, salary changed from annualized rate of \$105,976 for 9 months to annualized rate of \$151,301 for 12 months, September 29, 2023. Changing from 9-month faculty to 12-month academic administrator.

Bass, Loretta E., Professor of Sociology, Adjunct Professor of Women's and Gender Studies, and Edith Kinney Gaylord Presidential Professor, delete title Chair of the Department of Sociology, salary changed from annualized rate of \$155,948 for 12 months to annualized rate of

\$125,579 for 9 months, August 16, 2023. Changing from 12-month academic administrator to 9-month faculty.

Carter-Sowell, Adrienne R., Professor of Psychology and Director of Gateway to Belonging in the First-Year Experience Program, annualized rate of \$182,954 for 12 months, additional stipend of \$10,200 for increased teaching duties in First-Year Experience Program, August 16, 2023 through December 31, 2023.

Durcikova, Alexandra, Associate Professor of Management Information Systems and John E. Mertes, Jr. Professor of Excellence Presidential Professor, given additional title Interim Director of the Division of Management Information Systems, salary remains at annualized rate of \$181,425 for 9 months, November 1, 2023.

Greene, J. Scott, Professor and Chair of the Department of Geography and Environmental Sustainability, annualized rate of \$181,405 for 12 months, additional stipend of \$12,000 for serving as Coordinator of the Oklahoma Alliance for Geographic Education, October 1, 2023 through September 30, 2024; additional stipend of \$7,000 for increased teaching duties in the Department of Geography and Environmental Sustainability, January 1, 2024 through May 15, 2024.

Grillot, Suzette R., Professor of the Department of International and Area Studies, annualized rate of \$178,093 for 9 months, additional stipend of \$8,000 for increased teaching duties in the Department of International and Area Studies, August 16, 2023 through December 31, 2023.

Hamerla, Ralph R., Associate Professor of Honors, delete titles Interim Dean of the Joe C. and Carole McClendon Honors College and Carol Elizabeth Young Chair in Honors, salary changed from annualized rate of \$140,749 for 12 months to annualized rate of \$105,562 for 9 months, November 1, 2023. Changing from 12-month academic administrator to 9-month faculty.

Jeffers, Honoree F., Professor of English and Paul and Carol Daube Sutton Chair in English, salary changed from annualized rate of \$147,517 for 9 months to annualized rate of \$177,517 for 9 months, August 16, 2023. Retention Increase.

Jenkins-Smith, Hank C., George Lynn Cross Research Professor of Political Science, annualized rate of \$246,193 for 9 months, additional stipend of \$25,000 for serving as Co-Director of the Institute for Public Policy Research and Analysis, July 1, 2023 through June 30, 2024. Correction to the September 2023 Agenda.

Jensen, Matthew L., Associate Professor of Management Information Systems, President's Associates Presidential Professor, John E. Mertes, Jr. Presidential Professor and Associate Director of the Institute for Community and Society Transformation, given additional title W.P. Wood Professor in Management Information Systems, salary remains at \$217,135 for 9 months, August 16, 2023.

Johnson, Catherine F.A., Professor of Law and Thomas P. Heister Presidential Professor, given additional title Hugh Roff Professor of Law, salary changed from annualized rate of \$148,176 for 9 months to annualized rate of \$170,176 for 9 months, August 16, 2023.

Kelly, Jeffrey F., George Lynn Cross Research Professor of Biology and Corix Endowed Chair for Water and Sustainability, annualized rate of \$226,034 for 9 months, additional stipend of \$20,000 for serving as Interim Director of the School of Biological Sciences, August 16, 2023 through May 15, 2024.

Kolar, Randall L., David Ross Boyd Professor and Director of the School of Civil Engineering and Environmental Science and Lloyd and Joyce Austin Presidential Professor, given additional title Sun Oil Company Chair in Civil Engineering and Environmental Science, salary changed

from annualized rate of \$207,159 for 12 months to annualized rate of \$214,159 for 12 months, August 1, 2023.

Landis, Joshua M., Professor of International and Area Studies and Sandra Mackey Chair of Middle East Studies, annualized rate of \$150,549 for 9 months, additional stipend of \$10,000 for serving as Director of the Center for Middle East Studies, July 1, 2023 through June 30, 2024; additional stipend of \$18,000 for serving as Director of the Farzaneh Family Center for Iranian and Persian Gulf Studies, July 1, 2023 through June 30, 2024.

Litov, Lubomir P., Associate Professor of Finance, delete title David M. Moffett Professor of Corporate Finance, given additional title Michael F. Price Professor of Finance, salary remains at annualized rate of \$262,485 for 9 months, August 16, 2023.

Markham, Michael R., Associate Dean of Academic Programs in the Dodge Family College of Arts and Sciences, Professor of Biology and Sam K. Viersen Family Foundation Presidential Professor, title changed from Robert G. and Betty Gale Case-Hooper Professor in Biology to Robert G. and Betty Gale Case-Hooper Chair in Biology, salary changed from annualized rate of \$169,213 for 12 months to annualized rate of \$176,213 for 12 months, July 1, 2023.

Michalski, Roger M., Professor of Law, given additional title Arch B. and Jo Anne Gilbert Professor of Law, salary changed from annualized rate of \$146,682 for 9 months to annualized rate of \$168,682 for 9 months, August 16, 2023.

Pearl, Tracy L., Professor of Law, given additional title William J. Alley Professor in Law, salary changed from annualized rate of \$150,724 for 9 months to annualized rate of \$172,724 for 9 months, August 16, 2023.

Saltzstein, Jennifer A., Professor of Music and Associates Second Century Presidential Professor, given additional title Ruth Verne Davis Reaugh Professor of Music, salary changed from annualized rate of \$90,760 for 9 months to annualized rate of \$100,760 for 9 months, August 16, 2023.

