Officer Reports -

- **Chair's Report:** Hey, everyone! I am so excited to see you tonight! I do not have a ton of news for you, but I wanted us to take a second to congratulate our Student Affairs team on a successful Bevo Bash! If something else comes up over the next week, I will share it with you all!
- **Vice Chair's Report:** If you didn't see my group me message, we will be having our first professional development session on October 27th at 2:30pm in the Conoco. It will be over Jobs and Internship Search Strategies from the Career Center. Additionally, make sure you are diligent with submitting your CSPs. The link to the form is pinned in the group me as well. Currently HD is first place in their pizza party meeting.
- **Secretary's Report:** Nothing much to report, but we will be seeing an expulsion bill today. As a reminder, we do not clap for expulsions.

Committee Reports-

- **Campus Outreach, Safety, and Concerns:** COSCO did not meet last week. As a reminder, our next light walk will be Sunday the 26th!
- **Congressional Administration:** ConAd met officially early Monday morning to pass the standing rules of order, so thank you to everyone who showed up early. Next week, we will be going over our project reports next week.
- **External Affairs:** EA didn't meet this weekend because of OU Texas, just a reminder that this previous weekend we did give the SGA non-partisanship resolution a rec of due pass.
- **Human Diversity:** HD didn't meet this weekend, and I just want to remind everyone we have our potluck coming up on the 21st.

- **Sustainability:** Good evening, everyone Susty did not meet this past weekend due to Red River, however I did reach out to Vice Chair applicants to set up meeting times and will have that person soon. Thank you.
- **University Policy:** Hey everyone. Not a lot to report. UPOL did not meet officially this past week because of OU/Texas. Everyone should be starting on their projects though. If not, please contact me if you have any questions. Besides that, I am looking forward to seeing everyone this next week.
- **Ways and Means:** Hi everyone! WAM met unofficially Sunday night to create the Aux 3 bill, which will be seen in Committee of the Whole tonight, and my Vice-Chair Mecca we did still take minutes despite it being an unofficial meeting. There will likely not be another Aux bill for at least a few weeks as we will have to see if we are able to secure more funding for Aux before making more allocations. Thank you.

Special Orders

- Committee of the Whole

On a motion to enter committee of the whole Hallum seconded Pitts by unanimous consent: passed

On a motion to see AB-114-03 Morgan seconded by Wick

- AB-114-03 “Auxiliary Allocation 3 Act of 2025-2026” (Schonfield)

Author’s Explanation:

Representative Fisher: As we mentioned before this Sunday we met and allocated the remaining of our funding. We ended up allocating a total \$5,761.27 left that we have. And for the rest of the applications, we’re currently waiting to see if we get any more aux funding. Until then we’ll have the rest of the applications on hold.

5:23 time remaining for questions

- **Representative Hallum:** Approximately how much funding was requested this go around?
 - **WAM Chair Schonfield:** \$99,693.01 requested for these organizations exclusively.
- **Election Commissioner Savage:** I know the last time we talked about we wanted an even number, why did the Taylor Swift fan club not get 78 cents added on to it.
 - **Representative Fisher:** The Taylor Swift Fan Club turns out they’re a new org and so without president making sure we gave them a certain amount. They actually requested what we usually give new orgs. They were the only one that got fully funded due to the amount of items they were actually asking for being under \$500.
 - **WAM Chair Schonfield:** The reason why it was a fully fund not only because they were a new org but also all the items they requested were allowable items.
- **Representative Morgan:** Do you know how much money would you have left in your auxiliary fund if this bill were to pass?
 - **WAM Chair Schonfield:** \$433.06 left. The reason why we stopped with that still left is because the next org that we would’ve considered their application, we would’ve normally given them more than that amount. So rather than short them, we are waiting till we have more funding to so that we can give them the appropriate amount that would be normally what we give them in that circumstance.

On a motion to give AB-114-03 a recommendation of due pass Keupen seconded Christiansen

On a motion to exit committee of the whole by unanimous consent Pitts seconded by Walker: passed

Items to be Considered

On a motion to see CR-114-05 Radzanowski seconded by Dailey

- CR-114-05 “SGA Non-Partisanship Resolution of 2025” (Robinson) (Due Pass)

Author’s Explanation

Chair Robinson: This piece of legislation has been in the works since the SEC exchange. Just to be clear this is just a resolution; this is not binding in any way. This is just a legal disclaimer. This is us committing to being a nonpartisan organization. We as student leaders of course have our own personal ideological preferences. Those are not going to impact our job, they’re not going to impact the election cycle, who we endorse or how we run. These are things we do in our personal lives but not implementing onto our students. We as student leaders are representing all students. We have a pretty diverse makeup of students politically. Within this past of campus, there are good chunks of students who are conservative or liberal. This doesn’t matter. So across the United States, we’ve seen a lot of people pushing to kind of politicize student government and to politicize higher education in general. And like I mentioned in committee when I brought up this bill, higher education is political, but not in this way. It’s political to us because we need the funding. Beyond that, it’s not something that we really need to be implementing our political devices to. We are here to represent students, not a political party, not an affiliation. This is our job. We don’t have parties. You run as a student, you run under your college. You do not run with a party beside your name. You do not run for a party or for an organization. You’re running as a student for students. I think we have some info about how Americans’ trust in the higher education system is declining. People are starting to see it as somewhere they don’t want their kids to go to because they see it as some sort of weird threshold where everybody is rubbing up against each other. So this is something we’re trying to push down a little bit. This is kind of an initiative that began with the SEC exchange. So we just wanted to get this out ahead of time before the election season. I’ve tried to get as many of our student leaders to sign on as cosponsors just to indicate this isn’t just something coming from our branch. This is something that’s pretty widespread throughout SGA that we’re all committing ourselves to.

On a motion to see CR-114-04 Carter seconded by Hicks

- CR-114-04 “Mental Health Week Resolution of 2025” (Toyos-Perez; Martin; Dunlap)

Author’s Explanation:

Representative Toyos: I want to start off by saying that we know that mental health week was last week, but because of the game we’re going to do it this week. But we thought it would still be helpful to go around and do events that had a lot of success. I volunteered to table myself and I saw a lot of students interacting with it, even if they were just grabbing a copy of the resources. I think it was very helpful to see our faces and see stuff up for trying to be for students on campus.

Mercer Martin: There was another effect of tabling which I thought was kind of fun, we had a lot of people asking about filing. And I know a couple of people, whom I saw at the private meeting just now, who I met through tabling. So also just really cool getting your names out there, getting involved with stuff we’re doing. Yeah it’s still just kind of something we want to continue building on years and years from now. So just knowing the importance of it as a body.

7:06 time remaining for questions

- **Chair Christiansen:** What do you think is the most underutilized mental health resource on this campus?
 - **Representative Toyos:** The Dodge offers \$10 therapy session. They're not free like the university ones, but just more resources that are out there. I would say that's one that's not that common, but I found it on Instagram last week.
 - **Mercer Martin:** One that I found very helpful is tutoring. I know it doesn't seem like a typical mental health resource, but school is very stressful and asking for help is not the easiest thing in the world. And the UC tutoring center makes it so easy, they're very helpful. And if there's not specific tutors that you need, they will find you one that you can feel supported in class with. I really appreciated that one this semester.
 - **Representative Toyos:** Yes I went last year for bio, and I have been going for chem.

- CB-114-11 "COSCO Purpose Statement Act" (Hawkins; Christiansen)

Author's Explanation:

Representative Hawkins: Hello everyone, so we are redefining what our cosco purpose statement was just because it's really long. We believe that getting right to the point is what we are about, outreaching the people. If the people see this long paragraph then they're not really going to want to read it. Us as well as our Chair and our committee we've made this to be short and right to the point.

On a motion to see CB-114-12 seconded by

- CB-114-12 "Session 114 Expulsion Bill No. 1" (Wintory) (No Rec)

Author's Explanation:

Secretary Wintory: So expulsions are kind of the bad part of the job. I haven't done one yet because I don't like it. I want everyone to stay in congress and love each other and be happy. Unfortunately, Miss Finley has not been communicating at all. I sent her an email on her third and fourth absence, and also letting her know she needs to act and work with us to stay in Congress, and she didn't respond. So I understand that she has other commitments. However, she needs to let us know, she has a rep seat and a duty and she is not fulfilling it. So someone else can take that.

7:20 time remaining for questions

- **WAM Chair Schonfield:** Are you aware of what the other commitments are that are preventing her from responding?
 - **Secretary Wintory:** I heard from an unverified sources that she was at basic training
- **WAM Chair Schonfield:** Do you hate service members?
 - **Secretary Wintory:** I'll answer the question. I obviously do not hate the members of our armed forces, and I applaud her for her commitment to this country and her sense of honor and duty. However, she also needed to consider her commitment to

this and her honor and duty for this. I understand that she's chosen one, and that's okay, there will be other that fill her place and perform this honorable duty and be a representative in this glorious student congress.

- **Representative Evans:** I have been through U.S. Military basic training, how do you expect her to respond to your email. She probably hasn't seen her phone in weeks.
 - **Secretary Wintory:** Thank you for your service ma'am. However, I don't think she was kidnapped and taken to basic training. I believe she had time to send one of us an email and she could work something out with us. As of now, we can't just have a rep that doesn't show up in a competitive district. There will be someone who wants that seat, and that's just not fair to that person. No matter the circumstances.
- **Representative Evans:** Would you consider just demoting her to an associate in order to keep her in the body?
 - **Secretary Wintory:** No, here's the thing, if she was an associate she would have more than 4 absences as well. So either way, although I appreciate the instinct.
