Old Business

910306 An Act Updating the Bylaws 2.0 (Aragon)(No rec-ConAd)

Bourland sec Shetley

Aragon: Reforms constituent service and adds one duty for the vice chair. Current constituent service requirements aren't serving constituents and there isn't enough accountability.

Byron: Monthly procedure instead of weekly. RSO meetings.

Sample: Vice Chair put in charge of legislative forum.

Sandoval: Do repercussions for not completing constituency service stay the same?

Carlough: How will unexcused absences be handled since requirements now monthly instead of weekly?

Aragon: Still four monthly requirements instead of one for four weeks. Unexcused absence for each miss with excused absences possible.

Carlough: How is it fair to treat different months responsibilities differently?

Aragon: There is only one meeting in January so only one possible absence for that month. All other months stay the same and these bylaws updates get PR by attending RSO meetings.

Bourland: Friendly amendment to fix error. If I authored 8 bills would I still have to do constituent service?

Aragon: No, you get excused for the next month if you author legislation.

Carlough: How are different monthly requirements justified in terms of absences?

Sample: They allow representatives to do constituent service by visiting RSOs.

Previous question Brock sec Berry

Passed by roll call vote 20-10-2

910310 Carlough's Bylaws Act (Carlough)(No rec-ConAd)

Bourland sec Shetley

Carlough: simplify the committee process. Your assignment to a committee would last forever until you ask for a change. Committee officers shall serve for a year, each officer shall be reauthorized individually.

Shetley: can you remove members from committees for not doing their job?

Carlough: there is not a process for that now.

Shetley: who decides if they should serve again in that committee?

Carlough: not everyone fills out a committee preference sheet

Sample: your addition negates the line above...

Carlough: I would accept a friendly amendment on that.

Sample: "unless a member requests a change...."

Carlough: (figuring out this friendly amendment)

Naqvi: (friendly amendment about requirements for being in Congress)

Aragon: Are you aware of anyone currently serving as both a Representative in Undergraduate Student Congress and GSS?

Carlough: No

Aragon: Are you aware that some students better themselves by taking graduate hours due to coming into college with hours, why are you requiring them to take undergraduate hours if they don't need them.

Carlough: 60% undergraduate hours is what the Act asks for

Aragon: What if a student only needed 3 more UG hours and took 9 graduate hours.

Carlough: I would say such a student is better suited to represent graduate students

Aragon: Are you aware that under this Act someone splitting their hours 50/50 could not be a member of either body?

Carlough: I am not aware of GSS requirements. If this was the case I would accept a friendly amendment to allow a student taking graduate hours to serve in UG Congress

Searcey: I am an undergraduate taking mostly graduate courses and GSS requirements require you to be a graduate student to serve as a member

Carlough: I would accept a friendly amendment changing the 60% UG requirement.

Przebinda: What would be a conflict of interest for an UG/Graduate student?

Carlough: GSS grants

Debate has been called

Naqvi

Aragon

Searcey

Shetley

Berry

Naqvi: Friendly amendment to remove previous parts of the friendly amendment

Carlough: Bill still makes it so graduate students can't serve in our leadership and our leadership can't serve in Executive Cabinet at director level or higher.

Aragon: Please read amendments

Montgomery: Friendly amendment to remove own name as cosponsor

Failed by roll call vote 3-20-4.

910404 Resolution Regarding the Collegiate Housing and Infrastructure Act (Epting)(Do pass-Exec)

Bourland sec Petersen

Berry: This is a resolution asking our representatives to support this an act that allows people to give to Greek housing tax free.

Byron: how would this benefit the donors?

Berry: It would allow people to give money tax free to Greek housing.

Bourland: would you accept a friendly amendment adding me as co-sponsor?

Berry: yes

Petersen: friendly amending adding people to the list to be sent to

Sample: would this be a deduction or a write off on your taxes?