Tovino, Stacey A., Professor of Law, delete title William J. Alley Professor of Law, given additional title John B. Turner LL.M Program Chair, salary changed from annualized rate of \$213,160 for 9 months to annualized rate of \$218,160 for 9 months, August 16, 2023. Correction to the September 2023 Agenda.

Venkatesan, Thirumalai, Professor of Physics and Astronomy and of Electrical and Computer Engineering, delete title Director of the Center for Quantum Research and Technology, August 1, 2023; salary changed from annualized rate of \$369,513 for 12 months to annualized rate of \$277,134 for 9 months, August 16, 2023; additional stipend of \$25,000 for serving as Senior Advisor in the Office of the Vice President for Research and Partnerships, July 1, 2023 to June 30, 2024. Changing from 12-month academic administrator to 9-month faculty.

White, Kelvin L., Associate Professor of Library and Information Studies, title changed from Associate Dean to Senior Associate Dean for Faculty Development and Community in the Dodge Family College of Arts and Sciences, salary changed from annualized rate of \$136,407 for 12 months to annualized rate of \$160,733 for 12 months, July 1, 2023; additional stipend of \$36,000 annually for serving as Interim Dean of the Joe C. and Carole Kerr McClendon Honors College, November 1, 2023. Correction to the September 2023 Agenda.

Wimberly, Michael C., Professor of Geography and Environmental Sustainability, annualized rate of \$152,350 for 9 months, additional stipend of \$7,000 for increased teaching duties in the Department of Geography and Environmental Sustainability, January 1, 2024 through May 15, 2024.

RESIGNATION(S)/TERMINATION(S):

Wang, Le, Professor of Economics, President's Associates Presidential Professor and Chong K. Liew Chair in Economics, September 1, 2023.

RETIREMENT(S):

Lamb, Marvin L., Professor of Music and Henry Zarrow Presidential Professor, January 1, 2024. Named Professor Emeritus of Music.

Lifschitz, Lucy, Associate Professor of Mathematics, November 1, 2023. Named Professor Emeritus of Mathematics.

Regens, James L., Professor of Strategic Communications and Director of the University of Oklahoma Center for Intelligence and National Security, February 1, 2024. Named Professor Emeritus of Strategic Communications.

Resasco, Daniel E., George Lynn Cross Research Professor of Sustainable Chemical, Biological and Materials Engineering and Gallogly Chair in Engineering #1, February 1, 2024. Named George Lynn Cross Research Professor Emeritus of Sustainable Chemical, Biological and Materials Engineering.

DEATH(S):

President Harroz regrets to report the following deaths:

Maletz, Donald J., Professor Emeritus of Political Science, August 31, 2023.

Travis, Stephen, Clinical Assistant Professor of General Internal Medicine, November 4, 2023.

Wagner, Irvin L., David Ross Boyd and Regents' Professor; Professor of Music, September 15, 2023.

ISSUE: ADMINISTRATIVE AND PROFESSIONAL PERSONNEL ACTIONS – ALL

ACTION PROPOSED:

President Harroz recommends the Board of Regents approve the administrative and professional personnel actions shown. An executive session pursuant to Section 307B.1, of the Open Meeting Act may be proposed.

Health Science Center:

CHANGE(S):

Adams, Michyla, Pharmacy Manager, Pharmacy Management Consultant, salary changed from an annualized rate of \$140,232 for 12 months to an annualized rate of \$150,632 for 12 months, August 27, 2023. Managerial Staff. Additional Duties and Merit.

RETIREMENT(S):

Henson, Teresa M., Administration & Finance Senior Associate Vice President & Chief Administration Officer, Financial Services, September 10, 2023. Administrative Officer.

Price, Laurie A., Administration & Finance Associate Dean, Nursing Office of the Dean, October 11, 2023. Administrative Staff.

Norman Campus:

CHANGE(S):

Biscoe, Belinda P., University Outreach Public & Community Services Senior Associate Vice President, PCS Administration, salary changed from annualized rate of \$240,453 for 12 months to annualized rate of \$248,745 for 12 months, July 1, 2023. Administrative Officer. Cost of Living Adjustment.

Edwards, Edward B., Master's Program Administrator, Student Support Center, salary changed from annualized salary of \$175,735 for 12 months to annualized salary of \$183,138 for 12 months, July 1, 2023. Managerial Staff. Retention.

Meier, John B., Senior Embedded Software Engineer, VPR- ARRC, salary changed from annualized salary of \$158,146 for 12 months to annualized salary of \$169,216 for 12 months, July 2, 2023. Professional Nonfaculty. Retention.

Sergent, Dean, Senior Program Administrator, Earth & Energy Dean, salary changed from an annualized rate of \$156,817 for 12 months to an annualized rate of \$117,613 for 12 months, November 1, 2023. Managerial Staff. Reduction in FTE.

NEPOTISM WAIVER(S):

Adams, Kayla, Occasional Worker, Arts & Sciences Dean, salary at an annualized rate of \$17,784 for 12 months, September 18, 2023. Kayla Adams is the daughter of Patricia Kimbrough, the Contract/Grant Manager for Arts & Science Dean. Kayla Adams will provide temporary administrative support to the DFCAS Research Administration. All decisions regarding employment, compensation, evaluations, promotions, and awards will be executed by Heather Todd, Executive Director of Operations.

RETIREMENT(S):

Burnett, Bradley T., Enrollment Management Associate Vice President, Financial Aid Services. September 12, 2023. Administrative Officer.

DEATH(S):

President Harroz regrets to report the following death(s):

Gattoni, Susanna M., Deputy General Counsel, Legal Counsel, September 11, 2023.

Kirkland, Donald E., Executive Director Oklahoma Aerospace and Defense Innovation Institute, Defense/Global Security Institute, October 6, 2023.

ISSUE: COLLEGE OF LAW DEAN SEARCH COMMITTEE – NC

ACTION PROPOSED:

In accordance with Board Policy 1.1.2.3, President Harroz recommends the Board of Regents approve the appointment of the listed members to the College of Law Dean Search Committee and launch the search.

