

## Mandatory Educational Session Overview

In line with Fraternity and Sorority Programs and Services' mission of providing a safe, meaningful, and transformative membership experience for our students, **all new members** are expected to complete a mandated educational session as they enter the fraternity and sorority community.

These trainings are hosted and facilitated semesterly by FSPS and fulfill the Board of Regents' training requirements for Greek students. These trainings supplement any mandated first-year trainings required by the University of Oklahoma. The mandated fraternity and sorority session will cover topics of importance to the Greek community including: identifying and disrupting systems of hazing, safe alcohol and other drug usage, consent, and active bystander techniques.

It is the responsibility of the chapter and the new member to ensure they have completed all mandatory trainings during their first year of Greek membership. Chapters can contact their council advisor for an updated attendance record of new members.

FSPS facilitates these sessions each semester to provide all students an opportunity to attend. Review the below structure to see when each council's membership attends training.

***Please note that students only need to do these sessions once. For example, if a student participates in IFC Formal Recruitment and later joins MGC, they will have already fulfilled their mandated Greek Educational Session obligation.***

Council	Fall New Members	Spring New Members
<b>AC</b>	<ul style="list-style-type: none"><li>Attend FSPS sessions (5 hosted per semester)</li></ul>	<ul style="list-style-type: none"><li>Attend FSPS sessions (5 hosted per semester)</li></ul>