Berry: I'm not sure

Passed by roll call vote, 24-7-1

910405 Concurring Resolution Requesting a Railway Transportation System (Cramm) (Do pass-EA)

Bourland sec Sample

Cramm: there are already blueprints in place for this, this just requests that it be done

Petersen: friendly amendments making it a congressional resolution

Sample: why have they decided not to do this?

Cramm: I think a lot of it is the work involved. No one has picked it up.

Carlough: would this be like the Dallas DART system, with stops on the route?

Cramm: the plans have one that is straight from Norman to OKC but another plan would have a stop in Edmond or Moore.

Bourland: how much would this cost?

Cramm: \$200 million but the calculated return is much higher according to current estimates.

Sample: Did the mayor dismiss this idea?

Cramm: I'm not sure.

Ross: Is this looking to expand the current railway system?

Cramm: This is more of a mass transportation system rather than a train.

Searcey: Would you accept a friendly amendment regarding the wording?

Cramm: yes I would

Items to Be Considered

910101 An Act Establishing a Survey Regarding Korean Language Classes (Pae) (Do pass-P&P)

Bourland sec Byron

Pae: This establishes a survey for Korean classes. The survey will ask the students if they want to see Korean classes at OU.

Consent w/out objection

910307 Increasing Legislative Cooperation Act (Sample) (Do pass-ConAd)

Bourland sec Berry

Sample: this spells out what was previously written in the bylaws.

This bill is postponed indefinitely.

910311 An Act Expelling Representatives (Aragon) (Do pass-Exec)

Carlough sec Bourland

Aragon: Since we did not meet quorum and some people have way too many absences, I am kicking out four people. Two of them have contacted me and may ask for friendly amendments removing their names from the list.

Harris: Friendly amendment to remove own name from bill.

Aragon: yes

Consent Bourland

910312 2014-2014 Conoco Space Allocation Act (Grunewald) (Do pass-Exec)

Petersen sec Bourland

Montgomery: this is a very important piece of legislation regarding the office space allocation for next year. A few organizations did not reapply and we allotted those spaces to other organizations. 3 spaces could have been not allocated but we gave them back to organizations that had been using the space. We did go in and check who was and was not using the current space they had been allocated last year.

Consent w/out objection

910503 A Resolution Supporting UAS Personal Use on Campus (Shetley) (No rec-P&P)

Bourland sec Carlough

Shetley: this allows us to use drones on campus to film things like Camp Crimson, etc. All these drones do is film and these are really loud (you will hear it) so there will be no invasion of privacy on campus from these drones.

Carlough: are you aware that someone got injured because of a drone?

Shetley: This is why I would like communication between the users of drones and the campus faculty and staff. The incident you're speaking of was caused by someone who was flying a drone recklessly.

Consent w/out objection

910504 A Resolution Requesting the Expansion of Fair Trade Goods on Campus (Sample) (No rec- P&P)

Carlough sec Aragon

Sample: There are many benefits to fair trade goods, they help advocate for fair wages and fair treatment to those in developing countries. The Director of Housing and Food, who agrees that we should implement fair trade goods on campus, is a strong supporter of this legislation. He has asked that Sooners for Fair Trade be involved in the implementation of increased fair trade goods on campus. We already have a precedent regarding fair trade and local goods. This resolution would help us become the 20th university to be a certified Fair Trade university. Also, we will help our constituents by providing healthier goods.

Berry: if fair trade promotes human rights, why not push for more than 5%?

Sample: we asked for 5% because that is a feasible goal for 2020. We currently have between 1 to 2% fair trade goods on campus.

Carlough: how can I tell fair trade apart from other goods?

Sample: all fair trade products have locos and signs on them. Dining locations would have signs promoting the fair trade goods there.

Bourland: would these be more expensive?

Sample: I have faith in the Director of Housing and Food that he will not burden the students with higher costs. Long term this helps the students by avoiding harmful pesticides and fertilizers and the long term costs of ingesting unhealthy products.