BACKGROUND AND/OR RATIONALE:

In order to begin a national advertised search for the next Dean of the College of Law, the President recommends the appointment of a search committee as outlined below.

Board of Regents Policy 1.1.2.3 regarding search committees for Deans provides that the committee shall have faculty, student, and staff representation and outlines the procedures by which nominations are made and search composition is determined.

From among those nominated, the President recommends those listed below to serve on the search Committee:

Co-Chairs Armand Paliotta, Vice President and General Counsel

David Wrobel, Dean, Dodge Family College of Arts and

Sciences; David L. Boren Professor of History; Merrick Chair in

Western American History

College of Law Faculty Steven Gensler, David L. Boren Professor of Law; Gene and

Elaine Edwards Family Chair in Law; President's Associates

Presidential Professor

Liesa Richter, George Lynn Cross Professor of Law; Floyd and

Martha Norris Chair in Law; Thomas P. Hester Presidential

Professor of Law

Megan Shaner, Kenneth E. McAfee Centennial Chair in Law;

President's Associates Presidential Professor

Faculty-at-Large Alisa Hicklin Fryar, Department Chair and Professor,

Department of Political Science

Kalenda Eaton, Associate Professor, Clara Luper Department of

African and African American Studies

Faculty Senate Representative Nian Liu, Department Chair and Associate Professor,

Department of Modern Languages, Literatures and Linguistics

College of Law Staff Jennifer Needham, Dean of Student Engagement

Stanley Evans, Staff

Brady Trantham, Content Writer, Office of Marketing and Communications Staff Senate Representative

Catherine Hensley, J.D. candidate (2L) Student Representative

External Community Member Artoush Varshosaz, Practice Area Leader, Litigation. K&L Gates

LLP, Dallas, TX

ISSUE: SEARCH COMMITTEE – DEAN, COLLEGE OF PHARMACY – HSC

ACTION PROPOSED:

In accordance with Board of Regents' policy 1.4, President Harroz recommends that the Board of Regents approve the correction to the membership of the search committee for the Dean, College of Pharmacy, Health Sciences Center, approved by the Board on June 15, 2023.

BACKGROUND AND/OR RATIONALE:

The following name was inadvertently omitted from the list of appointments submitted to the Board of Regents on June 15, 2023 to serve on the search committee and is added to the approved membership effective June 15, 2023:

Jigar Thakkar, Pharm.D., OU Health Clinical Support Services, Chief Administrative Officer

ISSUE: AMENDMENT TO SECTION 4.2 OF THE BYLAWS FOR GLOBAL OU, INC.

ACTION PROPOSED:

President Harroz recommends that the Board of Regents, as the sole member of Global OU, Inc., approve an amendment to Section 4.2 of the Bylaws for Global OU, Inc., to reflect additional officers, as described.

BACKGROUND AND/OR RATIONALE:

The Board of Regents is the sole Member of Global OU, Inc., the entity that oversees the University's Arezzo program in Italy. Pursuant to Section 4.2 of the Global OU Bylaws, membership on its Board of Directors is identified by a person's University or University of Oklahoma Foundation title. Currently, there are two vacant positions on the Global OU board of directors, requiring that the Bylaws be amended to properly reflect membership. The Board of Regents has the authority to amend the Global OU Bylaws and should amend Section 4.2 to read as follows:

The number of directors shall be six. The directors shall be appointed by the Member. Except as otherwise determined by the Member and subject to the Member's right to remove any director with or without cause, the Member shall be deemed to have appointed as directors the individuals holding the following positions (including interim holders, if applicable) at the University of Oklahoma (the "<u>University</u>") or the University of Oklahoma Foundation (the "<u>Foundation</u>"), or, if any of the following positions cease to exist, the Member shall be deemed to have appointed as directors the individuals holding the positions (including interim holders, if applicable) at the University or Foundation which have replaced the following positions:

- Senior Vice President and Provost of the University, Norman Campus
- Associate Provost for Global Engagement
- Vice President for Student Affairs and Dean of Students of the University
- Vice President and Chief Advancement Officer of the Foundation
- President and Chief Executive Officer of the Foundation
- Senior Vice President and Chief Financial Officer of the University.

ISSUE: REQUEST TO NAME GOLF CLUBHOUSE AND TRAINING FACILITY – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents approve naming the modernized men's and women's team clubhouse the "Ransom House" and the full OU golf training areas that consist of the Ransom Short Course, the men's & women's team clubhouse, indoor performance center and complete practice area the "Jerry J. Ransom Golf Performance Center" in honor of Mr. Ransom's \$5 million gift. Along with this recommendation, the legendary Charlie Coe will be honored inside the modernized clubhouse and with the naming of the driveway leading into the clubhouse.

BACKGROUND AND/OR RATIONALE:

Jerry Ransom is a 1966 OU graduate (BS in Engineering Physics) and a long-time supporter of OU Athletics and the OU Men's and Women's Golf Programs. In 1978 Jerry founded OmniSYS, to develop computer-aided transcription systems for court & freelance reporters as well as systems and services for the healthcare industry. Jerry was elected Mayor for the City of Greenville, TX in May 2021 and currently serves on the University's Lead On Campaign Committee.

Jerry has a long history of supporting OU Golf, previously pledging \$2.75 million to create the Ransom Short Course, which opened in 2017. With the building of the short course, Ransom provided OU men's and women's golf teams with an elite-level training area.

Jerry's most recent gift of \$5 million supports the modernization of the existing Charlie Coe Center and the creation of a new indoor golf performance center. The new clubhouse includes team suites for both men's and women's programs and a multi-purpose area that will showcase each program's storied history. The east suite will feature a locker room, player's lounge, coaches' offices and a rest-and-recovery space. The Indoor Performance Center will include six hitting bays equipped with world-class swing analysis technology, a state-of-the-art putting studio, putting lab, golf simulator and conference rooms for team instruction. With this additional investment into OU Golf, the University will have one of the finest training facilities in all of college golf.

