

## EXECUTIVE PROFILE

### Gregory L. Ebel

President and Chief Executive Officer  
Spectra Energy Corp

Greg Ebel is president and chief executive officer of Spectra Energy Corp and a member of the company's board of directors.

Ebel also serves on the board of directors for DCP Midstream, a joint venture between Spectra Energy and Phillips 66 and a leader in natural gas gathering and processing and the production and marketing of natural gas liquids.

Prior to assuming his current role in 2009, Ebel was Spectra Energy's chief financial officer. He has also served as president of Union Gas, Spectra Energy's major Canadian natural gas utility company.

Ebel served as vice president of investor and shareholder relations and as managing director of mergers and acquisitions for Duke Energy. Prior to his Duke Energy roles, Ebel served as vice president of strategic development for Westcoast Energy.

Earlier in his career, Ebel was advisor to the executive director of the World Bank Group in Washington, D.C., with oversight responsibility for investment proposals of the International Finance Corporation, the private sector investment arm of World Bank. He also worked for the government of Canada, holding positions as chief of staff to the minister of finance and deputy prime minister of Canada, and as senior advisor on privatization.

Ebel serves on the board of directors of The Mosaic Company.

He received a Bachelor of Arts degree from York University, Toronto, Ontario, and is a graduate of the Advanced Management Program at the Harvard Business School.

*Spectra Energy Corp (NYSE: SE), a FORTUNE 500 company, is one of North America's premier natural gas infrastructure companies serving three key links in the natural gas value chain: gathering and processing, transmission and storage, and distribution. For more than a century, Spectra Energy and its predecessor companies have developed critically important pipelines and related infrastructure connecting natural gas supply sources to premium markets. Based in Houston, Texas, the company's operations in the United States and Canada include more than 19,000 miles of transmission pipeline, approximately 305 billion cubic feet of storage, as well as natural gas gathering and processing, natural gas liquids and local distribution operations. The company also has a 50 percent ownership in DCP Midstream, one of the largest natural gas gatherers and processors in the United States. Spectra Energy is a member of the Dow Jones Sustainability World and North America Indexes and the Carbon Disclosure Project's Global 500 and S&P 500 Carbon Disclosure Leadership Indexes.