Bourland: Would you accept a friendly amendment to add a section 2, stating that goods must be at a lower or equal price to the products currently bought?

Sample: I would not accept this amendment, this would severely limit which foods we could get. And since they are higher value, they are more expensive.

(hostile amendment submitted- did not get seen since previous question was moved by Representative Shetley)

Carlough: would this raise the costs to the students?

Sample: the budget is already set for next year and will increase by 4% as already planned. The Director of Housing and Food would not go past that already existing increase in the budget.

Bourland: Would the costs of the fair trade items would be more and this would this cost be transferred to the students?

Sample: There will be no immediate impact on students but in the long run the products would be more expensive because they are higher quality. However, I believe this would help create a market and that would allow costs to decrease in the long-run.

Bourland: So is it right for this body to vote to raise the costs to students?

Sample: I think this body should vote to promote human rights and promote the health of our students

Searcey: Would the Director be able to work within the existing budget to make this happen?

Sample: The director has a set budget and he has already worked within the budget to get OU 30% local products.

Hinds: Would the water quality in Norman not be a bigger issue than pesticides on food?

Sample: Fertilizers on food cause water pollution. Students already have access to clean drinking water through the university but not as many choices for fair trade goods.

Hinds: Are there no current regulations on the use of fertilizers on food products?

Sample: Many studies have come out that fertilizers we still use can increase health risks and we have not stopped their usage

Sandoval: Did you survey students regarding fair trade?

Sample: I have worked with sooners for fair trade and other sustainability groups and they support this resolution.

Carlough: How will this be implemented, are we forcing students to eat these products or will there be options?

Sample: The director discussed with me how important he thinks choices are for students. He seems to want to have at least one of each choice.

Byron: (to the Sooner for Fair Trade President) What are your general thoughts on this issue?

Author: We just want to expand the choices for students regarding fair trade goods. Fair trade is a human rights issue, not just a food issue. Having the option to make a difference by choosing fair trade goods.

Norman is considered a fair trade town. This furthers along the movement by bringing it to OU. This achieves fair trade status

Searcey: Isn't this about promoting human rights?

Sample: We are placing emphasis on fair trade both for international and domestic reasons.

Molina: Has the director already made a decision regarding the increase in fair trade goods?

Sample: This might not necessarily change his mind, this is more about showing support for the transition. Regardless of this resolution, he has already been working on these goals.

Bourland: Should a survey not be conducted prior to this resolution passing?

Sample: There have already been PR moves regarding this movement

Carlough: who is picking up the tab for the extra produce?

Sample: We would just have choices on campus

Bourland: Did you ask the students "are you willing for tuition and fees to go up to have more fair trade goods on campus?"

Authors: Many people asked where they could get fair trade goods already.

Carlough: How will this be promoted when students don't know fair trade is?

Authors: We want to see more education going on with the implementation of these goods on campus

Passed by roll call vote, 14-3-6

910505 A Resolution Requesting More Candy (Sample) (No rec-Exec) (Do pass-EA) (Do not pass-P&P)

Bourland sec Petersen

Sample: there used to be candy in the Conoco and currently there is no more candy. This would bring back candy in the Conoco, chocolate or not. People who come to the office will find this adds to the atmosphere

Berry: In your opinion, what is the most delicious candy?

Sample: obviously Reeses

Petersen: Are you condoning obesity?

Sample: These will not be huge pieces of candy, these will be eaten in moderation.

Petersen: Would you accept a friendly amendment adding that the candy should be fun sized candy?

Sample: no, I would not

(hostile amendment submitted, not seen because of previous question)

Carlough: What is moderation?

Sample: Moderation as in a small amount that does not cause harm. Use serving size directions would be good for understanding moderation.

Bourland: Is this a good use of student money?

Sample: I believe that we already use SGA funds for food.