ISSUE: BASIC SCIENCES EDUCATION BUILDING BASEMENT RENOVATION – HSC

ACTION PROPOSED:

President Harroz recommends the Board of Regents:

- I. Approve the Basic Sciences Education Building Basement Renovation project and the addition of the project to the Campus Master Plan of Capital Improvement Projects for the HSC Campus;
- II. Rank in the order presented here architectural firms under consideration to provide professional services required for the Basic Sciences Education Building Basement Renovation;
- III. Authorize the University administration to negotiate the terms of an agreement and a fee, starting with the highest-ranked firm; and
- IV. Authorize the President or his designee to execute the consultant contract.

BACKGROUND AND/OR RATIONALE:

This project is a new addition to the Campus Master Plan of Capital Improvement Projects for the HSC campus. The Basic Sciences Education Building Basement Renovation project involves renovation of approximately 6,000 square feet in the existing building within the basement and a possible addition of approximately 2,000 square feet to the building to house additional storage and support spaces for the College of Medicine. These spaces will include additional instruction areas to meet the demand of larger enrollment in the College and support/prep places for the laboratories. This will involve a full renovation of the space that will involve painting, flooring, ceilings and all the infrastructure additions needed to make it usable for the intended activities. The estimated total cost is \$10,000,000 with funding from University sources and bond funds.

At this time, an architectural consultant is needed to assist the University in providing master planning and professional services for the Health Sciences Center's Basic Sciences Education Building Basement Renovation project. A request for qualifications was sent to the architectural firms that are currently registered with the Construction and Properties Department/Division of Capital Assets Management of the State Office of Management and Enterprise Service, and a committee was formed to evaluate the responses received from seven firms. The committee was composed of the following:

Earl Chain, Assistant Director, Architectural & Engineering Services, Chair Paul Manzelli, Sr. Associate Vice President for Administration & Finance Dustin Bozarth, Assistant Vice President, OUHSC Facilities Management

Proposals to provide the needed professional services for the projects were received from seven architectural firms. Four firms were selected by the interview committee for further evaluation. A detailed review and interview was conducted with four of the firms, and the firms were rated from highest to lowest as follows.

- 1. Miller Architects, Oklahoma City, OK
- 2. Beck Design, Oklahoma City, OK
- 3. GH2 Architects, Oklahoma City, OK
- 4. Bockus Payne, Oklahoma City, OK

BSEB BASEMENT RENOVATION PROJECT ARCHITECTURAL FIRM EVALUATION SUMMARY

	Miller Architects	GH2 Architects	Bockus Payne	Beck Design
Acceptability of Design Services	42	36	36	36
Quality of Engineering (Services)	33	36	30	33
Adherence to Cost Limits	13	11	12	12
Adherence to Time Limits	13	10	10	12
Volume of Changes	11	10	11	12
Resources of the Firm	12	9	11	12
Total	124	112	110	117

Funding for the project has been identified and is available and budgeted from University sources and bond funds.

ISSUE: VIERSEN GYMNASTICS CENTER EXPANSION AND IMPROVEMENTS – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents:

- I. Approve an estimated total project budget of \$15,900,000 for the Sam Viersen Gymnastics Center Expansion & Improvements project; and
- II. Authorize the University administration to contract and make payments not to exceed the cumulative amount of \$12,050,000 for the construction of the Sam Viersen Gymnastics Center Expansion & Improvements project.

BACKGROUND AND/OR RATIONALE:

At the May 2017 meeting, the Board of Regents approved the addition of the Sam Viersen Gymnastics Center Expansion and Improvements to the comprehensive Campus Master Plan of Capital Improvement Projects for the Norman Campus. At the October 2017 meeting, the Board of Regents approved and authorized the administration to negotiate the terms of an agreement for full architectural services with Bockus Payne Associates Architects. At the October 2019 meeting, the Board of Regents ranked Timberlake Construction first among firms considered to provide at-risk construction management services for the project. At the June 2023 meeting, the design development plans were approved by the Board of Regents.

Plans call for the construction of an approximately 16,050 square foot addition to the existing Sam Viersen Gymnastics Center building. Plans also include the renovation of approximately 2,150 square feet of the existing building. The expansion and renovations will update and improve team facilities, training facilities, and address other site improvements necessary to support the facility's function.

The estimated total cost for the project is \$15,900,000. It is proposed that the Board of Regents authorizes the University administration to contract and make payments with a maximum cost not to exceed \$12,050,000 for construction of the Sam Viersen Gymnastics Center Expansion & Improvements project.

Funds to cover the costs associated with the project have been identified and are available and budgeted from Athletics funds, private donations, and bond funds.

ISSUE: NORTH FLOOD AVENUE EASEMENT FOR CITY OF NORMAN – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents:

- I. Approve the granting of Temporary Construction and Right-of-Way easements to the City of Norman to allow for a multimodal path; and
- II. Authorize the President or his designee to execute the easement instruments.

BACKGROUND AND/OR RATIONALE:

The City of Norman has requested Temporary Construction and Right-of-Way easements to build a new multimodal path along the west side of North Flood Avenue, between West Robinson Street and West Tecumseh Road. The University will receive valuable consideration for the easements, such as beautification of the property, which borders the Max Westheimer Airport. The easements shall terminate in the event the property ceases to be used as a multimodal path.

