AS INTRODUCED

An Act of Legislation establishing a referendum to amend

Congress shall have the power to regulate its size and membership in accordance with procedures established in the Congress Bylaws. Congressional districts and size shall be decided every two years before the first general election of the year. All Bylaws changes related to the size and district composition of Congress shall require a three-fourths majority of those present and voting. Congress shall consist of forty eight (48) representatives effective the fiftieth Congress. Each district's proportion of representatives will be decided every two years before the first general election of the year. This apportionment will be calculated by using the most recently available enrollment figures and must be calculated by an act of Congress in a timely fashion. The total number of undergraduates will be divided by forty eight (48) seats to determine the proportion of students represented by each congressional seat. Then each district's seats are to be allocated in the most equally proportioned manner based on enrollment

**Section 4:** This referendum will appear on the ballot in the Spring 2026 general election.

**Section 5:** This act shall become effective when passed in accordance with the SGA Constitution.