Aragon: (friendly amendment providing for distribution)

Carlough: why should congress be held accountable for providing candy?

Sample: Debbie already does a lot for us and I think candy would be beneficial for the Conoco

910706 Administrative Organization Primary Funding Appropriations Act of 2014 (Naqvi) (Do pass-WAM)

Naqvi sec Shetley

Naqvi: this is the first of the two primary funding bills. There was an increase in funding.

Shetley: friendly amendment

Montgomery: no amendments can be made this to legislation

Berry: how much time was spent on this?

Naqvi: at least 7 hours in one day and lots of interviews and meetings

26-0-0

910707 Student Organization Primary Funding Appropriation Act of 2014 (Naqvi) (Do pass-WAM)

Carlough sec Bourland

Naqvi: This is the second part of primary funding; this bill is for funding for student organizations. We increased this funding from what it was last year.

Carlough: How do you figure out these numbers?

Naqvi: I use an excel formula but it might get lost in translation.

Carlough: There was a minor error, friendly amendment

CONGRESSIONAL RESOLUTION NO. 910404

AS INTRODUCED

A Congressional Resolution Supporting the Collegiate Housing and Infrastructure Act;
and directing distribution.

WHEREAS: The Collegiate Housing and Infrastructure Act eliminates a distinction in existing tax law that would result in allowing tax-exempt charitable and educational organizations to make grants to non-University owned not-for-profit student housing entities that provide collegiate student housing; and

WHEREAS: The Collegiate Housing and Infrastructure Act would make college more affordable at no cost to taxpayers by offering a housing alternative less expensive than University housing; and

WHEREAS: The Collegiate Housing and Infrastructure Act results in safer student housing by encouraging charitable contributions to collegiate housing for installation of life saving equipment such as fire sprinklers, smoke detectors, and alarm systems; and

WHEREAS: Approximately 1,400 University of Oklahoma students live in non-University-owned not-for-profit housing during a collegiate year;

NOW, THEREFORE, BE IT RESOLVED BY THE UNIVERSITY OF OKLAHOMA STUDENT GOVERNMENT ASSOCIATION UNDERGRADUATE STUDENT CONGRESS:

Section 1: That all members of the United States House of Representatives and United States Senate support the Collegiate Housing and Infrastructure Act.

Section 2: Copies of this resolution shall be distributed to:

The Honorable, Thomas Allen Coburn, United States Senator from Oklahoma

The Honorable, James Mountain Inhofe, United States Senator from Oklahoma

The Honorable, James Frederick Bridenstine, United States Representative from Oklahoma

CONGRESSIONAL BILL NO. 910405

AS INTRODUCED

A Congressional Resolution requesting the state of Oklahoma to build a mass transportation system from Norman, Oklahoma to Oklahoma City, Oklahoma; and directing distribution.

- Whereas: A mass transportation system would help fuel the downtown Oklahoma City economy through providing a more efficient and effective means of transportation for the thriving university populace of Norman;
- Whereas: Through providing alternative means of transportation to the downtown metro area, the dense traffic on I-35 would be decreased,
- Whereas: Less traffic on the interstate system would allow for better and easier interstate commerce coming through the major interstates of Oklahoma City;
- Whereas: Less traffic on the interstates would cause less pollution allowing a more environmentally friendly form of transportation to Oklahoma City;
- Whereas: A mass transportation system from Norman to Oklahoma City would lay the ground work for further integration of the Oklahoma City area through further development to other surrounding suburbs;
- Whereas: A better connection between the suburbs and the downtown Oklahoma City area would bring the expansive space of the Oklahoma City metro area closer economic linkage;

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS THAT:

- Section 1: The student body of the University of Oklahoma requests the Oklahoma Department of Transportation to implement a mass transportation system from Norman to Downtown Oklahoma City; to help decrease traffic on the interstates and to provide a more environmentally friendly means to commute to the Oklahoma City downtown area.
- Section 2: Copies of this resolution will be sent to:
- Mary Fallin, Governor of Oklahoma
 - David Boren, University President
 - Moore City Council
 - Norman City Council
 - Oklahoma City Council