The Board is requested to approve the above-mentioned easements. The attached drawing shows the location of the easements, which are described as follows:

LEGAL DESCRIPTION

PARCEL 1

RIGHT OF WAY EASEMENT DESCRIPTION

A 0.541 ACRE TRACT OF LAND BEING A PART OF THE MAX WESTHEIMER AIRPORT (BOOK 3282, PAGE 614) AND BEING A PART OF THE

SOUTHWEST QUARTER (SW/4) OF SECTION THIRTEEN (19), TOWNSHIP NINE NORTH (T9N), RANGE TWO WEST (R2W) OF THE INDIAN

MERIDIÀN, CÎTY OF NORMAN, CLÈVELAND COUNTY, STATE OF OKLAHOMA, AND BEING MORE PARTICULARLY DESCRIBED BY METES AND BOUNDS AS FOLLOWS:

COMMENCING AT A MAG NAIL AT THE SOUTHEAST CORNER OF SAID SW/4; THENCE SOUTH 89°58'45" WEST, ALONG THE SOUTH LINE OF SAID SW/4, A DISTANCE OF 1107.59 FEET TO A POINT FOR CORNER;

THENCE NORTH 00°01'15" WEST, PERPENDICULAR TO THE SOUTH LINE OF SAID SW/4, A DISTANCE OF 95.19 FEET TO A POINT ON THE

WESTERLY RIGHT OF WAY LINE OF HWY 77 ((SAP 1067 (1) AND SAP 1079 (1)) AT STA. 100+90.20, LEFT 65.00 FEET AND EAST LINE OF MAX

WESTHEIMER AIRPORT, SAID POINT BEING THE POINT OF BEGINNING HAVING GRID COORDINATES OF N=691,856.40, E=2,131,672.75;

TEMPORARY CONSTRUCTION EASEMENT DESCRIPTION

A 0.016 ACRE TRACT OF LAND BEING A PART OF THE MAX WESTHEIMER AIRPORT (NO RECORD DOCUMENT) AND BEING A PART OF

THE NORTHWEST QUARTER (NW/4) OF SECTION THIRTEEN (13), TOWNSHIP NINE NORTH (T9N), RANGE THREE WEST (R3W) OF THE

INDIAN MERÍDIAN, CITY OF NORMAN, CLEVELAND COUNTY, STATE OF

OKLAHOMA, AND BEING MORE PARTICULARLY DESCRIBED

BY METES AND BOUNDS AS FOLLOWS:

COMMENCING AT A BRASS CAP AT THE NORTHWEST CORNER OF SAID NW/4; THENCE SOUTH 89°48'56' EAST, ALONG THE NORTH LINE OF SAID NW/4, A

DISTANCE OF 623.17 FEET TO A POINT FOR CORNER;

THENCE SOUTH 36°35'32" EAST, ALONG SAID RIGHT OF WAY LINE A DISTANCE OF 87.39 FEET, TO A POINT ON THE WESTERLY RIGHT

OF WAY LINE OF HWY 77 AT STA. 224+06.64, LEFT 59.99 FEET AND EAST LINE OF MAX WESTHEIMER AIRPORT, SAID POINT BEING

THE POINT OF BEGINNING AND HAVING GRID COORDINATES OF N=702,246.28, E=2,125,391.36;

THENCE CONTINUING SOUTH 36°35'32" EAST, ALONG SAID RIGHT OF WAY LINE OF HWY 77, A DISTANCE OF 494.45 FEET;

THENCE NORTH 37°17'18" WEST, A DISTANCE OF 116.58 FEET;

THENCE NORTH 36°35'50" WEST, A DISTANCE OF 132.18 FEET;

THENCE NORTH 36°45'53" WEST, A DISTANCE OF 247.33 FEET TO A POINT ON THE SOUTH LINE OF A TRACT OF LAND DESCRIBED IN

DEED TO OKLAHOMA DEPARTMENT OF TRANSPORTATION RECORDED IN BOOK 2475, PAGE 445, DEED RECORDS CLEVELAND

COUNTY, OKLAHOMA;

THENCE SOUTH 89°48'56" EAST, ALONG SAID SOUTH LINE A DISTANCE OF 2.71 FEET TO THE POINT OF BEGINNING CONTAINING 0.016 ACRES OR 714 SQUARE FEET MORE OR LESS.

All bearings contained in this description are based on the Oklahoma State Plane Coordinate System and are not astronomical bearings.

ISSUE: DISPOSITION OF REAL PROPERTY – NC

ACTION PROPOSED:

President Harroz recommends the Board of Regents authorize the President or his designee to negotiate and execute documents of sale, subject to review and approval by the Vice President and General Counsel, of property located at 1310 George Avenue, 510 Inwood Drive, 510 Fleetwood Drive, 524 Clearview Drive, and 514 Manor Drive, Norman, Oklahoma.

BACKGROUND AND/OR RATIONALE:

The University owns property located at 1310 George Avenue, 510 Inwood Drive, 510 Fleetwood Drive, 524 Clearview Drive, and 514 Manor Drive in Norman, which were previously used by the University as rental homes. There is no longer a need for these properties. The administration utilized a contracted real estate broker to list the properties to achieve the best sale price. Once the sale is final, the administration will report the transaction details to the Board.

The sale of this property satisfies the requirements for the disposition of property under section 3.1.1.1 (formerly 4.15) of the Regents Policy Manual.

- The properties are not in current or future expansion plans and are not required to protect other University lands and facilities.
- Because they are no longer of use, the properties are no longer economical to operate and maintain and do not provide other benefits.
- The properties are not contiguous with the University's main campus or other areas and are not required for future development.
- Selling the properties allows the University to address other immediate needs and long-term requirements.

ISSUE: ENHANCE EXTENDED SICK LEAVE BENEFIT – ALL

ACTION PROPOSED:

Presidential Harroz recommends the Board of Regents authorize the President or his designee to allow the extended sick leave benefit to be used for illness of a family member with an approved Family Medical Leave qualifying event for benefits-eligible employees beginning January 1, 2024.

BACKGROUND AND/OR RATIONALE:

The University policy 7.5.1.2 Extended Sick Leave (ESL) formerly: 3.1.6 BOR, 3.10.1.1 SH, & 3.21.4 FHPN, currently offers time accrued beyond the maximum allowance of paid time off (PTO) to be deposited in an extended sick leave account for benefits-eligible employees with a .5 full-time equivalent or higher. Absences due to personal illness are to be reported as PTO for the first five consecutive working days per incident before ESL can be used. When there is no accrued time in the paid leave account, the first five days per incident of illness must be counted as leave without pay. Absence due to personal illness beyond five consecutive working days is deducted from the extended sick leave account if accrued time is available.

Offering ESL for not only personal illness but also the care of a family member will allow employees to help safeguard their leave balances for other leave needs. Further, the use of ESL for the care of a family member will enhance the University's ability to attract and retain employees. The use of ESL for the care of a family member will begin effective January 1, 2024, and will require an approved family medical leave (FML) qualifying event. All rules associated with FML and defined by the U.S. Department of Labor will need to be met by the employee, including working 1,250 hours during the 12 months prior to the start of leave. Extended sick leave use for the care of a family member will still require that the first five days be reported as PTO for staff and 12-month faculty. For nine-month faculty who do not accrue PTO, they will not need to be on leave without pay for five days prior to utilizing their ESL. Extended sick leave for the care of a family member may not exceed 11 weeks for staff members and 12-month faculty and not exceed 12 weeks for nine-month faculty.

ISSUE: FISCAL YEAR 2023 INDEPENDENT AUDITS – ALL

ACTION PROPOSED:

President Harroz recommends the Board of Regents:

- I. Accept the fiscal year 2023 independent auditors' reports and audited financial statements for the Health Sciences Center Campus; and
- II. Accept the fiscal year 2023 independent auditors' reports and audited financial statements for the Norman Campus.

BACKGROUND AND/OR RATIONALE:

At the October 2023 meeting of the Board of Regents' Finance, Audit and Risk Committee, FORVIS LLP presented for the fiscal year ended June 30, 2023, the "Independent Auditors' Report," the Audited Financial Statements, for the Health Sciences Center Campus and the Norman Campus, respectively. The audits were conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Governmental Auditing Standards*, issued by the Comptroller General of the United States.

ISSUE: PRINCIPAL GIFTS TO THE UNIVERSITY – ALL

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The following gifts and commitments have been received by the OU Foundation:

- \$12,000,000 from an anonymous donor.
- \$6,000,000 from an anonymous donor to Army ROTC, Education, Price Accounting, and Softball.
- \$5,050,735 from Sandra Nichol Noble to Atmospheric & Geographic Sciences.
- \$5,000,000 from an anonymous donor to Athletics and Arts & Sciences.
- \$2,000,000 from Steve and Kathy Swatek to Softball, GFOMS Expansion, and College of Business.
- \$2,000,000 from an anonymous donor to Engineering Dean's Discretionary Fund.
- \$2,000,000 from an anonymous donor to the Next 100 Years Fund Price College of Business.
- \$1,111,744 from George Kaiser Family Foundation to Educare Family Health Project, Tulsa Early Childhood Student Loan Forgiveness, Educare RCT/Follow-up Study, and Early Childhood Education Institute.
- \$1,000,000 from Aron Marquez to Golf.
- \$1,000,000 from The Frank M Halley Charitable Trust to Athletic Facilities Projects.
- \$1,000,000 from an anonymous donor to establish a Graduate Assistantship Endowed Scholarship Fund COE.
- \$1,000,000 from an anonymous donor to Engineering Dean's Discretionary Fund.

ISSUE: ACADEMIC CALENDAR 2024-2025 – ALL

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education authorize the President to approve the institution's academic calendar each year. The calendar is then submitted to the State Regents by December 1 prior to the summer semester to which the proposed calendar applies. The attached academic calendar is for information only and will be submitted to the Oklahoma State Regents for Higher Education.

ISSUE: NONSUBSTANTIVE PROGRAM CHANGES – NC

ACTION PROPOSED:

This is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

The Oklahoma State Regents for Higher Education confer upon each institution the authority to implement non-substantive changes to their programs. Non-substantive changes may be approved by the chief academic officer of the institution but must be reported to the State Regents in a timely manner. The following non-substantive changes have been approved by the appropriate faculty, academic units and deans, the Academic Programs Council or Graduate Council, and Senior Vice President and Provost. They are being forwarded to the Board of Regents for information only.

Administrative/Internal Program Changes
Recommended for Approval by the Academic Programs Council or Graduate Council
November 2023

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

POTA - Potawatomi, new course designator

The Department of Native American Studies requests the creation of a Potawatomi course designator: POTA.

Reason for Request:

The department began offering NAS 1715-001 Potawatomi Language I this semester, Fall 2023, and NAS 1725 Potawatomi Language II is in the process of creation. We would like to update the subject from NAS to POTA to mirror the way that we designate our other language courses - CREK, CHER, KIOW, CHOC.

Administrative/Internal Program Changes
Recommended for Approval by the Academic Programs Council or Graduate Council
October 2023

Program Modifications

DODGE FAMILY COLLEGE OF ARTS AND SCIENCES

Bachelor of Arts (English: Literary & Cultural Studies)/Master of Arts (English) (RPC 068/069, MC A375 P421/F375 Q426).

Undergraduate changes:

1) In the major work, remove ENGL 3843 as an alternate option to ENGL 2283. We are adding more options to fill our survey requirement with courses already on the books that

previously did not count for this requirement, and we are no longer requiring the courses to be taken in pairs. Change the survey requirement from a 6-hour requirement chosen from pairs of courses to two separate requirements: one 3-hour early survey course and one 3-hour late survey course chosen from separate lists of courses. Add ENGL 2733 as an early survey course option. Add ENGL 2743 and ENGL 2713 as late survey course options.

2) In the LCS concentration work, revise the distribution requirements for the English major. Rather than select nine courses (27 hours) from four of six groups, majors concentrating in Literary & Cultural Studies (LCS - P421) will complete one course in LCS pre-1700, one course in LCS post-I 700, and one course in multicultural LCS. Students will also choose an additional five ENGL courses (15 hours) as major electives.

- 3) The undergraduate major hours will be reduced from 42 to 36 hours.
- 4) In the major support work, reduce the requirement for two semesters of intermediate level courses in a language other than English to just one intermediate level course in a language other than English.

Graduate changes:

- 1) The number of credit hours for the MA will change from 27 to 30.
- 2) The updated Accelerated Program will only have a thesis completion track.
- 3) The two required classes for the Literary Studies concentration will be ENGL 5313 (Literary Criticism Proseminar) and ENGL 5113 (Teaching Proseminar). For the Rhetoric and Writing Studies concentration, there are three required classes: ENGL 5113 (Teaching Proseminar) ENGL 5403 (Introduction to Rhetoric and Writing Studies proseminar) and ENGL 6103 (Research Methods in Rhetoric and Writing Proseminar).
- 4) Students in the Literary Studies concentration will take seven other classes of 3 credits each. Students in the Rhetoric and Writing Studies concentration will take six other classes of 3 credits each.
- 5) All MAs will take ENGL 5980 (MA Thesis Hours of three credits).
- 6) ENGL 5960 which is mentioned in the current Accelerated BA/MA check-sheet will be eliminated. This course has been deleted from the course inventory. Students accepted into the program can use two graduate 4000/5000-level elective course (6 credit hours) to simultaneously satisfy the requirements of both the BA and MA degrees.

Total hours for the degrees will change from 147 to 144 hours.

Reason for request:

When the department admitted one student to the BA/MA program after a lapse of many years, it was found that the existing requirements for the accelerated program (approved on July 20, 2002) did not meet current graduate college requirements, which necessitate 30 hours for the MA degree. The requirements for the BA were also outdated. The changes proposed keep the program in line with the college's requirements and standardize it with our new MA format, which requires a thesis.

Bachelor of Arts (English: Writing)/Master of Arts (English), (RPC 068/069, MC A375 P696/F375).

Undergraduate changes:

- 1) In the major work, remove ENGL 3843 as an alternate option to ENGL 2283. We are adding more options to fill our survey requirement with courses already on the books that previously did not count for this requirement, and we are no longer requiring the courses to be taken in pairs. Change the survey requirement from a 6-hour requirement chosen from pairs of courses to two separate requirements: one 3-hour early survey course and one 3-hour late survey course chosen from separate lists of courses. Add ENGL 2733 as an early survey course option. Add ENGL 2743 and ENGL 2713 as late survey course options.
- 2) In the Writing concentration work: Instead of taking four designated Writing courses (12 hours) and five Literary & Cultural Studies (LCS) courses (15 hours) selected from Groups I-

- VI, students will take four writing courses (12 hours) and three ENGL major electives (9 hours).
- 3) The undergraduate major hours will be reduced from 42 to 36 hours.
- 4) In the major support work, reduce the requirement for two semesters of intermediate level courses in a language other than English to just one intermediate level course in a language other than English.

Graduate changes:

Program Modifications

PRICE COLLEGE OF BUSINESS

Accounting, Minor (MC N001)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses with an ACCT designator except the required lower-division prerequisite business ACCT course will be calculated in the minor GPA. Also, remove deleted courses, ACCT 4113 and ACCT 4603, from the elective list. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

Leadership for Business Majors, Minor (MC N635)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses beyond MGT 3013 with a MGT designator will be calculated in the minor GPA. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

Management, Minor (MC N658)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses beyond MGT 3013 with an MGT designator will be calculated in the minor GPA. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

MIS for Business Majors, Minor (MC N660)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses with an MIS designator except the required basic business MIS course will be calculated in the minor GPA. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

Marketing, Minor (MC N665)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses beyond MKT 3013 with an MKT designator will be calculated in the minor GPA. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

Sports Business for Business Majors, Minor (MC N853)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses beyond MGT 3013 with an MGT designator will be calculated in the minor GPA. Also, remove deleted course, MGT 3183, from the elective list. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

Supply Chain Management for Business Majors, Minor (MC N857)

Course requirement changes. Change the courses that will count in the minor GPA to allow only the specific minor course requirements for calculating the minor GPA. Remove the statement: All courses with a SCM designator will be calculated in the minor GPA. Total credit hours for the minor will not change.

Reason for request:

The minors include additional default requirements beyond those explicitly required for the minor. Consequently, for at least a decade, petitions have been filed-with all being approved-to allow only the specific minor course requirements for calculating the minor GPA. This recommendation seeks to remove the redundant requirements for calculating the minor GPA and will eliminate the unnecessary petition process.

ISSUE: ORACLE PRODUCTS – ALL

ACTION PROPOSED:

This item is presented to provide updated information only. No action is required.

The same dollar amounts were reported at the September 2023 meeting. This agenda item breaks out the various Oracle Products and the Oracle Maintenance provider as requested by the Procurement Office.

BACKGROUND AND/OR RATIONALE:

Board of Regents' policies and procedures require that acquisition contracts that merely establish unit pricing, availability and other terms and conditions but which are indefinite as to quantity and delivery must be reported to the Board of Regents if the cumulative orders against them are expected to exceed \$1,000,000 annually.

This item reports the anticipated activity for the Oracle maintenance supplier contract for Fiscal Year 2024, estimated to be \$2,000,000. FY'23 expenditures were \$2,342,862. Oracle provides software supporting many of the University's administrative systems used by the Norman, Health Sciences Center, and Tulsa campuses.

The supplier contract encompasses database maintenance, and maintenance for payroll, human resources, financial, training, and other applications. The contracts with Oracle Corporation of Irving, Texas and Mythics, LLC of Virginia Beach, Virginia (Oracle Database Maintenance Vendor) are currently available through the State of Oklahoma from a competitive bid according to state purchasing rules and satisfies the Board of Regents policies regarding competition for the acquisition of products and services.

	FY22	FY23	FY24 Estimate
Oracle - Database Management	\$1,347,560	N/A	N/A
Mythics – Database Management	N/A	\$ 1,720,247	\$ 1,325,245
Oracle - Taleo (Human Resources)	\$ 176,621	\$ 190,750	\$ 187,218
Oracle - PeopleSoft (Financials)	\$ 233,355	\$ 242,689	\$ 262,104
Oracle Campus Solutions	N/A	\$ 176,176	\$ 190,270
Oracle - Golden Gate	\$ 48,000	\$ 13,000	\$ 14,400
Total	\$ 1,805,536	\$ 2,342,862	\$ 1,979,237

Funding has been identified, is available and budgeted within the Information Technology operating account.

ISSUE: ATHLETIC CHARTER BUS TRANSPORTATION – NC

ACTION PROPOSED:

This item is reported for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

Board of Regents' policies and procedures require that acquisition contracts that merely establish unit pricing, availability and other terms and conditions but which are indefinite as to quantity and delivery must be reported to the Board of Regents if the cumulative orders against them are expected to exceed \$1,000,000 annually.

At its June 2023 meeting, the Board of Regents was notified of anticipated transactions for charter bus transportation related to athletics team travel and other athletic events for fiscal year 2024, estimated to be \$1.2 million. The previous annual expenditure for fiscal year 2022 was \$894,679.83. The current fiscal year 2023 spend through March 2023 is \$776,262.33. The previous contract was based on a competitive solicitation (R-21025-21), was awarded to Kincaid Coach Lines Inc. of Shawnee, Kansas, and represented the best value to the University. Kincaid was acquired by Village Travel, and Athletics is currently following informal competition procedures for charter bus transportation, utilizing both Village Travel of Wichita, Kansas, and Overland Charters of Wichita, Kansas. A competitive solicitation is currently being drafted to establish a new contract. It is possible that spending exceeds \$1,000,000 with Overland Charters and/or Village Travel.

Funding has been identified, is available and budgeted within the Athletics Department operating account.

ISSUE: QUARTERLY REPORT OF ON-CALL ARCHITECTS, ENGINEERS, CONSTRUCTION MANAGERS & CONSTRUCTION SERVICES – ALL

ACTION PROPOSED:

This report is for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

In March 2023, the Board of Regents authorized a group of architectural and engineering firms to provide professional on-call services and authorized a group of construction management firms to provide on-call services for minor construction and renovation projects.

The Board of Regents policy governing the buying and selling of goods and services states that purchase obligations between \$50,000 & \$1,000,000 must be reported quarterly to the board as an information item.

Work completed during the 1st quarter of Fiscal Year 2024 by on-call architectural, engineering, and construction management firms are summarized below.

Firm Name	Date Initiated	Work Performed	Fee
For the OU-Norman Campus			
CEC Corporation	November 14,2022	Cate Center Drive	\$6,375
Crafton Tull	March 27, 2023	Radar Advanced Manufacturing Survey	\$5,000
C.H. Guernsey	May 26, 2022	Jenkins Ave Utility Relocate Civil	\$2,333
C.H. Guernsey	May 26,2022	Jenkins Ave Utility Relocate MEP	\$2,123
Flintco, LLC	April 25, 2023	GFOMS Switzer Center	\$70,689
Gwin Engineering Consultants	May 1, 2023	CHPP Blackstart Generator Replacement	\$6,240
Gwin Engineering Consultants	July 20,2023	Walker Tower Redundant Electrical Feeder	\$3,075
Kimley Horn Engineering	June 8, 2023	NWC Environmental Eval	\$35,000
Kirkpatrick, Forrest Curtis Eng	March 27, 2023	Softball Scoreboard Study	\$1,970
Kirkpatrick, Forrest Curtis Eng	February 6,2023	2023 GFOMS Structural Assessment	\$10,285
Lemke Survey – Parkhill	July 20, 2023	NWC Expansion Survey	\$6,800
Miles Architecture	January 5, 2023	CAS South Oval Lab Concepts	\$17,893
For the Health Sciences Center Campus - Oklahoma City:			
Lingo Construction Services	April 25,2022	College of Nursing Dreamcatcher	\$9,311
Pinnacle Design Group	May 4,2022	OUHSC Tech Center 1srt Floor	\$11,222
ZFI Engineering Co.	September 23, 2022	SCC Parking Garage Assessment	\$5,426

For the OU-Tulsa Campus:		
		\$0

Cumulative Total Professional Architectural, Engineering, and Construction Management Fees for work completed by On-calls through the first quarter of fiscal year 2024.

For the OU-Norman Campus:

Firm Name	Total Fees
CEC Corporation	\$6,375

Firm Name	Date Initiated	Work Performed	Amount
Third Generation	July 1, 2021	Electrical System Upgrades- Utility Plant-Tulsa Campus	\$653,839

ISSUE: QUARTERLY REPORT OF PURCHASES – ALL

ACTION PROPOSED:

This report is for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

Section 4.11.7 of the Board of Regents Manual requires that certain purchases "must be reported to the Board of Regents at least quarterly." The quarterly report for July 1, 2023, to September 30, 2023, is attached. This report includes a synopsis of contracts entered to acquire goods and services by category and funding source. This data does not include purchasing card purchases or travel costs because such purchases do not fall within University Procurement. Additionally, these do not include certain small-dollar purchases made through the University purchasing platforms like office supplies, lab supplies, and standard IT equipment. Procurement will begin providing greater detail and spending analyses in future reports.

The report is sorted by funding source (Educational & General, Non-Sponsored, Sponsored, etc.), then by supplier name, campus, and department. As required by Section 4.11.7, the report identifies sole source purchases.

OU PURCHASES FOR THE 1ST QUARTER ENDED SEPTEMBER 30, 2023

ISSUE: QUARTERLY FINANCIAL ANALYSIS – ALL

ACTION PROPOSED:

This item is presented for information only. No action is required.

BACKGROUND AND/OR RATIONALE:

By request of the Board of Regents, the Health Sciences Center and Norman Campus *Statements of Net Position* as of September 30, 2023, and *Statements of Changes in Net Position* for the three months then ended are presented. The statements are unaudited and are presented for management use only.
