# SHARED ASSETS IN DEPTH

## Tom Love Innovation Hub

Opened in the Fall of 2016 on the University Research Campus, the Tom Love Innovation Hub includes state-of-the-art digital fabrication facilities, immersive visualization facilities, data management and informatics consultation, a legal lab and a café so that work can be focused upon with minimal disruptions – all allowing users to reimagine research, learning/teaching innovation and entrepreneurship. The goal? Product realization, analytics, data visualization, tech-facilitated instruction, research and more.

The digital fabrication lab includes a variety of equipment available to OU students, faculty, staff, and URC tenants such as:

- › 3D Printers
- › Laser cutters
- › CNC milling machine
- › Woodworking tools
- › Electronics (soldering, circuitry)

Access to the Tom Love Innovation Hub is available to tenants on the University Research Campus.

## Data Center

The Data Center, located in Four Partners Place, can be leveraged for hosting purposes. Some basic specifications include:

- › Total Space (ft<sup>2</sup>): 13,550
- › Compute (ft<sup>2</sup>): 6,700
- › Racks: 160
- › Expansion (ft<sup>2</sup>): 3,800
- › Power Capacity: 500kVA A – 250kVA A/B
- › Power Redundancy: Dual Utility Feeds, two plants A & A/B with UPS and Generators
- › Cooling Redundancy: Chill Water from Central Plant, Dual Loop Lines through DC, N+1 Backup Chillers, N+1 CRAC Units

Usage policies, guidelines and service viability of the Data Center usage for affiliates will be determined via consultation, as specifications are subject to change.

## OU-IT

The Research Campus maintains colocation space for several ISPs, including – AT&T, Cox, Indian Nations, OneNet, and Pioneer. Private tenants can use any of these ISPs for their connectivity needs. All Partners Place buildings have wireless connectivity. Non-OU users (affiliates, visitors, etc.) can use OUGUEST for basic/temporary internet connectivity. Some basic specifications include:

- › 1 GB to Desktop and 10 GB to the Internet capability
- › On site supercomputing resource
- › Guest wireless connectivity
- › Support for 24/7 operations

## Security

There is fully programmable card access to each door of the suites and also to the building. The Research Campus has both a fire station and the University of Oklahoma Police Department, which is a full service police department.

## Seminar, Conference, Collaboration Rooms

Tenants at the University Research Campus have access to three different conference rooms located throughout the Partners Place buildings, as well as a seminar room, with plans for more facilities to be added in the future. Conference and seminar rooms are of varying sizes, with larger rooms accommodating up to 40 people. Polycom systems, projectors and LCD screens, sound systems and privacy shades are available.

# EMERGENCY RESPONSE FRAMEWORK

The overall campus framework complies with the National Incident Management System (NIMS) as required by FEMA and responds to all emergencies using the Incident Command System (ICS). The University of Oklahoma (OU) operates its own Police Department which is considered the best equipped police force in the state. The OU Police Station and the Norman Fire Department Station 5 are located on the Research Campus in close proximity to all Research Campus buildings. Additionally, OU provides special security to the National Weather Center which houses approximately 200 federal employees.

All OU buildings have their own comprehensive plans for handling an array of emergencies including:

- › Severe Weather
- › Fire
- › Armed Subjects
- › Suspicious Package
- › Utilities Failure
- › Stranded Persons
- › Earthquake
- › Explosion