- Mick Cornett, Oklahoma City Mayor
- Mike Patterson, Director of the Oklahoma Department of Transportation

CONGRESSIONAL RESOLUTION NO. 910503

AS INTRODUCED

A congressional resolution supporting the use of Unmanned Aircraft Systems by University faculty, staff, and students at the University of Oklahoma, and providing distribution,

- Whereas: The Federal Aviation Administration (FAA) has written a set of policies to regulate appropriate and inappropriate uses of Unmanned Aircraft Systems (UAS) in the National Airspace System (NAS).
- Whereas: The National Transportation Safety Board (NTSB) has recently struck down the FAA's attempt to regulate UAS activities. The NTSB has nullified the FAA's policies since they were not created and passed through the traditional law making process and had not been complied with the requirements of the Administrative Procedures Act.
- Whereas: The FAA is working on a lawful set of rules and policies to regulate UAS activities. These policies are expected by the end of fiscal year 2015.
- Whereas: The University of Oklahoma has adopted a policy regulating UAS activities that is in concert with the recently nullified FAA policies.

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS THAT:

- Section 1: Until the Federal Aviation Administration (FAA) can produce a set of policies that are created through a formal law making process and in accordance with the Administrative Procedures Act, the elected representatives of the University of Oklahoma student body reject the current University policy regulating Unmanned Aerial Systems (UAS).
- Section 2: The elected representatives of the University of Oklahoma student body find that the current University policy is oppressive to hobbyists, cinematographers, researchers, and anyone else who finds pleasure or can conduct business through the use of an UAS at the University.
- Section 3: The elected representatives of the University of Oklahoma student body support a University policy regarding UAS activities that promotes safety without interfering with the activities and endeavors set out on by members of the University community. Also supported is the continuation of communication between the University and members of the University community that plan to use UAS for University sanctioned activities.

Section 4: Copies of this resolution will be sent to:

CONGRESSIONAL RESOLUTION NO. 910504

AS INTRODUCED

A Congressional Resolution requesting the expansion of existing Fair Trade goods to all dining locations on campus; and providing for distribution

Whereas: The University of Oklahoma already sells Fair Trade products in campus dining locations, the bookstores, and vending machines;

Whereas: There are on-campus organizations that promote the Fair Trade principles, philosophy, and mission;

Whereas: Norman is a Fair Trade Town, and as a community leader OU ought to uphold that commitment; and

Whereas: Most Fair Trade food products are comparable to, if not cheaper than, name brand goods;

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS THAT:

Section 1: The University of Oklahoma shall expand its current line of Fair Trade food products to include new products at the discretion of Housing and Food and shall have at least one offering in all dining locations on campus, excluding those with certain franchise contracts. Such products include: bananas, cocoa, coffee, fruit and vegetables, honey, juice, nuts and seeds, rice, quinoa, some spices and herbs, sugar, and tea. Integration shall be completed by the beginning of the Fall Semester 2014, and five percent of all University of Oklahoma food products shall be Fair Trade Certified food products by 2020.

Section 2: Copies of this resolution will be sent to:

CONGRESSIONAL RESOLUTION NO. 910505

AS INTRODUCED

A Resolution for more candy in SGA; and providing for
distribution

Whereas: Candy is delicious and in moderation counts as a valid snack, even for those who have diabetes,

Whereas: There are excess funds that need to be utilized,

Whereas: Candy used to be a staple in the Conoco Leadership Center,

NOW, THEREFORE, BE IT RESOLVED BY THE UNDERGRADUATE STUDENT CONGRESS
THAT:

Section 1: There be a constant supply of candy in the office of the Student Government Association in the Conoco Leadership Center available for consumption.

Section 2: Copies of this resolution will be sent to:
